—Mr. C. J. Martin and wife, of Omeme, are in town to-day.

—Mr. Walter Austin, of Haliburton was in town on business.

—Mr. Russell West, of Beaverton, was in town for the fair.

**Captain of Finance
Colonel of Militia**

Financiers are, as a rule, fighters—that is, successful financiers.

Some financiers are born fighters, some acquire a fighting spirit, and others have fight forced upon them.

Col. James Mason, general manager of the Home Bank, is a born fighter. He is Captain of Finance, and a Colonel in the Militia.

In both capacities Colonel Mason has seen active service and promotion.

When the old Toronto Savings Bank became the Home Savings and Loan Company Col. Mason, who had entered the former institution as a junior clerk, and had fought his way to the front, became general manager of the new corporation, and when later the Home Savings and Loan Company became the Home Bank of Canada, Col. Mason continued in command as general manager, a position he has filled with credit to himself and advantage to the Bank.

As a soldier Col. Mason saw active service as commander of No. 2 Company, Royal Grenadiers, at Batoche in the Reil rebellion. He was also on the Canadian Contingent at Queen Victoria's Diamond Jubilee celebration, where he had the distinction of being placed second in command of the Colonial troops.

For many years Col. Mason was a well-known figure at Niagara Camp, where he commanded the Fourth Infantry Brigade. In recognition of his valuable services in the Canadian militia, Col. Mason was a few years ago raised to the rank of a full colonel. He is now on the list of retired officers.

Death After a Scratch

Morris Quatzen, an eleven-year-old Windsor boy, fell off his bicycle and scratched his wrist. He thought nothing of the injury, but blood poison set in and he is dead.

Such incidents as these—by no means infrequent—ought to make people realize the danger that may lie even in the smallest flesh wound.

Take a simple illustration. When a knife, a rusty needle, a splinter of dirty wood, a barbed wire fence, or a thorn, scratches the hand, the latter is inoculated with germs, of which the air about us is full. Directly these germs are introduced through the breach in the skin, a battle royal ensues between them, and certain organisms in our blood.

The way to avoid serious results is to cleanse the wound and apply Zam-Buk. Zam-Buk is a powerful, yet painless germ-killer, and when applied to the broken skin is absorbed into the tissue, instantly destroying the germs that spread disease and inflammation.

As soon as applied to a sore or a cut Zam-Buk stops the pain and smarting. That is why it is so popular with children.

The flesh thus soothed and purified, the wound is made perfectly healthy, and all poison and cause of festering removed. Having done this, Zam-Buk then proceeds to heal the wound or sore, and new healthy tissue is built up in a quick, painless and perfect manner.

Zam-Buk must not be confused with ordinary ointments. Zam-Buk is a unique preparation, possessing antiseptic, soothing and healing qualities that are not to be found together in any other preparation. It is not only a unique healing balm, but it is also a skin food. For all diseases and injuries—cuts, bruises, burns, eczema, chafing, ulcers, ringworm, etc., it is without equal. It is also widely used for piles, for which it may be regarded as a specific. All druggists and stores sell at 50 cents a box, or post free from Zam-Buk Co., Toronto, for price. Harmful imitations should be always refused.

**Murder Case
At Assizes
At Barrie**

Barrie, Sept. 27.—The chief cases on the docket of the fall assizes, which opened here yesterday, were the Michael Fraser marriage case and the child murder charge against Mary Nolan and Thomas McNulty of Orillia.

Justice Britton briefly related the facts concerning the murder. The child was born at a house in Toronto on March 40. Soon after Mary Nolan left the city, carrying the child and a valise. She alighted at Hawkestone and started down the track to go to Rugby, as she stated. She who she told the story of being a married woman. He invited her to supper, and then driven to the station by a brother of Cokton. At the station she was seen to be without the baby, but still carrying the valise. It is alleged she had strangled the baby and hid it in the valise. This she afterwards threw into the river. It was found later in Lake Couchiching.

It is charged against the man, McNulty, that he was an accessory before the fact, having counseled the girl to the action.

There are 43 witnesses for the crown. Mr. Robinette will press for a reduction of the murder charge against the woman to that of manslaughter. She will be tried first and used as the chief crown witness against McNulty, who must fight the murder charge.

The Fraser case is an attempt by relatives of Michael Fraser, aged 80, to quash his marriage to Hannah Robertson, aged 50, under sensational circumstances. Fraser is wealthy.

**HYMENEAL
CROUGH—SCOLLARD.**

On Tuesday morning the 20th inst. a very happy event took place at St. Martin's church, Ennismore, when Mr. Timothy Joseph H. Crough was united in the holy bonds of matrimony to Miss Margaret Loretta Scollard, daughter of Mr. Jas. Scollard, both of this parish, and one of the most popular young couples in the township. The bride entered the church gracefully on the arm of her father, who gave her away. The ceremony was performed by Rev. Father Fitzpatrick, after which high mass was celebrated. After mass, as the young couple were leaving the church, Mrs. J. P. Flood who had presided at the organ during the ceremony, played a beautiful wedding march, accompanied on violins by Mrs. W. D. Cavanagh and Mr. J. P. Flood. The happy couple, followed by a host of admiring friends and relatives, drove to the palatial residence of the bride's father, where a well trained chef catered to the appetites of a multitude transported with joy and mirth. After spending a few hours intermingled with the pleasant associations of the party assembled, the bridal party drove to Peterboro and left by evening G.T.R. train for Buffalo, Cincinnati, St. Louis and Omaha, returning they will visit St. Paul, Chicago, Detroit and Lindsay.

The bride looked charming in a pretty frock of satin "presto" with handsome panel of ecru guipure lace, and graceful folded bodice caught into buckle of old material giving a most becoming line to the figure. She wore a veil of the Marie Antoinette type and a wreath of lillies of the valley and carried a bouquet of gypsophyllas. She was assisted by her sister, Miss Agnes, who wore a simple and ladylike gown of satin oriental with folded high waist belt and of finely tucked chiffon, and yoke of satin over shoulders and crescent shaped lace motifs edged with gold trim fringe, such at back of tucked chiffon edged satin, completing an extremely pretty empire gown with a beautiful black picture hat. The groom was assisted by his nephew, Mr. Stanislaus Moher, of Otletawa. The young couple received many beautiful and costly presents, showing in no small degree the high esteem which was held for them in the community. The groom's gift to the bride was a hall marked gold bracelet set with ruby doublets and rose point diamonds, complete in case, and to the bridesmaid a beautiful pearl necklace with paste jewel snap and to the groomsmen a fob of Peru gold. The young couple will reside at "Elmvalle Farm," Ennismore, and will be at home to their friends after October 15th.

**Verdict of Wilful
Murder Against Crippen**

London, Sept. 27.—A verdict of wilful murder was returned against Dr. H. H. Crippen by a coroner's jury at the conclusion of the inquest into the death of Belle Elmore Crippen yesterday. The jury was out only a short time. Miss Leneve, charged as accessory after the fact, was not included in the verdict.

Gaynor Not a Candidate.

New York, Sept. 27.—Mayor Gaynor issued last night for the first time a formal statement, saying that he is not a candidate for the Democratic nomination for governor. The mayor does not say, however, what course he will pursue in the event the nomination is offered him.

A FRIENDLY SUGGESTION.

(To the Editor of The Daily Warder)

Dear Sir,—As an old exhibitor who has always taken a great interest in the growth and development of our fair, it is indeed a pleasure to know that each succeeding year makes a continuity of successes. No wonder citizens enthuse in estimating greater attainments. In such a mood permit me to make a few friendly comments, also a suggested improvement to the board of management and interested public.

Of late years I notice a growing annoyance, and sometimes a loss as well, to large exhibitors of fruits and vegetables at the time of their removal from the hall. This, I think, occurs chiefly from a want of a better method of recognizing their own in the hurry scurry manner in vogue at the time of collecting, which in some respects might be designated a game of grab, for exhibitors seem to be possessed of a feeling that if they don't immediately get their own, some other person will.

Now, sir, I don't accuse anyone of intentional dishonesty, for it is very difficult at times to know your own, especially in sections where there is from six to twelve exhibits with the same kind of ticket (excepting the number, which is seldom remembered), same plates, and very often a close resemblance of fruit, and at the time of removal the light is not at its best in the building.

Under such conditions there is some excuse. The annoyance and loss is more liable to occur to the person with numerous exhibits and little help to collect in time to prevent mistakes. This little article is not intended to find fault with anyone, only to give a description of the manner in which it is done, and I think the parties interested in the removal will admit its correctness. The sole purport is to suggest some improvement by the adoption of the Toronto system, or form of entry ticket, described as follows: Length 5 inches, width 3 inches, top has the class, section, and number displayed, and below the full name and location of the exhibitor. This ticket is enclosed in an envelope with only the class, section and number in sight, with printed instructions on the envelope stating it must not be removed till the judging has been completed. After judging the envelope is removed showing plainly the exhibitor's name and location.

By this method every exhibitor would or should know his own, without any excuse for taking the wrong exhibit. This system would add additional interest to the public by the means of recognizing their friends and neighbors as exhibitors and prize winners.

Should the directorate decide to adopt this form of ticket I have one or two samples to give them.

All of which is respectfully submitted by yours truly,

W. M. ROBSON.

CAMBRAY.

Cambray, Sept. 26.—Many of our residents attended the fair at Lindsay on Friday and Saturday of last week, and were very much pleased with it.

Rev. Mr. Best, of the Presbyterian church, gave an excellent address on Tuesday evening of last week at the Epworth League meeting in the Methodist church.

Miss Graham, senior teacher in our school, has been engaged to teach all the pupils until another teacher is secured for the junior room.

Mrs. W. Hall left last week for Saskatoon, where her son has been ill with typhoid fever. We hope that he is improving so that he will soon be able to return home.

Mr. and Mrs. Dr. Howard, of Chicago, were the guests of Rev. Howard and family for a week.

Mr. and Mrs. Webster returned after spending two weeks visiting friends in Bowmanville and Toronto.

The farmers in this locality have nearly all finished cutting their corn.

Dogs make good friends. Dogs can't talk.

LARGE MOOSE.

A large moose paid Minden a visit on Monday. It came down through Mr. Wilson's property and was making its way direct for some place "down street," perhaps for a drink, but not being accustomed to the busy scenes of town life, turned at Mr. McIntosh's, went right through Mr. Mooney's wire fence into his garden and orchard and out over the hill to the south.—Minden Echo.

**Have You a Little
Fairy in Your Home**

REMEMBER that the restless and irritable condition of baby invariably results from the use of improper food or the lack of some desirable article for its comfort.
