A STUDENT IS MURDERED
Stabbed in Fight in Renfrew County
Colleen, Renfrew County, Ont., Aug. 31.—Grant Appleby, aged 37, a student in attendance at the Ontario Veterinary College, Toronto, who was spending his vacation with his parents, Mr. and Mrs. T. Appleby, Ross Township, was murdered last night immediately in front of the parental home by "Wild Pets" Collins, a farmer of the district.
Collins made his escape, and although posses have been out for hours, no trace of him has yet been found.
The murder was the direct result of a quarrel which occurred Thursday night in the village. Collins is said to have insulted Appleby, and the latter retaliated, a fierce hand-to-hand fight ensuing. Collins went for Appleby in a vicious manner, chewing his ear to shreds. Although the bigger man, Appleby contented himself with ending the quarrel speedily and the pair were separated by friends.
Collins evidently did not forget the incident and carried his hatred to great extremes yesterday. He has been known to be of a very vicious disposition and at times has been regarded as insane.
Early yesterday his brothers sent for his mother to assist in pacifying him, but in his rage he threw her out of the house and ordered her to keep away.
Last night about eight o'clock Collins went down the road in the direction of the Appleby farm. Grant Appleby, seeing him approaching, went out to meet him, with the intention of settling the dispute of the night before, which evidently from Collins' manner was unclesed.
As Grant approached, Collins drew a knife from his pocket and made a rush for him. Grant called to his brother Reuben for assistance, and the latter rushed at Collins. Grant Appleby also made for Collins and in the melee which followed was stabbed twice over the heart.
After receiving the wounds Appleby continued pummeling Collins, until the latter cried for mercy. The pair then separated, Appleby and his brother turning to their home and Collins making off down the road. Just as Grant Appleby reached the gate, he dropped to the ground and died in a few minutes.
Medical assistance was summoned, but Dr. R. Stuart, who arrived, said that his services were not needed, and Coroner Joseph of Penbroke was notified. An inquest will be opened on his arrival.
Collins is a son of Mr. and Mrs. William Collins of this village. He has been regarded as a peculiar character, although never before very dangerous, and for this reason was called "Wild Pets."
The Appleby and Collins families have always been friends, and the parents of the victim can assure the case for his sudden hatred of Grant Appleby.

SHAW'S SCHOOLS.
The Central Business and Short-hand school, Toronto, organized by Principal W. H. Shaw in 1892, with its four well equipped branch schools; the Central Telegraph and Railroad School and the Shaw Correspondence School, all located in Toronto, are now commonly known as "Shaw's Schools." These schools are doing a great work in training young men and women for business pursuits and a successful record of twenty years gives to these schools a long list of active graduates who are now controlling in part the commercial interests of our country. These schools are well known to be reliable in every particular and are worthy of the wide and liberal patronage they enjoy. See announcement in our adv. columns.

BIRTHS.
MAGWOOD—At Toronto, on Monday, Aug. 26, 1912, to Dr. and Mrs. Magwood, Dovercourt road, a son.

TENDERS CALLED
At the meeting of the town council held last night it was decided to advertise in the Lindsay newspapers and the Contract Record for tenders for the building of a new 36 inch tile drain, to replace the drain known as the Sussex-st., drain.
Some time ago the National Concrete Company received the contract to supply the tile for the drain, at \$1 per foot.
It is proposed to take up the present drain from the south-west boundary of the town through the park to Wellington-st., and to the river, which has been causing trouble for years past. The contract is a large one, but Engineer Smith contemplates rushing the work through as speedily as possible.

BIRTHS.
SAUNDERS—To Mr. and Mrs. J. E. Saunders, 61 Cambridge-st. south, on Aug. 28, a daughter.

LITTLE BOY WAS SUDDENLY TAKEN WITH DIARRHCEA and VOMITING
If you are suddenly taken with Diarrhoea, Dysentery, Colic, Cramps, or Pains in the Stomach, Cholera Morbus, Summer Complaint, or any Looseness of the Bowels, do not waste any time, but immediately procure a bottle of Dr. Fowler's Extract of Wild Strawberry, and it will cure you in no time. Mrs. H. L. Steadman, Pleasant River, N.S., writes: "A year ago this fall, my little boy was suddenly taken ill with diarrhoea and vomiting, and as our doctor is ten miles distant, it seemed as if I could not get help soon enough, but on going to the country store I purchased a bottle of Dr. Fowler's Extract of Wild Strawberry, and after the first dose could notice an improvement, and the next day the child was better and regained health. Since that time I always keep it on hand."
Insist on being given "Dr. Fowler's" when you ask for it. Price 35 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

SUFFERED EVERYTHING
For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.
Canadian women are continually writing us such letters as the two following, which are heartfelt expressions of gratitude for restored health:
Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine to compare with it. I had ulcers and falling of womb and doctors did me no good. I suffered dreadfully for years until I began taking your medicine. I also recommend it for nervousness and indigestion." — Mrs. HENRY CLARK, Glanford Station, Ont.
Chesterville, Ont.—"I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble.
"My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little specks would float before my eyes and I was always constipated.
"I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial." — Mrs. STREPHEN J. MARTIN, Chesterville, Ontario, Canada.

THE GOLDEN LANE
There's a little lane that goes
Roaming idly on its way,
And the sweetest wind that blows,
Tripped with honey-scent and rose,
Finds it early in the day.
Flower-plants that lovers know—
Amaryllis, waxen-fair,
Tulip goblets in a glow,
White narcissus crowned with snow,
Pink and lad's-love, blossom there.
None the less, if, over-bold,
One unworthily should tread
Here, the sun's unstinted gold
Would for him be chill and cold
And the flowers dull and dead;
But whoe'er with earnest heart
Welcome entrance would attain,
He must know that selfish art
Holds no privilege nor part
In Love's hallowed, golden lane!

SUNDAY SCHOOL, September
Weather as Told by Hicks
A regular Storm period is central on the 5th, embracing the 3rd to the 8th; by the 5th low barometer, raising temperature, cloudiness and gathering storms will appear in western sections, and during the 6th, 7th and 8th, rain threatening conditions generally, will pass in regular, progressive order eastwardly across the country. The probabilities are that the rainfall during these storms will be moderate. The barometer will not fall, as ordinarily, after the passage of these disturbances, giving a continued spell of very warm weather, except in the extreme northern parts of the country.
A Reactionary Storm period involves the 10th, 11th and 12th the moon being in perigee on the 9th, new on the 10th, and on the equator on the 11th. It must also be remembered that a maximum crisis of electric and magnetic unrest falls each year from the 8th to the 15th of September, being central on the 10th, very warm weather and unusual Look for great barometric fluctuation. This tendency will be greatly aggravated this year by the added force of the Moon's conjunction with the Earth and Sun on the 10th. magnetism will remain below normal, and magnetism. Auroral lights, phenomenal currents in telegraphic wires, thunder storms, volcanic outbursts and (seismic disturbance) are among the things to be expected. The crisis of this period will fall on the 10th, 11th and 12th. The centre of a marked (seismic period) is on the 10th, involving the 8th to the 13th. High barometer and much cooler weather with probable frosts northward from about the 12th to 15th.
A regular storm period is central on the 16th covering the 15th to the 20th. The barometer will fall temperature rise and renewed storms of rain and wind will pass eastwardly across the country during this period. Keep in mind that equatorial, or West Indian storms are probable at each or any of these September periods. The gulf coast regions should take special note of this fact. A sharp, brief rise of the barometer, stiff gales and change to much cooler, will follow on western flanks of these storms.
A reactionary storm period is coincident with the centre of Earth's autumnal equinox on the 21st, 22nd and 23rd. This period will, in a great measure fill the time between the preceding and succeeding regular storm periods, causing a prolonged time of threatening weather, with many violent storm areas passing from west to east over the country in regular progressive order.
A regular storm period is central on the 28th, extending from the 26th to October 1st. The Mercury period comes in at this time, the Moon is full, on the celestial equator, and at an (eclipse node) on the 26th. All these, being near the centre of Earth's autumnal equinox, call for very active and violent disturbances. Hurricanes in the south and inland storms generally, are to be expected a very low barometer anywhere, at this time will presage danger. The 26th is centre of a (seismic period), involving the 23rd to the 29th. Earthquakes will be reported in many directions. The month will end with change to very cool. In the extreme north and northwestern sections, rain will end in dashes of snow and sleet, followed by freezing temperature at night.

Copeland's Cure For Consumption gives a fighting strength as nothing else will. It is establishing a remarkable record as a life-saver. Read the following testimonials:
Mr. William R. Copeland:
Dear Sir,—For the benefit of other sufferers I would like to state that for fifteen years I have been afflicted with a severe cough and bronchitis. The last five years I have been getting worse, the doctors telling me my lungs were badly affected. After trying all kinds of different medicine, which never proved of any great benefit, I heard of your Consumption Cure and decided to give it a trial. I found myself greatly improved after the second bottle and continued its use. I have now taken twelve bottles in all and am most happy to say that I am entirely free from my cough and in good health. It will be a pleasure to recommend your excellent medicine to others and to tell them that the good it did me.
Wishing you the success its merits deserve. Yours gratefully,
