

SOWING HIS WILD OATS REAPING A HARVEST OF SORROW

How many young men can look back on their early life and regret their misdeeds. "Sowing their wild oats" in various ways. Excesses, violation of nature's laws, "wine, women and song"—all have their victims. You have reformed but what about the seed you have sown—what about the harvest? Don't trust to luck. If you are at present within the clutches of any secret habit which is sapping your life by degrees; if you are suffering from the results of past indiscretions; if your blood has been tainted from any private disease and you dare not marry; if you are married and live in dread of symptoms breaking out and exposing your past; if you are suffering as the result of a mispent life—DRS. K. & K. ARE YOUR REFUGE. Lay your case before them confidentially and they will pay you honestly if you are curable.

HYMENEAL. WALKER-MORROW. The beautiful home of ex-Mayor George W. Morrow, Peterboro, was the scene of a very happy and interesting event on Wednesday, Aug. 28, when his sister, Mary Isabel, was united in marriage to Mr. Duncan Walker, B.A., principal of the Normal School, Peterboro.

Dr. Morse's Indian Root Pills are just the right medicine for the children. When they are constipated—when over-indulgence in some favorite food gives them indigestion—Dr. Morse's Indian Root Pills will quickly and surely put them right. Purely vegetable, they neither sicken, weaken or grip, like harsh purgatives. Guard your children's health by always keeping a box of Dr. Morse's Indian Root Pills in the house. They keep the children well.

REORGANIZED The National Concrete Manufacturing Company has been reorganized with increased capital stock and will henceforth be known by the above name with the word "Limited" added. The incorporators are Howard W. Pogue, dentist, William Flavella, gentleman; Albert Edward Maybee, electrician; John Carew, lumberman and Thos. Hubert Stinson, barrister-at-law, all of Lindsay. The reorganized firm will carry on the same line of business as at present, the manufacture of cement, drained tile, roofing tile, concrete sewer pipes, building blocks, chimney blocks, window sills and all lines of cement and concrete articles. The capital stock is \$75,000 divided into shares of \$100 each, the headquarters are at Lindsay and the provisional directors are Messrs. Pogue, Maybee and Carew, above mentioned.

Demijohn Lamps. A couple of old wicker covered demijohns are doing duty this summer in a new seaside bungalow as the bases of lamps. One of them received only a thorough cleaning before being pressed into service; the other was treated to a coat of brown enamel paint. On the light one has been fitted a spreading wicker shade and on the brown one a Japanese openwork shade lined with yellow flowered chintz. The latter stands in the family sitting room, which is done in brown and buff, and the former illumines the veranda from a wicker table at the window to which the electric light cord can be extended. Both demijohns, of course, are weighted so that they cannot topple over easily.

Ontario Liquor License Act. LICENSE DISTRICT OF WEST VICTORIA. Notice is hereby given that Arthur G. Simpson of the town of Lindsay, in the County of Victoria, hotel manager, the executor of the last will and testament of William H. Simpson, late of the said town of Lindsay, hotelkeeper, deceased, has made application for the transfer to him as such executor of the hotel license for the premises on the south east corner of Kent and York-sts., in the said town, known as the "Simpson House" hotel, and that said application will be considered at a meeting of the Board of License Commissioners, to be held at the office of the License Inspector for the said district in the said town, on the 7th day of September, A.D. 1912, at the hour of two o'clock p. m.

Needed For Guest Room. A sewing case for a guest room can easily be made at home from a five pointed star shaped straw mat six inches in diameter. In the center of the mat put a pincushion of satin ribbon an inch in diameter and an inch high, tightly stuffed. This is made by cutting a round of satin for the top and sewing to it a band of the ribbon five inches long and two inches deep to allow for seams and turning in at the bottom. Make a star from five strips of ribbon, each two inches long, turned in at one end to form a point, and arrange the points from the center of the mat so the points come between its points. In the center of this ribbon star sew the pincushion, taking the stitches firmly through the mat, and on one side make a thumb case of the ribbon to hold a white bone thimble. On two of the four points of the straw mat fasten a spool of white silk by running inch wide satin ribbon through it and trying in a small bow on the outside. On the other two points fasten spools of colored silk to match the ribbon trimmings. To the fifth point fasten a pair of small scissors by a loop of No. 1 ribbon, ending in a many looped bow.

SCOUTS HAVE THEIR INNINGS BANQUET FOR THE PREMIER

The Dibe Reviews a Remarkable Gathering of Boys Mr. Borden to be Given Ovation at Toronto

Toronto, Aug. 29.—It was indeed a thing of splendor to see 2,700 Boy Scouts from the four corners of Ontario reviewed by royalty yesterday, and the Duke of Connaught's comment, "I am proud of you," when he addressed the boys, was likewise the sentiment of over 12,000 people who witnessed the stirring spectacle. It was the most outstanding event that has happened in the history of the movement in Canada, and the scouts were prepared, as they always are. They showed the stuff that they are made of. They performed feats that the grown-ups would not even attempt to do, because they were never taught.

The fact that it was "Children's Day" made the review of the boys a greater feature. Probably 10,000 children alone witnessed the gorgeous ceremony. There were exactly 80 troops which marched by the duke, and 50 of these were from outside towns. Even with such a turnout it did not comprise any more than one-third of the entire force of Boy Scouts in the province, which gives a clear conception of the grip it is getting on the young life of the country. Commander H. G. Hammond and Adjutant G. S. Gibbons were responsible for the great event. The scouts had never before the chance to show what they could really do before the public. And when they built huts, pitched tents, erected bridges, put up a wireless station and were responsible for the great event. The scouts had never before the chance to show what they could really do before the public. And when they built huts, pitched tents, erected bridges, put up a wireless station and were responsible for the great event.

The duke, accompanied by his staff officers, Commissioners Eaton, Marshall, Kent, George and Wilson, and Mayor Geary, Hon. G. E. Foster, W. K. McNaught, M.P.P., and other notable people, walked on to the stage of the grand stand show and there walked up and down the line. The duke was seen stopped to chat to the boys, many of whom wore the "silver wolf," the highest decoration for efficiency in the movement. After the inspection the scouts sang their gospel song, "Be Prepared." Previous to his address Scout Campbell of Toronto was brought out and introduced to His Royal Highness, who placed the green and white ribbon, which is an emblem of general proficiency, or that of a qualified member of the "Order of the Silver Wolf," around his neck.

In his speech the duke said: "Boy Scouts of Ontario, I wish to tell you how pleased I am to meet you today, and how proud I feel as chief scout of Canada in having seen you on parade. You belong to a new, and I believe, one of the best organizations we have ever had. You are taught all that is noble, manly and Christian for the rising generation of boyhood. I feel convinced that there is not one of you who is not a credit to your country. You are not proud of the creed of a Boy Scout and who is not prepared to carry out fully the instruction given to him."

Following this the scouts showed what they could do. They were seen pitching tents, building huts, making mattresses, erecting bridges, signaling transmitting and sending messages by wireless telegraph and several other things. In the competition for general appearance and proficiency Troop 14, Centennial Methodist Church, Toronto, won the Kent Cup, presented by J. G. Kent, president of the Exhibition. Chatham, Ont., won the silver bugle presented by R. S. Williams, Toronto. H. C. Hantz, Hants, Ontario, was the recipient of three silver trays from the coronation troop which visited England last year, as a token of their appreciation.

Parents Arrested. Toronto, Aug. 29.—Following the verdict brought in by the jury under Coroner Graham last night at the inquest into the death of the infant daughter of Mr. and Mrs. H. Briscoe of Colborne, Ont., who died on the train from Colborne to Toronto about a week ago while being brought to the city, Acting Detective Neill arrested the father and mother of the child last night. Both were held in No. 10 police station. The verdict rendered was that the child came to its death through criminal negligence on the part of the parents.

Carpenter Is Killed. Toronto, Aug. 29.—John Lejboune, a carpenter, employed at the Coughlin Farm, met death yesterday by falling 35 feet down the improvised elevator shaft, which is used for the purpose of carrying the concrete to the different floors of the buildings.

Dies Aged 101. St. Catharines, Aug. 29.—John Whimney is dead at the Lincoln County Industrial Home near here. He was 101 years of age, and would have passed the 102nd milestone on Halloween next. He came to this locality from Braebridge.

Deaths. EMBURY.—On the 25th, in Harvey, Emeline Embury, aged 44 years, wife of Julius Embury. CAIRDUFF.—On the 26th, in Harvey, Mary Ann Cairnduff, aged 52 years, wife of Herbert A. Cairnduff.

IF YOU WISH TO BE WELL YOU MUST KEEP THE BOWELS OPEN. Any irregularity of the bowels is always dangerous, and should be attended to at once. If the bowels cease to work properly, all the other organs become deranged. Milburn's Lax-Liver Pills work on the bowels gently and naturally, and will cure the worst cases of constipation. Mrs. J. Hubbard, Port Colborne, Ont., writes: "I have tried many remedies for constipation and never found anything so good as your Milburn's Lax-Liver Pills. We always keep a vial in the house, for we would not be without them. I always recommend them to my friends." Milburn's Lax-Liver Pills are 25 cents per vial, or 5 vials for \$1.00, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A Paris Chemist Has Discovered How to Grow Hair

A PARIS CHEMIST HAS DISCOVERED HOW TO GROW HAIR. In Paris the ladies have entirely abandoned wearing hats, which is due entirely to this new discovery. It has been proven that Henna leaves contain the ingredients that will positively grow hair; that they contain this long-sought-for article is proven every day. The French are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale. This preparation is called Salvia and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daintily perfumed, Salvia makes a most pleasant dressing, and is sold by your druggist. A large, generous bottle can be purchased for 50 cents.

FORMER LINDSAY ADVANCED

New Westminster, B.C. exchange: Chief of Police George T. Bradshaw, who has been prominent in connection with the apprehension of one of the principal suspects in the famous robbery of the Bank of Montreal in this city last September, has demonstrated during the eight years he has been connected with the police department, tact and ability combined with good judgment and integrity, which are the peculiar qualifications of a police officer, holding the most responsible position in this department of civic affairs. Chief Bradshaw has just returned from Los Angeles, with Chas. Dean, suspected of complicity in the robbery of the Bank of Montreal, having had an arduous trip. It was necessary to use tact and vigilance, while passing through the different states, in order to prevent Dean's lawyers from entering further appeals.

Coming here from Rossland, where he had served on the police force for six years, the chief accepted a position as jailer, and at that time showed that he was a painstaking official. He worked his way up through the ranks as sergeant, detective, and under ex-Chief McIntosh served as acting chief and detective. When Mr. McIntosh resigned, Mr. Bradshaw was appointed his successor. Chief Bradshaw has a record for honesty and impartiality in the discharge of his duties and, in an eminent degree, has earned the confidence of the police commissioners. The department has been hampered by the lack of proper accommodation and appliances, and of a police alarm system or patrol, and the city lock-up is considered inadequate. Regardless of these facts, however, the number of convictions for the past several years, compare favorably with any city of the same size in Canada or in the United States. Chief Bradshaw has been frequently complimented by prosecuting attorneys, for the manner in which he has unreserved cases.

Chief Bradshaw is a brother of Mr. Arch. Bradshaw, fish and game warden, of Victoria county, and an uncle of Mr. Robert and Mr. Jas. Browne of Peterboro. He is an old Lindsay boy and has a number of relatives here, he having been born in the Victoria county goal. His rise from the ranks of the Lindsay force to the position of chief of New Westminster is an evidence of his ability.

Makes a World's Record. Ottawa, Aug. 31.—Captain A. W. Hay, of the 8th Royal Rifles, Quebec, made a world's record for rifle shooting at the D.R.C. yesterday morning, with 21 straight hits. Captain C. R. Crowe, of the 30th, Guelph, last year's winner of the Governor-General's prize, scored 304 in the first stage of the same match, completed in the morning, only one point behind Captain Hay's wonderful score. Leading winners yesterday were: Governor-General's competition, first stage, 200, 500 and 600 yards, seven shots at each, Captain A. W. Hay, 8th Royal Rifles, Quebec; possible, 105. Staff Sergeant C. R. Crowe, 30th, 104; Staff Sgt. A. Hawley, 90th, 103. 103—102—Lieut. A. O. Anderson, Toronto. Lieut. R. Marlon, 103rd; Lieut. T. G. Gibson, 13th R.R.

C.P.R. Men Get Increase. Ottawa, Aug. 31.—The conciliation board, appointed by the Dominion Government in the dispute between the Canadian Pacific Railway Co. and its station agents and telegraph operators, have rendered a decision granting a ten per cent. increase, the same to be divided between the agents and operators as their services may warrant, the importance of a station varying from time to time. The arbitrators were P. McDonald of Woodstock, Ont., J. G. O'Donoghue, Toronto, and J. E. Duval, Montreal. The decision is a compromise between what was asked and what the railway company was willing to give, and it is likely will prove acceptable to both parties.

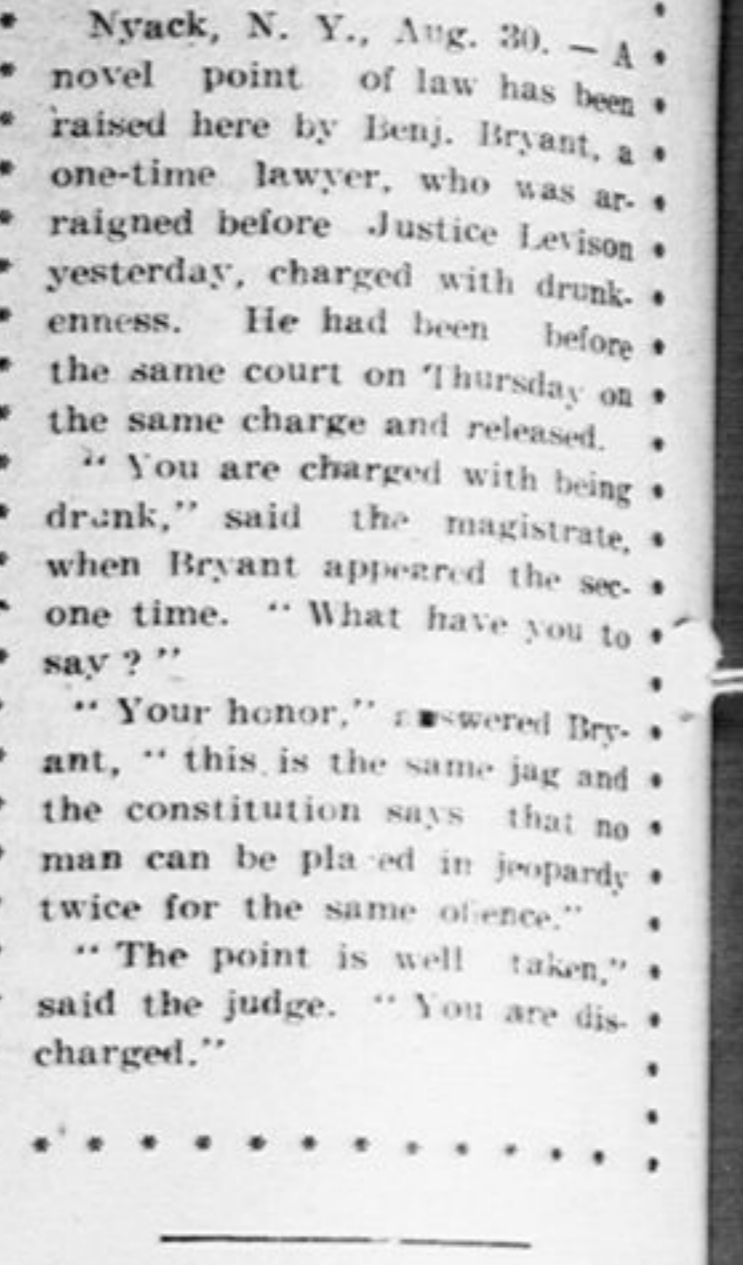

Farmers Busy In the West Men Scarce. Winnipeg, Sept. 2.—The weather map of the Canadian prairie west for last week was ideal, almost every district reporting brighter skies and drying winds, while on neither Saturday nor Sunday night did the temperature drop below 34. As a consequence farmers are putting in a busy Labor Day, and the whirr of the binder, after practically a week's suspension through dampness, is again heard in every district. Every indication points to the weather having set in for fair, and if this is maintained during the current week a tremendous hole will be cut in standing grain. The difficulty is to find labor sufficient to throw it up into stocks, and with sheaves lying on the fields farmers will be little better off than if the grain was left standing. Practically every available unemployed man in this city has now been drafted out, and the Labor Day parade this morning was remarkable for the absence of the usual crowd of idle hangers-on to the skirts of organized labor. More harvest trains are expected from the east to-morrow and Wednesday, and the men on these will be rapidly distributed. Owing to high wages and great demand for labor south of the international boundary, the quota of harvesters furnished from there has been disappointingly small.

The Minister of Education officiated at the opening of the new Victoria public school at St. Catharines, and the new gymnasium and Assembly Hall of the Collegiate Institute. James S. Doboe has left Cochrane with five Indians and two white men to lay out Indian reserves at Albany and Moose Factory.

Graphite Company Erecting New Mill. Harcourt Correspondent to Minden Echo: The New York Graphite Company are building a large mill on lot 11 in con. 22 Cardiff and we are afraid that our small burg will move west to the graphite works, where it is said they have enough first-class graphite to keep their mills going for many years. While testing for graphite, the drill passed through a two foot vein of silver which may result in our country becoming as famous as Cobalt for its silver deposits. The graphite is known to extend four or five hundred acres. One of the best features of the situation is that the railroad practically passes through the property, and we believe this whole region is rich in minerals.

Snow Drifts In Canada. Many Canadian farmers are gradually discarding the heavy fence rails which had surrounded their property for decades and are erecting serviceable wire fencing. The time is not far distant when municipalities will demand the removal of all rail or board fences along the public highways of the Province of Quebec for the reason that these form a barrier for drifting snow, and it is almost impossible to maintain a good winter road where they exist.
