HAPPENINGS ABOUT TOWN

Items Gleaned From Local Sources

Little Local Lines: -The Emily and Verulam fall fair prize lists arrived too late for this issue. Will appear next week. -Remember the grand rally in the Young Conservative rooms over Blackwell's this (Thursday) evening. -Dr. McCullough, eye, ear and throat specialist, at the Simpson house, Lindsay, every Wednesday, 5-7 yr. -The Conservative committee rooms, first door west of the post office, will be opened Saturday evening with a grand rally. -On Tuesday Mr. W. Donoghue was shingling Dr. Foole's stable. He stepped on a loose shingle, slipped, fell to the ground and broke his left arm. -The corner stone of the new Presbyterian church at Boboyagon will be laid this afternoon. The erection makes a double trip for the convenience of those who want to go down. -While Mr. Cameron Finlay was working around a machine in his father's mill yesterday, his hand was drawn in between a cog wheel and the wall. The thumb and two fingers next to it were badly injured. -The fire brigade, under Chief Crandell, made a test of the fire protection at Beal's tannery on Tuesday. The new main reaches, with 400 feet of the tannery, and Mr. Beal complained that it was too far away to render effective protection. With a three-quarter inch nozzle one stream was sent clean over the buildings, but with a larger nozzle or two streams, the water would not reach the roof. -It is reported that arrangements are being made to bring Mr. Frederick Hamilton here to deliver his popular illustrated lecture on the South African war. Mr. Hamilton was the Globe's correspondent and saw the thrilling fighting of this greatest conflict in modern times. He is lecturing to crowded houses and it is to be hoped he will be secured for Lindsay. -The sittings of the registrars of voters will be held on Tuesday and Wednesday, the 16th and 17th October, next, 1900. The hours of sittings will be from 10 to 6 on Tuesday, with intermission from one to two, on Wednesday from 10 a.m. to 9 o'clock p.m., with intermission from one to two and from 6 to 7:30 p.m. Every one not now upon the voters' list who is 21 years of age and has resided in Ontario 12 months and in Lindsay three months, is entitled to a vote. -One last week a farmer went into A. J. Soanes' fruit store and engaged in conversation. His companion remained outside. While talking to the former, Mr. Soanes saw through the window that the other was taking peaches from the stand and putting them into his pocket. He asked the man he was talking to if the culprit was his friend and was answered in the affirmative. He then went out and made him disgorge and told him that but for his being a friend of the other man, he would have handed him over to the police. -Wednesday afternoon of last week Miss Edith Batisby, sister of Mrs. S. B. Lindsay, town, was married at Peterboro by Mr. W. J. Thompson, of Davis, Thompson & Co. Rev. Dr. Torrance performed the ceremony in the presence of a goodly number of invited guests. At the repeat that followed the ceremony, a dinner set for 85 years old, formerly those of the bride's great grand mother, was used. The presents to the bride were costly and very handsome, the groom's being a gold watch and the roomsmaid a beautiful silver tea service. -On Saturday fire was discovered in Mr. James Bryan's barn, southwest of Cannington. Nothing could be done to save the barn or contents, as the fire made such rapid headway. It was soon discovered that Catherine Mary Bryan, aged about 25, daughter of James Bryan, was missing. Miss Bryan had been for some time slightly demented, and it was surmised that the missing girl was in the burning barn. Mrs. Bryan, mother of the unfortunate girl, tried to get into the barn to save her daughter, but her effort was useless, and she narrowly escaped from the flames. When Miss Bryan heard that her father was contemplating taking her away for treatment she evaded her mother's vigilance, went out and set fire to the barn and then went inside. It was not until Sunday morning that the ruins were cool enough to start a search, when the skull and a few bones, which were all that remained of the unfortunate victim, were found. Dr. Bingham, coroner, granted a permit for burial. -He had fisherman's luck. An individual who is usually given to navigating the waters between Boboyagon in a punt had an interesting time one evening last week. He was up Noyce's creek putting out a net. Now this is against the law. Two natives of that region caught sight of him and secreted themselves in the brushwood nearby. When they had completed his task, the man of breaking the law, he and his accomplices stepped into a canoe and made for where one end of the net was fastened. He devised their intent was frustrated, and a tug-of-war ensued. The one of the punt was getting on the west of it and stood up in his craft to work to better advantage. Meanwhile he was being towed into the middle of the river. While he was pulling with all his might the other men let go, swam ashore and back into the water. He swam ashore and loaded the adjacent air with unlawful discourse, while the net settled to the bottom and his persecutors made their way out of harm's reach. A Cheap Trial Trip. The Watchman-Warder and the Weekly Montreal Family Herald, or the Weekly Empire, until Dec. 30th, 1900, for 40 cents to new subscribers. Send in money and names at once. Public Meetings. The intrusion of the works of Satan into the best things of the world was clearly brought out, and the means of defence outlined. -Rev. H. J. Hamilton, B.A., returned missionary from Japan, who last visited Lindsay about 8 years ago, will preach Lindsay and evening in St. Paul's church on Sunday next. It is expected that he will give an address and exhibit some curios in the school room on Monday evening. -Proposed services are being held tonight by the united congregations of the Queen-st and Cambridge-st.
