usual festivities. The chickens located there are chief revellers. They belong to there are shortly Dandas and Flavelle Bros. and are shortly to be given a trip to the Old Country. In the meantime, they have nothing to do the meantime they have nothing to do the meantime. Even the ordinary task of eating their victuals is not required of them. These victuals are pumped in o them at the store. proper hours and in the proper quantities. A rubber tube connects the feed hopper with the fowl's throat and a stroke of the pump does the rest. This is the cramming system and well becomes its name. It is a common thing in Europe, but newly introduced here.

-The water commissioners held a special meeting on Tuesday afternoon. All were present and Manager Begbie. Various accounts were passed including one of \$800 for iron pipe for the recent extensions. Secretary Hopkins read several letters received from and written to Mr. Bell of the G.T.R. re the water supply. Mr. Hopkins told Mr. Bell that his "jollying" methods would no longer take the place of talking business and coming to a face to face discussion of the question at issue. Mr. Bell replied that Mr. Hopkins had written too severely and said that the company thought of putting in its own service here. The matter will stand till next meeting when definite action will be taken by the commissioners. In the meantime the price of metres for the G.T.R. services is to be found out.

-On Saturday morning a team and wagon belonging to Mr. Jos. Bradley of Omemee made good time between the skacing rink and the Creamery via Kentst. Mr. Bradley was unloading chickens for Mr. Flavelle at the rink. A young lad was holding the horses. Parker's automoble whee'ed along and the animals took fright. Mr. Bradley was able to get hold of only one line. He held this till he was thrown off his feet and struck by the wagon. Then the line broke and away went the horses. At the Creamery they got free from the wagon and near the -Dr. Rossiter, representative secretary station were caught. A little girl had a station were caught.
