A large number of our citizens visited Lindsay during the central exhibition. The train took seven coaches and the Crandella took a good crowd. The thanks of the public are due to the ladies of St.

Our local millinery openings took place last week. At Mrs. Campbell's show room, presided over by Miss Archer, some very beautiful hats are to be found, the new flat shapes being particularly fetching. Last Wednesday evening Miss M. Roberts and Mr. Wm. Webster were united in matrimony at the residence of the bride's uncle Mr. Thos. Roberts, by the Rev. Wm. Farncombe. A number of intimate friends witnessed the ceremony and the presents were numerous and very beautiful, as both contracting parties are very well known here.

The Gold Medal was captured by the Province Against Two Continents.

The Globe: Ontario cheese has triumphed at the Pan-American, where it was in competition with the whole of North and South America, and won the gold medal offered by the exposition. The victory is notable and is one more tribute to our dairymen and to the officials who selected the exhibit. The Department of Agriculture of Ontario Dairymen's Association sent over at different times during June, July and August 140 boxes of cheese which were scored by expert judges. The exhibits were the product of 57 factories of Ontario, situated in both east and west, and included a fine lot from the Ontario Agricultural College. According to the rules of the Exposition, any exhibit scoring 94 points or over would receive a diploma and of the Ontario August cheese, which was last scored, only one package failed to reach this standard, while some of the packages scored as high as 99 1/2 per cent.

Provision was also made in the rules and regulations that an award will be made to the state, country or province having the greatest aggregate score on its individual exhibits of dairy products, and an award made to the exhibitor receiving from the judge the greatest aggregate score on his exhibits from each such state, country or province.

The award decided upon by the Board of Jurors was a gold medal, and at the meeting held last week this gold medal was awarded to the province of Ontario. Only one gold medal was awarded, and the cheese-makers of the province are to be congratulated on having secured this high honor.
