A TEACHER'S WORRIES

FRDQUENTLY RESULT IN A BREAK-DOWN OF AEALTH

From the Review, Windsor, Ont.

Headaches, Backache, Dizziness, Poor Appetite and Insomonia the Outcome -How to Avert These Troubles.

Only those engaged in the teaching profession realize how much care, worry and perplexity is met with daily. It is therefore little wonder that there is so many health breakdowns, especially among young ladies who follow this calling. Miss Christine Pare, of Ojibway, Ont., is one who has suffered much in this respect. To a reporter of the Wind-I was continually troubled with icines, but got no relief. I got so badly run down that I thought possibly a change of employment would give me relief. 1 gave up my school and tried other duties, but

the result was disappointing as the trouble seemed to have taken a firm hold upon me. The headaches grew more and more severe, my appetite failed me and I was frequently compelled to take a rest in order to over come dizziness. A friend advised me to try Dr. Williams' Pink Pills. I decided to try a box and before they were all used I found much relief. I continued taking the pills for some time longer, every day gaining new health and strength, and now I feel

well as ever I did in my life, and never bothered with the old troubles. You may say therefore that there is nothing I can recommend so highly as Dr. Williams' Pink
