J. RIGGS

TOBACCONIST AND FANCY GOODS DEALER, KENT-ST., LINDSAY

A Tilsonburg Butcher

Pins his Faith to Dr. Pitcher's Backache Kidney Tablets

Mr. C. H. Parker, Tilsonburg, Ont., the well-known butcher of that town has been using Dr. Pitcher's Backache Kidney Tablets for a backache and kidney trouble that had been bothering him. When asked to give his opinion of these Tablets, he made this statement:

"During a recent, sudden and sharp attack of backache and kidney trouble, due to cold caught in the shop, I was induced to try Dr. Pitcher's Backache Kidney Tablets. I got a bottle and after I had used half of them the pain was gone. This I think is rapid enough results for anyone. I think they are a mighty good medicine."

Dr. Pitcher's Backache Kidney Tablets are the newest and most effective remedy for backache, lame or weak back, Bright's disease, diabetes, dropsy, puffiness under the eyes, swelling of the feet and ankles, gravel, rheumatism, specks floating before the eyes.

THIS YEAR'S CENTRAL FAIR

(Continued from Page 1.)

wagon was an attractive rig. The buggies were trimmed in leather, fancy silks and car plush. Their paint and finish were in plain, mottled and graining, and were especially fine. One was sold to each of the following: Willard Curtis, Ops; J. J. Elliott, Ops; John Cox, Minden; and J. L. Laidley, Omeas. The cutters were in 5 different styles and in design, material and finish were certainly superb rigs. They were bought by W. B. Graham, Ops; J. Dummett, Halmurton; and Jos. McFosters, Bobcaygeon.

The wagon with three-inch tires was finished in natural wood and was sold to Mr. Newton Smale. Mr. Sinclair scored a great hit with the people of the county by his magnificent exhibit.

JOHN BLACKHURST

North of the auxiliary flower exhibit on the east side was a display that for size and artistic arrangement was equal to any in the main building. It was a display of boots and shoes, and was made by Mr. John Blackhurst, successor to Finlay and Chandler.

Mr. Blackhurst is a practical man who for years worked at the trade and afterward was a traveller for some of the best Canadian houses. As a result he has been able to do great things with the business here since he took hold of it. His skill is shown in the choice selection of footwear that he keeps, and by having sufficient capital he has been able to buy heavily, and by paying cash, to save discounts of which his customers get the benefit.

SYLVESTER'S IMPLEMENTS

The Sylvester Manufacturing Company had an exhibit of implements, the chief feature of which was their cultivator. It may be that the farmers of this district do not realize what an effective implement the Sylvester people have supplied them in this cultivator. No other is so perfectly adapted to the methods of modern scientific agriculture. It is an implement that cultivates the land in the most thorough fashion; it will break up and pulverize the most stubborn land—and it will ridge up the soil more accurately than it can be done by any plow and many times faster. The cultivator is not choked in stubble or rubbish for the frame is so high and the teeth so far apart that what usually clogs in a cultivator is no inconvenience. It is easily tilted to work at any required depth. For the surface cultivation, so much in vogue now—a-days the Sylvester is the king of implements. The ribbing up attachment is a great boon to those who like to leave their land in that shape in the fall or who have seeds to sow in drills.

PILKIE BROS.

There were some fine exhibits of bakers' bread. The leading bakers of town competed, and after a careful examination the judges awarded the first prize to Pilkie Brothers, those young bakers who have made such headway in the business during the past two years.

One reason for their success with the public and at the fair is their ideal plant and equipment. It is up-to-date and so wholesome as to invite the visitor to buy the bread made in it in preference to that of most competitors. The plant is new, new lumber, new cement, new ovens; the equipment is as bright and clean as the most fastidious could ask. Many people declare that their bread is superior to that which is imported from Toronto. Home-made bread is a specialty with Pilkie Brothers. Their trade is steadily increasing and it seems likely that it is only a matter of time before competitors at home and abroad will be clearly second to our enterprising young townsmen. They have the capable assistance of Mr. Robt. Marshall, an expert baker.

OTHER INDUSTRIES

His display at the fair included heavy and light footwear, leggings, rubber goods, trunks, valises and kindred lines. The famous Sovereign Shoe is a great favorite with both Mr. Blackhurst and the public. Mr. Blackhurst has gone about it to keep his business before the public and deserves success.

The U. S. Cream Separator for which Mr. W. H. Clendeman is agent, over Canada and is sold here by Mr. Dawson were both on exhibition.

Mr. Geo. Ewart had a fine exhibit of sewing machines. By an accident George was unable to get his pianos into place. Small electric motors kept some machines in operation and those who know the White and Raymond were never more proud of them than when they looked at the fine display inside the south door.

The Raven Lake Cement Company was well represented by an exhibit in charge of Mr. Geo. Jordan local agent for the company's stock. The exhibit consisted of a block of the marl, a box of blue clay from the company's deposits, and ornamental hollow blocks of Portland cement as it is used for building purposes.

Upstairs Major Martin of the Victoria Steam Laundry made a very suggestive exhibit of laundered goods.

ances on roller skates, wheels and on the unicycles were possible only to an expert. The one-legged men were gruesome acrobatic wonders. The boy dancer was clever and gave a wholesome exhibition. Scarcely as much can be said for the clever child contortionist. She won just applause and more — for to see extreme youth giving such performances was pathetic. It would be better to rule out that sort of entertainment in future.

IN THE HORSE RING

There was a great showing of fine equines. Some magnificent animals were on parade in the heavy draft class. Dr. Broad, the local veterinarian exhibited his fine Clydesdale, Granite Lad and Knight of St. Andrew's, the latter being very much alive. Mr. James Webster showed a fine specimen of the same breed in the class for two-year-old entire colts. In the brood mare and fold contingent, some high-class entries were made. Mr. J. H. Hopkins showed a fine draft mare, S. Marshall with foal by side. Mr. John Sluggett of Mount Horob a rattling good Thistle mare with Puritan foal by side. In the one, two and three-year-old contingents several fine colts were shown by Messrs. W. Mitchell, Geo. Ward, Robt. Eagleson, James Webster, Thos. Cameron and others. Two fine matched teams owned by Mr. Geo. Ward and Mr. Thos. Crawford of Carden proved a knotty question for the judges. This class was the best in the fair.

In the general purpose contingent there was the usual display of animals bred in many different lines of cross-breeding. The first honors for brood mare with foal at side went to Mr. S. Marshall's bay mare sired by the German coacher Elias, while Mr. Geo. Ward was a close second. There was also a keen contest in general purpose teams and certainly Mr. Davidson had his work cut out for him when it came to making a decision. Mr. T. Graham's fine pair of matched greys, Mr. Finot won the decision over Mr. Geo. Maloney's rare good pair of bays sired by Craichmore Darnley while Mr. John Brock's matched brown team were a worthy third prize. The usual contingent of one, two and three year olds were in evidence and many useful animals were to be found among them.

There was a good display of high-class carriage horses and roadsters. While perhaps the entry list was hardly so numerous as in previous years, the quality and standard of those shown was much higher. In the aged stallion class Keswick 2.184 was very much in evidence and as a high stepper cannot be beaten in Canada, while as a sire the quality of his progeny could be seen on every side. In the brood mare with foal by side Mr. Isaac Laidley was first with a good Canadian Star mare and Hawley Chimes foal, Mr. Josiah Ball securing second with a very good mare of the roadster type, with a Keswick foal by side. For foals of 1902 the same pair of colts were exhibited when Mr. Ball reversed the order of things and secured first place. The two-year-old division contained some promising colts. Mr. W. G. Morrow won the red ticket over Mr. Wm. Thorndike's Haltoner. In the class for one-year-old fillies and geldings Mr. Isaac Laidley secured the honors with a fine Keswick colt over Mr. Wm. D. Downer's chestnut by the same sire.

In the class for single drivers over 15 1/2 hands Mr. Thos. Bowes of Oakwood came first with a fine bay gelding, Mr. Jas. Bushel of Mount Horob secured second place with a free stepping pacer sired by Dr. Carver. Mr. T. W. Blackwell's rangy three-year-old chestnut by Keswick came third. Mr. W. Mulligan showed a free-stepping black by Black Valentine.

In the class for single drivers 15 1/2 hands and under Mr. Geo. W. Curtis carried off the honors with Nellie Keswick, Mr. J. A. Brown securing the next place and Mr. W. Roddy winning third place with a rangy bay filly.

In the class for single drivers three years old and under Mr. Curtis duplicated the honors with Nellie Keswick, Andrew McGill securing the place while Mr. Thos. McKiver was third with a rattling good chestnut by Keswick.

The showing for saddle horses was hardly in keeping with the importance of this fair, as neither of the contestants could qualify in such a class. Mr. I. Deyell was awarded the second prize and Mr. Thos. Deyell third.

There were a number of clever-go-go pairs in the class over 15 1/2 hands. Mr. Fred Corscadden showed a nice pair of matched blacks by Pinot which secured the first honors. This team has since been sold to Mr. Robinson of Peterboro for \$400. Mr. Thos. Calvert won the second place with a clever pair of bays sired by Sunshine. In teams 15 1/2 hands and under Mr. T. H. Waldon secured the honors with a nice pair of Chestnuts sired by Sunshine, which later on sold to Mr. Ira Natross for \$250. Mr. J. Brock's fast-moving pair of bays were awarded second place.

In the special competition for a Sylvester plow Mr. Thos. Graham's matched greys were first, and G. Maloney's bays second.

8 Cents

Eight cents a pound is what a young woman paid for twelve pounds of flesh.

She was thin and weak and paid one dollar for a bottle of Scott's Emulsion, and by taking regular doses had gained twelve pounds in weight before the bottle was finished.

Eight cents a pound is cheap for such valuable material. Some pay more, some less, some get nothing for their money. You get your money's worth when you buy Scott's Emulsion.

We will send you a little free.

GRAHAM THE KING CLOTHIER

TALKING ABOUT STRIKES

HOW DOES THIS STRIKE YOU? We'll Help you out on Your Coal or Wood....Bill....

You can start right in now saving money on your fall and winter clothing for yourself and boys. Our stock will afford you greater opportunities for the practical saving of hard earned dollars than anywhere else you have a mind to shop at. Last week many people demonstrated this fact during the fair days especially. What sent the people round in such crowds to Graham's except to save dollars by their lucky purchases.

You have the best of the bargain, not because we had rare luck in buying our clothing, or because of the misfortune of the wholesale makers, but because of our willingness to pay for good work and good qualities at close cash figures. We don't rob Pete to pay Paul.

Fall Overcoats

If you want a new Overcoat, as every man does now, the best reason for getting it at Graham's is that it will be right workmanship, material, fit and price. We show a large assortment of Overcoats in leading patterns, styles and qualities, the prices starting as low as \$2.25 and up to \$16 and \$18.

Fall Suits

We have stuck right at it—right to the one point of perfect ready-to-wear Suits. Our \$5 and \$7 have an \$8 and \$10 air about them. With style, snap and wear in them through and through.

Little Mr. Man

There is more to be got for your dimes at GRAHAM'S than your money calls for. It's only because we are doing a splendid business and want to do more than we offer nonsuch values in Boys' Clothing.

A. J. GRAHAM THE KING CLOTHIER

East of Benson House.

of royal bred Shorthorns, all in good form. They captured first honors with a magnificent Cruickshank and came second in the herd list, besides securing other prizes. This firm are extensive drovers, and are looking to improve the live stock interests of the whole county.

Mr. John B. Graham of West Ops showed a nice herd of six head which included the first prize spring calf, aged cow, two yearling heifers, and two heifer calves. While not fed for the showing they were a creditable lot.

Mr. Herb. Graham of Ops showed a nicely formed two-year-old heifer that secured third-class honors. This heifer will be in the ring next year and it is good betting that she will be good enough to win out. Mr. Graham is heading for a herd of thoroughbreds, and recently purchased two young beasts at London, Ont.

Messrs. W. P. and G. King of Oakwood showed three head of Durhams, which included a fine white male, aged cow and spring calf.

POLLED ANGUS CATTLE.

There never was a better showing of the "black beauties" at the Central fair. No less than three splendid herds were on the ground, and the "Dodds" had a host of admirers. Mr. McLeod of Cobourg was to the front with 10 head, including the imported bull Pradamere. This herd was in excellent shape and captured many of the leading premiums, as well as second in the herd competition.

Messrs. Wm. Stewart & Son of Lucasville also made a capital showing in this class with nine head of his famous Willow Grove herd. They secured first prize for best five animals in the herd competition, which tells its own story.

Messrs. Thos. Robertson & Son of Dunsford showed 11 head of this popular breed. No special preparation for the showing had been made in this lot, as they were right off the grass. Nevertheless they possessed the quality and breeding and received kindly recognition at the hands of the judges.

Messrs. Melhonnag, Brandon & Austin of Fenelon Falls, showed 10 head

Never before in the history of the Central Fair has there been such a showing of high-class dairy cattle. Messrs. Wm. Stewart & Son of Menie, exhibited their great prize winning herd of Ayrshires, 15 head in all. This herd has been exhibited at all the leading fairs, Chicago, Toronto, London and Ottawa, and have a long list of winnings to their credit. The grand stock award is a grand list of the herd and the Rover O'Brien heads the herd and has never been defeated in the show ring. His sire was Dainty Lad, Elmvale, while his dam was Star Armour, a noted prize winner. She has six sweepstakes to her credit. Lady Ottawa was another noted animal, having won first honors at the Toronto, Ottawa and London. The balance of the herd are equally noteworthy.

Mr. H. C. Hamill of Islay, is one of our local admirers and breeder of this popular strain, and exhibited less than a dozen head. No cow was made to fit this lot, and consequently they could hardly be expected to win out against the Menie aggregation. However, they were even in this hot company.

The little dun-colored cow, which was very much in evidence, for this year's fair, was a new record for this county. Mr. F. J. Mookin of Fenelon Falls showed 16 head of the popular Green Herd, capturing the best prize in the majority of other leading prizes. Vice Regal, a pure-bred St. Lambert, heads this fine herd. Mr. Mookin particularly is proud of a cow called sired by imported Golden Rose, recently sold for \$1600. He purchased her at call at Buffalo a short time ago.

Mr. Stephen Oliver of townships 9 and 10 head of choice Jerseys, and secured second honors in the herd competition. Pervis Lad, the leader of the herd, also won second honors. Mr. Oliver came first with a better cow.
