## Our First Month Shows How Eager The People are For New Goods.

For over five weeks the new goods have continued to unload at our doors. There has been no let up to them, and still they come. Almost every express and freight train has brought new goods for the new store, fresh from the marts of fashion and direct from the foundation heads of supplies in United States and Canada.

While they have been coming we've not been mapping but selling, selling. That's why they come so fast and often. We didn't expect to distribute so many thousand dollars worth in and about Lindsay in such a short time, but it is very gratifying to us, and we trust very satisfactory to you. If you have made any purchase that isn't satisfactory bring it back and get your money. This is the Safe, Satisfactory Store. A superb showing of fashionable Jack-jackets, Suits, Shirts and Waists.

Scores of the very newest and best styles await your inspection here. Not an old style in the store; all well made for this season's selling, in fact the new Monte Carlo coat for women is one of the New York latest productions, and is the very correct thing.

When down town come in and look through. We can show you more in half an hour than we can tell you in a whole page of talk. Here are a few prices to keep in mind:—

**4.50 Silk Waists**  
One of New York's prettiest styles in a silk taffeta waist is this one, handsomely made with fine tucking on body and sleeves, the lower part of waist with open-work stitching across the waist front, giving a pretty effect; they come in colors, navy, royal and pale blue, black, white and cardinal, priced reasonably at **4.50**

**Black Satanna Waists 1.25 each**  
Women's Black Satanna Waists, nicely made, daintily finished with fine stitching and cording, trimmed with satin and buttons, fast black, stylish and durable, \$1.25.

**Ready with New Furs**  
Our stock of new Furs for Women and Children is now complete. Here is just a hint about prices. The goods are all guaranteed. See ours before buying.

**Women's Skirts 400 Kinds 3.48**  
Women's Skirts of Oxford Grey wool fringe cloth, with rows of cording from waist to flare, tailor stitching on flare, regular \$4.00, while they last **3.48**

**Extra at 4.89**  
Women's Skirts of black or grey homespuns, some with cording from waist to flare and also on flare, heads with five tucks finished with bands of black satin: these would be good value at \$6, extra **4.89**

**Beautiful New Silk and Flannel Waists**  
Among the latest arrivals are one of the choicest lots of dainty, fashionable Shirt Waists ever shown in Lindsay. This is just an inkling of what you will find here.

**This is Glove Time**  
You will likely be surprised when you look over our Glove and Mitt stock for men and boys. Almost every wanted kind is here: whether its a heavy working mitt at 25c or the fine silk lined dress glove at \$1.50. We show many others between.

**Natty New York Street Hats**  
are shown in our Millinery Show Room this week.

**Wakely & Ford**  
The Safe Satisfactory Store  
Strictly Cash Dealers, LINDSAY

## MR. CHALMERS STILL STAYS

### Dr. Burrows Could get No Second to a Motion to Dismiss Him

## THOSE RAILWAY GONGS

### Council Will See to it that They Are Removed—The Siding Question

Council met in adjourned session on Monday night. Dr. Burrows moved to amend the bylaw appointing Commissioner Chalmers but got no second. He promised to pursue his policy still further at a late meeting. The crossing gongs came in for severe censure and the railway authorities will be asked in no uncertain tones to take them away. Ald. O'Reilly said if they were not promptly removed he would order the commissioner to take them down, for they were on the street.

Stewart & O'Connor wrote for York-street property owners, that stagnant water in the ditches south of Kent-st was a menace to health. They also asked that Mr. Jas. Hamilton get remission of half the taxes on his houses destroyed by fire last summer. The same law firm stated in behalf of people living near the railway crossing on Lindsay-st., that if the gongs were not taken down, the court would be appealed to.

Ald. O'Reilly—Have you heard from Mr. Tiffin about those gongs, Mr. Clerk?  
Clerk Knowlson—Not yet.  
Ald. O'Reilly—Then write to him again. I don't blame the people who are complaining. No member of a council would put up with the nuisance for an hour.

Ald. Jackson—Council is jointly to blame with the railway people. We gave permission to put these things up.

Mayor Ingh—If we ask to have the gongs removed, the railway people may escape from putting a flag man there. We gave them a year in which to try the gongs.

Ald. O'Reilly—It is nearly a year since we gave them permission to try them. If the company does not guard the crossings we must send a solicitor to Ottawa and insist upon proper protection. These gongs were put up to see if they would go, and they do not, but are only a nuisance.

Dr. Burrows—That's right; if they are not taken down right away, take steps to get them down. They have been condemned in other places and the company stole a march on us when they got the right to put them in. We must be relieved of this intolerable nuisance at once.

Ald. McDiarmid—The gongs are all right, but the people down there tampered with them. The first night they cut one wire and next night both wires, so the result that the gong, being on the double bell system, rang all the time. The one at Sylvester's crossing is all right.

Ald. O'Reilly—The gongs are not satisfactory anyhow. At Sylvester's they ring for a quarter of an hour sometimes when the train is away back on the line or perhaps only a box car is left standing there. This keeps people from crossing and is only a delusion. At the better there are no houses very near to be disturbed and the ringing is not nearly so incessant as at the Lindsay street crossing. If they are not promptly taken down I will order the commissioner to take them down. They are on the street.

Ald. Robson—We have given the gongs a trial, and they are not satisfactory. Isn't that it?  
Ald. McDiarmid—Perhaps in not answering our last letter, the G.T.R. is giving us a dose of our own medicine. We have dilly-dallied for three years with their request for better siding accommodation. The whole question of our relations with the company should be discussed together.

Ald. Hore—My horse is of more nervous temperament than others, but I know he is alarmed at the gongs and I think they are a nuisance. Mr. Tiffin should be appealed to again.

**THE POOR STREET LIGHTS**  
Dr. Burrows—Through some bungling, misunderstanding, squabbling and fighting the town did not get the electric light. Now it has practically none at all. The excuse for a light is intolerable and cannot be put up with. We want a better light, and a better schedule to operate it on. It should be lit every dark night. The time has come for a severe protest.

Council appeared to be pretty much nonplussed by the lighting question and the only comment further was a remark that one could not tell when the night was going to be dark. It seems that Manager Graham has been sick and that this accounted for some of the recent defects in the service.

**BURROWS AFTER CHALMERS**  
Dr. Burrows explained that he had given notice of a bylaw to amend the bylaw appointing the caretaker of the firehall; but since there was no sign of a second team being bought, he would defer the motion.

Ald. Jackson—Ald. Hore is looking after a team and one will be bought as soon as a suitable one is found.

Dr. Burrows read a motion to dismiss the street commissioner. He explained that he did so as a measure of economy. There were too many commissioners and Chalmers should go.

The mayor was handed the motion and asked, "Have you a seconder?" "I don't know," said the doctor. "I have not asked anyone to second it."

Ald. O'Reilly—You are out of order anyway. You cannot over-ride a bylaw by a motion in that way.

Dr. Burrows—Well, I will change it to the first reading of a bylaw. I will go on record on this question

anyway. I see we have spent all the money there is, and what we spend from this out will be a deficit. Nobody seconded the motion to read the bylaw the first time, but the doctor said he would raise the matter again.

## MOTIONS

O'Reilly—McDiarmid—That tenders be asked for snow-plowing.

O'Reilly—Jackson—That the floating bridge be put into position.

Dr. Burrows—The people who use it should put it into place. What was done about that cement the town was to get from Rathbun for Bogus?

Ald. O'Reilly—You know that the Rathbun company was asked to supply it to the town and that it was to be used in making public closets.

Dr. Burrows—I am not asking you. Ald. O'Reilly—You are asking a question pertaining to my department.

Dr. Burrows—You are only the chairman and should not know any more than anybody else.

## CROWDED RAILWAY TRACKS

Ald. McDiarmid said that the G. T.R. sidings had recently been so crowded with through freight that Parkin, Dovey, Carew, Rathbun and the Flavell Milling Company had been unable to get cars down onto their sidings. There had been 70 to 150 cars of through freight standing about. Better accommodation should be given the G. T. R. People object to giving away any of Durham-st. Then land should be got by the company to the south of the station. He did not favor giving away the street for even that would afford only temporary relief. He moved that the solicitor give the necessary notices that Wolfe, River and Souix-sts be closed. That was only to facilitate matters in case such a course were decided upon. Giving notices would take time. The alderman did not then favor or object to the proposal of the railway but merely aimed to get the routine process under way in view of a possible arrangement.

Ald. Jackson agreed. Dr. Burrows declared that a man had been appointed to make a settlement with the people living on those streets. The rights of those people could not be taken away.

Ald. Robson—I suppose the railway can take the land.

Dr. Burrows—They can't do it.

Ald. O'Reilly—Both sides must be heard. I will never favor giving away 15 feet of Durham street. Let the company buy private property. I would rather help them to do that than give them the road. It is not right that a small section of the people should suffer for a big corporation, and to give the G.T.R. shareholders a few dollars.

The whole matter will be talked of again when deputations will likely be held.

A few streets on which cement walks were ordered were withdrawn from the list to be advertised over again for walks of different dimensions.

Dr. Burrows objected to putting a walk on St. Paul-st. The board was good for years. He protested against arranging for so many new walks.

The gas lamp at the hospital will be moved east to where the drive way comes out.

The mayor and Ald. Hore had been authorized to have the town clock set up, but yet brought. Machinist Webster to explain why a few dollars more expense than was first supposed, would be entailed.

Ald. Hore was rebuked for his timidity and told to go on and get the job completed as he had been authorized to do.

## HOW RELIEF CAME

### An Interesting Story From an Icelandic Settlement

From the Logberg, Winnipeg, Man. The readers of Logberg have long been familiar with the virtues of Dr. Williams' Pink Pills through the well authenticated cures published in these columns each week. Many of our readers are also able to vouch for cures which have come under their own observation. This week "Logberg" has received a letter from one of its readers, Mr. B. Watterson, a prosperous farmer living at Bru, in which he gives his own experience in the hope that it may benefit some other sufferer. Mr. Watterson says:

"Some years ago I was suffering so greatly from rheumatism in my limbs that I was for a long time unable to do any work. I tried in many ways to obtain a cure, both by patent medicines and medicine prescribed by doctors, but without obtaining any benefit. I saw Dr. Williams' Pink Pills advertised in the Logberg as being a cure for this trouble and determined to give it a trial. I bought a dozen boxes and before half of them were used I felt a great change for the better. This improvement continued from day to day, and before I had used all the pills I was completely cured. Since that time I have never had an attack of this trouble. Aliter, I used the pills in several other cases and no other medicine has been so beneficial to me. I feel it my duty to publicly give testimony to the merits of this wonderful medicine so others similarly afflicted may be led to try it.

If you are tired or ailing, or your nerves are weak or faded, or your blood is out of condition, you will be wise to use Dr. Williams' Pink Pills, which are an unfailing cure for all blood and nerve troubles. But be sure you get the genuine, with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. Sold by all medicine dealers or sent post paid at 50c a box or six boxes for \$2.50 by writing direct to the Dr. Williams Medicine Co., Brockville, Ont.

## MR. DRYDEN SCORES FARMERS

### He Says Some Do Not Take Much Interest in Their Own Affairs

"The Man on the Street" in the Mail and Empire says: "Some days ago the Board of Grain Examiners wrote the Hon. John Dryden, calling his attention to the

# WE HAVE EVERY REASON TO GIVE THANKS

At this season of the year—We have ample fuel on hand to keep us warm. We have a great stock of up-to-date wearables for men—youths and boys. There is no doubt in our minds that by next stock-taking we will be many dollars ahead on the year. So why should we not give thanks. We do and also most heartily thank our many friends and customers for their generous support and patronage. Your money back is our best guarantee of good faith.

## OUR Ready-to-Wear Clothing

is NOT ordinary ready-made clothing. It shows the custom tailors' touch, but not his price.

Suits \$5 to \$15

## Overcoats

All lengths from the ankles up. You could not get more swagger styles were you to pay as much again...

\$5, \$8.50, \$10.

## Two Specials

That we are very proud of in medium and heavy weight.

Almost black cloth, soft and firm made from the wool of the Aude Vicuna—the very best trimmings and workmanship.

\$14.00 \$17.00

# M. J. CARTER,

The One Price Clothier and Furnisher,

LINDSAY

## Newest Styles

ALWAYS IN STOCK

We are running this store to interest the whole family. If you don't know this our advertising hasn't accomplished what we intended.

Yes boys' and men's Clothing for all ages and for all prices... and this means that Mothers and Wives have a fair interest in our goods.

We have asked their criticisms and welcomed their suggestions and many new fashions for boys have been the result of their counsel.
