floods. In some sections of this city

buildings have been swept away. All

railroads are tied up.

Will Involve 30,000 Wage Earners.

Rochester, N. Y., Oct. 10.-Owing

to the fact that the leading cloth-

ing manufacturers of this city have

refused to grant a reduction from

nine to eight hours per day, which

was demanded recently by the United

Garment Workers' of North America,

there will be declared at noon to-

day in the clothing industry of

Rochester, a strike that, directly and

indirectly, will affect 30,000 wage

earners. Those directly concerned

are the clothing cutters.

Caught in Driving Belt.

Fergus, Oct. 10.-A very sad acci-

dent occurred in the power house of

the electric light plant about 8

o'clock last evening. While Ed.

Thomson, assistant engineer, was

working about the engines, he became

caught in the driving belt, and was

instantly killed, the body being ter-

ribly mangled. Thomson, who was

about 35 years of age, had but re-

cently moved to town from Guelph.

He leaves a wife and several child-

Company, announced that all along

TO POISON NATIONAL GUARDSMEN.

Wholesale Attempt to Get Rid of Them

Near Cripple Creek.

Cripple Creek, Col., Oct. 12.-The

fact that a wholesale attempt to

poison the garrison of National

Guardsmen at El Paso was made on

Thursday has just been made public,

the officers having kept it quiet

pending a still hunt for the perpe-

trators. Every man in the com-

mand, sixty-eight in all, was taken

violently ill, dropping in their tracks

when on duty. Prompt medical at-

tendance checked the symptoms, how-

ever, and all are now recovering. It

is believed that poison was placed

for the water tank of the mine used for

domestic purposes. Many miners

were also poisoned.

Died as His Boy Passed in Parade.

Toronto, Oct. 12.-As his son, a

member of the G.G.B.G., passed op-

posite him down Yonge street, near

Carleton, in the garrison parade yes-

terday afternoon, Ephraim Lee, a

well-known citizen of Toronto, but

lately residing in Todmorden, sank

to the sidewalk, struggling between

life and death. He was taken into

Jaffray's drug store, and died be-

fore medical aid could reach him.

His wife was with him at the time

and his son was called out of the

parade. Heart disease was the cause

of death. Mr. Lee was fifty-three

years of age and was born near

Crews, Cheshire, England. He leav-

ed a wife, two daughters and two

sons to mourn his loss.

WESTERN MINERS WILL STRIKE.

Failure to Adjust Differences Will Pre-

cipitate the Trouble.

Indianapolis, Oct. 10.-A strike of

coal miners in Colorado, New Mexico

and Utah will follow failure to ad-

just differences within a week, ac-

cording to a statement issued by

President Mitchell of the United Mine

Workers yesterday.

The miners in those States want an

advance in wages, a reduction in

hours of labor, semi-monthly pay,

the right to employ check weighmen

at their own expense and the aboli-

tion of the scrip system of payments

for labor done. President Mitchell

wired the Colorado Fuel and Iron

Company, the Victor Fuel Company,

asking if they will receive representa-

tives of the miners to discuss griev-

ances. A reply will be awaited be-

fore further action is taken.

New Ministers Sworn In.

London, Oct. 10.-The new Cabinet

Ministers have assumed their duties.

The seals of office having been ex-

changed at a Privy Council meeting

held by King Edward at Bucking-

ham Palace yesterday morning. All

the retiring officials, and their suc-

cessors, were present, with the ex-

ception of the Duke of Devonshire,

Council, and Arnold Forster, the new

RITCHIE'S REASONS.

Ex-Chancellor of Exchequer

Speaks at Croydon.

AFRAID OF UNITED STATES

Statement That Britain Must Not Offend

American Republic Because of Canada

Arouses Resentment-A Scene of

Disorder Consequent Upon His

Saying That Mr. Chamber-

lain Had Been Inconsistent.

London, Oct. 10.-Mr. Ritchie, M.

P. for Croydon, and until recently

Chancellor of the Exchequer, deliv-

ered a speech last evening on free

trade and the reasons for his resig-

nation at Croydon Town Hall. A

large Liberal element was present.

The reception of Mr. Ritchie was de-

cisely unharmonious, consisting of

cheers, hoots and counter cheers for

Joseph Chamberlain.

Mr. Ritchie said that if any ex-

pected to hear a denunciation on his

part of his late Cabinet colleague he

was happy to disappoint them. He

believed Mr. Balfour and Mr. Cham-

berlain were actuated by the highest

motives. Mr. Chamberlain's adminis-

tration of the Colonial Office had

been the most successful of the pre-

sent generation.

The speaker later precipitated a

scene of disorder by declaring that

Mr. Chamberlain had been inconsis-

tent because he upheld free trade,

while president of the Board of

Trade, and protection while Colonial

Secretary.

Mr. Ritchie said that as Chan-

cellor of the Exchequer he could not

consent to a fiscal revolution and

overturning of the policy of his

conservative predecessors on the

strength of the arguments of Mr.

Chamberlain.

The former Chancellor of the Ex-

chequer felt convinced that the pre-

sent preferential proposals were pre-

senting an entering wedge "which would

ultimately land the country in the

same position as Germany, where

food taxes had driven the workmen

to socialism."

Continuing, Mr. Ritchie asserted

that one of the principal questions

to be considered was the attitude of

the United States. This country

must try to guard against giving

the United States any cause for re-

sentment, which would result in her

punishing Canada.

The above statement resulted in

fresh disorder on the part of the

audience and the singing of "Rule

Britannia."

The speaker resumed his seat amid

a scene of disorder, but a cry of

shouts was ultimately carried amid

thunks and hoots.

Mr. Ritchie revealed that he was

solely responsible for the abolition

of the shilling duty on wheat. He

said that Mr. Chamberlain proposed

to retain the duty and give the col-

onies preference, but the speaker, be-

lieving that it was only the begin-

ning of a larger scheme of protec-

tion, stated that he resigned his

duty was not forthwith abolished.

The London Daily Mail says Mr.

Ritchie's fear of offending the Amer-

icans, owing to the Canadian prefer-

ence, saying it is the pusillanimous

gospel of little Englandism, which

could hardly be better condensed.

The German View.

London, Oct. 10.-C. A. P.-The

Frankfurter Zeitung says: "The prac-

tical carrying out of Mr. Cham-

berlain's proposals is a possibility we

must seriously reckon with in our

international commercial policy or

confronted with a new phenomenon:

we shall see the colonies retain their

independent fiscal policies and enjoy

preferential treatment at the hands

of another country and vice versa?

While both parties claim for them-

selves the most favored nation

treatment, they decline to grant any

thing in return, as in the case of Can-

ada, which has shown that this pol-

icy does not work. England's declin-

ing exports are due not to the high

tariffs, but to the backward state

of their industry and to the want of

modern commercial methods."

GOES TO FIFESHIRE.

Mr. Chamberlain Talks From Car Plat-

form to Large Crowds.

Glasgow, Oct. 10.-Joseph Cham-

berlain started yesterday morning on

a day's visit to a friend in Fifeshire,

and was welcomed on his arrival at

Cupar by a large crowd. He made a

short speech, which captured the

hearers, remarking that no one had

benefited more than himself in the

past by the support of the working

class, and he hoped to have the

same confidence and support in his

present undertaking.

Hugh Bell's View.

London, Oct. 10.-Hugh Bell, man-

aging director of the large firm of

the Bell Bros., Middlesborough, on the

future of the British iron trade,

said Mr. Chamberlain had not a

single item of information to justify

the opinion that he had forecasted.

Similar forecasts of ruin of the

iron trade had been current for three

centuries.

South Africa For Chamberlain.

Cape Town, Oct. 10.-Interviews

with leading men in the South Afri-

can colonies show that the general

trend of opinion strongly favors Mr.

Chamberlain's Glasgow program.

One of Tupper's Points.

London, Oct. 10.-The London

Globe says: "One of the veteran

(Sir Charles Tupper) colonial states-

man's points ought not to be mis-

sed. The Canadian Liberal politicians

have ceased to be convinced free

traders."

Can Canada's Do It.

London, Oct. 10.-A member of the

Corn Exchange of Dublin doubts

whether the colonies can supply the

demand of the nation for foodstuffs,

but he says that difficulty will be

met principally by a rapid

MARK OF AMERICAN IMPORTS INTO CANADA.

Freeman's Journal calls Mr. Chamberlain "a separatist." It says "he practically invites Canada and Australia to secede unless his ideas are adopted by the people of the three Kingdoms."

The Congress of the Amalgamated Society of Railway Servants, in session at Peterboro, representing most of the railway employes of the United Kingdom, passed a resolution favoring a thorough inquiry before any scheme of retaliation is adopted.

ANTHONY ROWE'S FATE.

Unless His Counsel's Appeal to Higher Court Succeeds.

Toronto, Oct. 10.-Anthony Rowe in court yesterday declined to recognize Thomas Smith, the Londoner who came across to clinch the prisoner's identity. Smith was the only witness, and his part was a formal identification before the magistrate. The documents in the case were voluminous, including the original warrant granted at Guildhall on application of Allen Gilbert Bar-tholomew of the Bewick Moring Company for the apprehension of Rowe for theft of three cheques of \$3,125, £4,605, 3s and 9d, and £2,022, 4s and 1d. Rowe, it was said, had absconded since December of last year. The cheques are alleged to have been taken while being transferred from one bank account to another. The total defalcations are still placed at \$750,000. Mr. Godfrey of Robinette & Godfrey gave notice that a writ of habeas corpus would be applied for to a higher court, being virtually an appeal from the magistrate's order, which Rowe will, on Tuesday next, be formally committed on three charges-theft, fraudulent appropriation and perjury.
