HELP WANTED.—Wanted—Experienced cook also housemaid. Apply to Mrs. RICH, SYLVESTER Victoria Ave.

OAKWOOD AND VICINITY Pascoe Bros. have again increased their staff by the addition of a Mr. Wallis from near Toronto. Mr. Thos. Bows, jr., was in town for a while on Saturday. He is a travelling salesman for a leading Toronto grocery house. Mr. E. G. Lytle has been confined to the house for the past few days. By entertaining a certain number on Halloween, the Misses Weldon have adopted an ingenious plan to keep the 'big boys' and some of the girls out of mischief. The last quarterly service of the year will be held in the Methodist church next Sunday. Many of our citizens embraced the opportunity of hearing the Rev. M. G. Pearce in Lindsay last Sabbath, so that the absence of some from their accustomed places were noticeable. Rev. Mr. Peckover of Sunderland will lecture in the Presbyterian church Friday evening on Jamaica. As a speaker of ability this gentleman has already an established reputation in this place. Several sportsmen here have been cleaning their guns and getting prepared generally for their annual deer hunt which opens next week. Some have their root crop housed, in this vicinity, though the majority are engaged at the job this week. Eggs which had been collected during the summer and stored away in the cellar of Pascoe Bros. store are being taken out of 'pickle' this week and shipped direct to England. The vats contain 23,000 dozen. One day last week Mr. Oscar Wakeley was on Mr. Amos Armitage's barn putting up a Brantford windmill. A step of the ladder gave way and he fell from the top of the mill onto the roof, catching one foot in the mesh. It was given a painful wrench and he fortunately escaped a more serious injury. Mr. Bott of Cresswell preached in the Methodist church last Sunday. The speaker's method of sermonizing is not one of elocution. The remarks which were not a set of fancy ideas came right from the shoulder, as it were, and invariably struck the mark. After hearing Mr. Bott many likely have feelings akin to the woman's who was told all things that she ever did. (Crowded out last week)

WOODVILLE On the first three Fridays in November, Dr. Bowerman, dentist, will visit Woodville (Queen's hotel).

P. M. STEERS HAS RESIGNED The Police Magistrate, is Dissatisfied With Police Force and Court Room. Not a much more startling announcement concerning the course of any official of this town could have been made than that of Police Magistrate Steers that he has tendered his resignation to the Attorney General. The magistrate took that course yesterday. His reasons for so doing are set forth in a letter to Mayor Sutherland and the police force is inadequate and the courtroom an unsuitable place for trying prisoners. In justification of these opinions, the magistrate cites the escape of two prisoners in the past year. The refusal of the mayor to remedy matters seems to have led Mr. Steers to take the step he has. His letters are as follows:

Lindsay, Oct. 28th, 1903: Jas. H. Sutherland, esq., Mayor of the Town of Lindsay: Dear sir,—Referring to my recent conversation with you in regard to the insufficiency of the present force of two constables to properly police the town of Lindsay and to the immediate and urgent necessity of the appointment of another paid constable, making a regular police force of at least three, so that there would always be one constable in court in charge of a prisoner while the other might be upon the street if not actually employed, as he frequently is, in performing some duty for the court, and referring also to my having pointed out to you the present unsatisfactory condition of the room in which court is held; demonstrated by the complete escape therefrom during the trial, of one prisoner (Anthony May) and the imminent danger of the escape of another prisoner, which was only prevented by my pursuing him in person along the street and calling for the assistance of passers-by, something which no judicial officer should be called upon to do and something which I do not intend again doing; and referring further to the necessity for immediate action by the town council along the lines indicated and your refusal to call them together. I have to advise you that I have placed my resignation of the office of police magistrate of the town of Lindsay in the hands of the province of Ontario, and have respectfully pressed upon him its immediate acceptance. I have the honor to be, Mr. Mayor, your obedient servant, WM. STEERS.

Lindsay, Oct. 28th, 1903. The Honorable J. M. Gibson, K. C., Attorney General for the Province of Ontario, Toronto: Dear sir,—I hereby place in your hands my resignation of the office of police magistrate for the town of Lindsay, and I would respectfully press upon you its immediate acceptance. The reason for this action is contained in a letter to Mr. J. H. Sutherland, mayor of the town a copy of which is enclosed. I would just add that I am not actuated by any desire to put the town or your department to inconvenience and shall if you wish it and so advise me, discharge the duties of police magistrate until my successor is appointed. I have the honor to be your obedient servant, WM. STEERS.
