Hand Tailored

The 20th Century and Progress Brand Clothing are known from coast to coast as the best ready-to-wear clothes made in Canada.

They are hand tailored in the fullest sense of that trade term.

Unlike most ready-to-wear clothing, and absolutely unlike what are known as ready-mades, they are not made in outside sweat shops or outside shops of any kind. Every garment is the product of the company's own tailor shops, the largest and most modern in Canada, and always under personal supervision.

We are sole agents for these garments, and our stock of Fall Suits and Overcoats is ready for your inspection. Come in and see what smart garments they are.

OBITUARY

The Frobisher, Sask., Times, ci Sept. 28th, says: For the first time in the history of Frobisher, the grim reaper visited our town and gathered in one of our most beloved and respected citizens in the person of Miss Margaret Emma Lee, cousin of our resident physician, Dr. R. Allan Lee. The late Miss Lee was advised by her medical adviser to come west for a change of climate about a year ago, when she came here with her sister from Lindsay Ont. After coming here the change of air seemed to be very beneficial to her and she began to steadily improve, but unfortunately caught cold while attending to her household duties, from which she never fully recovered. It was a thought that she was out of danger, when she took a change for the worse on Thursday of last week and passed away to the great beyond on Sunday last at midnight. The funeral vice was conducted by Rev. Mr. Par. ker, of Oxbow, assisted by the Rev. D. McKeen Reid and Rev. W: D. Jackson. The floral offerings numerous.
