

The Watchman-Warder

Published by the Watchman-Warder Printing Co., Limited, every Thursday morning. Guaranteed Circulation 4,000. A. E. Vrooman, Managing Director.

Among the callers at the Watchman-Warder office this week was Mr. D. Williams, of Glamorgan Township, Haliburton. Mr. Williams had some kind words to say for the articles appearing in these columns with a view to mitigating the weed evil, and he had also some splendid suggestions to give in addition and these may be treated at some further length in these columns later on. Mr. Williams believes that the railways and the threshers are responsible to a large extent for the spread of noxious weeds, though he believes at the same time that the weeds on the roads should certainly be attended to. Mr. Williams points out that grain cars from the West (which is at present sending out much foul grain as already referred to in past issues) are unloaded, but not swept, and the loose grain is scattered on the tracks and blown over into farms to seed down good land with weeds. The threshers also carry from farm to farm weed seeds that do untold injury. Mr. Williams suggests that legislation be passed by the Province or Dominion to compel railways to have all grain cars swept and cleaned at point of discharge, and also to make it compulsory for threshers to clean their machines before moving to another farm. The suggestions certainly are reasonable and worthy of all consideration.

usual number of times and passed. Coroner's inquests aggregating \$450 were ordered to be paid, including \$175 to Archie Johnson for grading and graveling side road, lot 5, con. 6; Chris, Mitchell and Thos. Fisher, for graveling lot 17, con. 2, \$72, some some \$32 for filling approaches to bridge lot 18, con. 10.

The Clerk was authorized to post up notices stating that a by-law would be passed on Monday, the 18th day of November, at 10 o'clock or so soon as the Council meets, for stopping up and closing a part of the public highway, upon or across lot 19, concession 3, in township of Simpson, and lying between the southern limit of the mill dam on the said highway and the northern limit of the bridge at the present time on the said highway.

The said by-law may also authorize the sale, conveyance and grant of land, comprised in the said portion of the said highway to the owner or owners of the adjoining lands respectively, or to any other person or persons for the same or greater price, or may authorize such other disposal of the said land as may be proper. Said notice shall be posted at the place of the most public places in the immediate neighborhood, and also published in the Watchman-Warder newspaper for at least four successive weeks before the 18th day of November next. The Council of said Township of Mariposa shall hear any person or persons or solicitor any one, whose lands may be judicially affected by the stopping up or closing of the said portion of the said highway.

Accounts aggregating \$116 were paid, including a payment of \$70 to Frank James, on the Dunn Drain contract.

Mr. Michael was appointed to see that the township's portion of the Grant Drain was cleaned out, after which the council adjourned till the third Monday in November, instead of the second Monday as is usual.

Laxton, Digby and Longford Council Proceedings

It is a very hard situation from which some crumbs of comfort cannot be gathered and an ill wind indeed that does not blow some good. Even in the scarcity of feed among the farmers in some sections, the Toronto Sun believes it sees a chance for advantage in the end to result. The many scrubs among the cattle on some Ontario farms will be weeded out, the Sun believes, on account of the scarcity of feed. And this certainly would be well. The Sun, at the same time, warns the farmers against any panic over feed scarcity, and suggests that a farmer with feed enough to carry him over February should hold his good stock until then to sell or wait until then before buying feed. The Sun points out that in similar circumstances prices for feed have dropped in other years before the spring and that the paying of high prices now or the sacrifice of good cattle at low prices is hardly warranted.

According to the rumors now afloat and uncontradicted so far, Hon. A. B. Aylesworth, Minister of Justice, is very likely to retire from the Laurier Administration, owing to the impairment of his hearing. Specialists are credited with saying that the aural defects are permanent, and his retirement from active public life is suggested. While nothing but sympathy can be felt for the brilliant lawyer and genial man in this misfortune, it must be admitted that his retirement will be only a comparatively small loss to the country, unless, indeed, a more unsuccessful doubt can be secured—which latter is doubtful. As a lawyer Mr. Aylesworth was a big man—a success. As a cabinet minister he has undoubtedly been a failure. He has brought neither strength to the Administration nor efficiency to the public service.

MARIPOSA COUNCIL

PROCEEDINGS OF MEETING ON MONDAY, OCTOBER 14th.

Members all present and minutes of last meeting read and approved.

Mr. Joseph Timney informed Council that the drain across Mr. Hewish's lot was obstructed. Mr. Foster Thompson informed the Council that the Ops Council would bear one half the expense of improving the boundary line north from his farm to the 8th line of Mariposa, and that he would also assist in this matter.

Mr. John Campbell notified Council to clean out their portion of the Grant Drain.

Mr. W. H. McCrimmon desired the assistance of the Council in draining the school grounds of S. S. No. 5 as a portion of the water from the road allowance passes over the grounds. Mr. Alex. Lovett, overseer, beat No. 3, reports having received \$37.90 and expended \$18.95 in stone crushing, and has a balance on hand of \$18.95.

Dr. Dale waited on the Council in the interests of Mr. Fred Saville's boy, who is being treated at the Ross Hospital, Lindsay, and whom the doctor thinks would be much better treated at the Sick Children's Hospital, Toronto.

Communications were received from the township solicitor, and also R. J. McLaughlin in reference to closing part of the road across lot 19, con. 5.

Mr. Michael reports re Grant's drain, and the trouble at the school house, S.S. No. 5.

IN AID OF THE HOSPITAL

SPLENDID CONCERT GIVEN. A GOOD ATTENDANCE. SCHUBERT ENTERTAINMENT A HIGH CLASS SUCCESS.

The Ladies' Auxiliary of the Ross Memorial Hospital are to be congratulated on the good attendance at the entertainment given under their auspices Monday evening in the Academy of Music by the Schubert Symphony Club and Ladies' Quartette, and they are also to be commended for securing such a high class musical treat for Lindsay. From beginning to end the program was an enjoyable one, and hearty and well deserved encores were the order of the evening.

The quartettes were excellent numbers, the voices blending most harmoniously. The solos were much enjoyed, and the violin, mandolin, and other instrumental music was close to perfection.

The program was suitably varied, and must be set down as a complete success.

DEATH OF A FORMER FENELON FALLS CITIZEN

FATHER OF EX-CHIEF NEVISON DIES AT DURAND, MICH.

The Durand (Michigan) Express of October 2nd, 1907, contained the following references to the death of Mr. John Nevison, formerly a popular resident of Fenelon Falls. The deceased was well known and highly esteemed in this locality. Mr. Stephen Nevison, for many years Chief of Police of Lindsay, and who left this year for Ionia, Mich., was a son of the deceased.

The Express says: "John Nevison, one of the pioneer citizens of Durand, died at his home on Saginaw street

at 2.30 o'clock Thursday morning, September 26th, and was laid to rest Saturday, short services being held here under the charge of Rev. N. G. Karr. The remains were taken to Dundee for interment.

None of Mr. Nevison's children were with him when death came, but those who attended the funeral were Wm. Nevison, of Muskogee, Alfred Nevison, of Adrain; Nicholas Nevison, of Northville; Stephen Nevison, of Ionia; Mrs. Emma Lindsay, of Ann Arbor, and Mrs. Elizabeth LaFrough, of Adrain."

MR. H. M. BURKE, EX-M.P., DEAD

FATHER-IN-LAW OF COL. HUGHES PASSES AWAY IN BOWMANVILLE.

Bowmanville, Oct. 13.—Mr. H. M. Burke, ex-M.P. for West Durham, died at his residence here this afternoon, at the age of 85. Mr. Burke was born at Darlington, where his father was also born, and was educated there. In 1848 he married Miss Ruby Williams, who died shortly after. In 1857 he married his second wife, Miss Susan Armour. He was a farmer, and also a mason and owner of lake vessels. He was chairman of the school board for many years, captain of No. 2 Company West Durham V.I., reeve of Darlington and member of the County Council, and president of the West Durham Reform Association.

He was first returned to Parliament in April, 1871, upon the resignation of the sitting member. He was a Reformer and gave cordial support to the Government in all measures, which, in his opinion, were for the advancement of Canada. He was in favor of the prohibitory liquor law, also of a reciprocity treaty with the United States, on some equitable basis. He leaves widow, three daughters and three sons. One of his daughters is the wife of Mr. S. J. Hall, the other of Col. Sam Hughes.

A Chapter of Accidents

The Fenelon Falls Gazette gives the following summary of accidents in Verulam on the evening of the Agricultural Society show—

Owing to darkness setting in early on the night of the 3rd inst., three or four residents of Verulam met with accidents on their way from the agricultural show. Mr. James Knox pulled to one side of the road to let somebody pass from behind, and then stopped his horse. But he either did not quite clear the track or the farmer who was following him could not see that he had stopped; and the result was that the wheels of the two vehicles got tangled together. Mr. and Mrs. Knox were thrown from their buggy and badly shaken up, and some gem jars, etc., they were taking home from the show were smashed and their contents poured out. Mr. John Martin narrowly escaped serious injury, as the top of the buggy in which she and her husband were driving was torn off by the tongue of a double buggy and she was struck on the head; but fortunately the blow was a light one. Mr. Herb. Nichols was another victim of the darkness. He drove off the end of a culvert a short distance from H. McDougall's, and his buggy not only had an axle broken, but was otherwise badly damaged. We have heard that there was a fourth accident somewhere on the road the same night; but have not learned the particulars.

GENERAL SESSIONS OF THE PEACE

APPOINTMENT OF CONSTABLES FOR VICTORIA AND HALIBURTON.

At the Court House last week there was held a General Session of the Peace for the County of Victoria, with His Honor Judge Harding, as chairman. Mr. F. D. Moore, County Magistrate; and Mr. A. Jackson, Police Magistrate, present.

It was moved by Mr. Moore, seconded by Mr. Jackson, that all the county constables for the county of Victoria be discharged from office.—Carried.

Moved by Mr. Moore, seconded by Mr. Jackson, that the following should be appointed constables: John Lindsay—Ralph C. Vincent, John Short, Geo. Foster, Wm. Thornbury, Jas. Bell, John McGilivray, Omamec—Wm. Glass, T. A. Mitchell and Ira Toole.

MAKE IT UP

SAYS MANY PERSONS HERE CAN BE MADE HAPPY AGAIN BY USING THIS.

There is so much rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers for a large eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Tandelion, one ounce Compound Marshon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses, after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.
