## No Sale at Meeting of Victoria Cheese Board

Victoria county cheese board met in the council chamber at 10 o'clock on Monday, Messrs. Flaville, Gillespie and Thompson, intending purchasers, being on hand, representing Lindsay, Peterboro and Montreal.

Some friendly discussion took place between the members of the board, and the purchasers, concerning the shrinkage of cheese, the buyers claiming that though cheese reduced invariably five pounds, only one pound was allowed.

Mr. Staples in replying to this statement, said he was credibly informed that on placing cheese in cold storage, a gain of one pound the first week was in evidence, but he did not say that it kept on increasing.

At this juncture President Robertson asked for bids. 18 cents was offered for choice, and Mr. Gillespie offered 18 1/2c. The price kept soaring 18 1/2c and 18 3/4c.

The president at this point admonished the buyers to come up to Peterboro prices.

The buyers were firm, as were the sellers also, though this was 1-16 less than Peterboro, and several decimal points less than Picton and Brockville.

President Robertson did not wish Peterboro to give the Lindsay board the laugh.

The board was called, and bids asked. Mr. Flaville called the following at 18 1/2: Bobcaygeon, North Ops, Star, Dundford, but none would accept. Mr. Flaville offered 18 1/2c for selections to Star, Red Rock, Bobcaygeon, Heaboro, but this bid was turned down.

The board agreed to take 34c, but as this offer was not accepted, but as a vote of the members in favor of adjournment, they agreed to meet in one week from date. During this interval no sales will be made for less money than 14c.

The president informed The Warbler that although Victoria county cheese was never subject to being called by inspectors previous to shipment, it was a fact they in most cases had to sell at a less sum than their neighbors.

The following factories were represented:

Star	Boxes
Star	75
Maple Leaf	40
Dundford	56
North Verulam	60
N. Ops	60
Bobcaygeon	238
Red Rock	98

## To Petition Government Re Ne Temere Decree

Toronto, Oct. 8.—With the church courts of every denominational body of Protestantism pledged to resist the Ne Temere decree, a powerful movement to influence the Federal Government was inaugurated Friday by the Evangelical Alliance of Canada at a meeting held in this city. There were present representatives of every denominational section, Anglican, Methodist, Presbyterian, Baptist, Congregational. A campaign was mapped out which will be unparalleled in the religious history of Canada. To place every Protestant preacher and editor in possession of all vital facts concerning the fight against the Ne Temere, a document was presented to the conference after having first passed the examination of a number of leading counsel. A significant feature of the sum-

mary of reasons against the Ne Temere decree was the decision of all references that could be understood as an attack upon the Roman Catholic church or its faith. It is intended that the document shall be of such a nature that many members of the Roman church will subscribe to its contents and ultimately sign the petitions to Parliament. The contention is that the decree is an assault upon the civil rights of all branches of Canadian citizenship is most strongly set forth and is made the chief note of the message. There is printed side by side a formal statement of the Canadian marriage law and the amendment made by the promulgation of the Roman church. How the decree has worked out and will work out is clearly and forcefully described.

## Eighty-Five Boys and Girl Confirmed

Every available space in St. Mary's church was occupied Sunday morning at nine o'clock mass to witness His Lordship Bishop O'Connor, of Peterboro, administer the sacrament of confirmation to a large number of boys and girls. High mass was celebrated by His Lordship, assisted by Venerable Archdeacon Casey and Fr. Guiry. At the conclusion of mass forty-five boys and forty girls marched to the altar where the solemn sacrament of confirmation was administered to them by His Lordship.

The children presented a unique appearance, being neatly dressed, the girls in pure white with long veils, and the boys in black suits. Their efficient training was quite noticeable by the able manner in which they marched from their seats to the altar and returned without any confusion, which speaks well for their teachers who spent many hours of late in teaching them, especially during the past week.

After confirmation His Lordship Bishop O'Connor in an eloquent address congratulated the children upon their conduct in receiving the sacrament. He also congratulated the pastor, Archdeacon Casey, Rev. Father Guiry, the parents and teachers for the able manner in which the children were prepared.

The speaker addressed the children briefly and warned them against the many evils and temptations before them in this world.

In the afternoon at 3 o'clock the children assembled in the church where benediction was celebrated, after which they were enrolled in stipular by His Lordship, and renewed their baptismal vows.

At 7 o'clock vespers was said by Rev. Father Guiry, after which His Lordship delivered an eloquent and impressive sermon to the large congregation which thronged the edifice. The speaker took his sermon from the words "God Sent His Son on Earth not to judge but to Save." It was a masterly sermon full of instructive remarks that were inspiring to the congregation. Miss Mary Brady presided at the organ.

The usual church choir sang and a solo by Miss M. Fleury was rendered in her usual good style. six months ago.

## 'MARVELOUS' CURES OF SKIN ERUPTION

Four Children Constantly Scratching. Nearly Tore Limbs Off. Cured in a Month by Cuticura Soap and Ointment

"Two of my daughters and two of my sons were suffering from very bad heads, the doctor ordered my daughters to have all their hair cut off so as to prevent it from spreading all over their heads, and to get to the seat of the trouble in order to be able to rub some ointment, which he gave them, well into the sores. These sores started in a small blotches which got larger and larger and then burst and spread all over their heads, and in some cases down their backs and bodies. The doctor said it was eczema, but they seemed to be daily getting worse. The sores formed like little blisters, then filled with matter, and looked like abscesses. They became all inflamed and irritated, causing them to be constantly scratching themselves. This made the sores burst, and the matter flowed all over their heads. We had to cut their finger nails and at times to put gloves on their hands, the irritation was so bad, to keep them from digging into the sores, and at night they would nearly tear their limbs off. The doctors would be literally covered with blood."

"The teachers would not let them attend school for fear of infection spreading among the other children, so I resolved to try the Cuticura Remedies, which I found to benefit my children greatly. I continued with the Cuticura Soap and Ointment for one month, and the result is a marvelous cure. (Signed) Geo. Arthur Robinson, 37, Firmin-st., Hoyalton, Ontario, ar. Barret, York, Ont., Jan. 3, 1911.

Although Cuticura Soap and Ointment are sold throughout the world, a liberal sample of each, with 32-p. book on the skin will be sent free, on application to Potter D. & C. Corp., 46 Columbus Ave., Boston, U. S. A.

GOOD SERMONS. Rev. Mr. Howard, of Cambury, preached a very eloquent sermon to the members of the Queen-st. Methodist church on Sunday last. The disgregation were edified and religiously enthused by his fitting discourse.

death being due to heart trouble. The deceased lady, who was in her 72nd year, was born in the township of Mariposa, near Oakwood, where she lived with her parents, the late William and Nancy Brown, until her marriage in January of 1864 to her late husband, who predeceased her some six years ago. She has resided in Fenelon township, near Cameron ever since, and was widely known in the surrounding community.

In religion the deceased lady was a member of the International Bible Students' Association. She is survived by two daughters and two sons, namely: Mrs. William Cummings, Mrs. Henry Eyles, Mr. J. H. Perrin and Mr. P. E. Perrin, all of Cameron. One brother, Rev. T. C. Brown, pastor of the Methodist church, Farham, Que., also survives, another brother, John Brown, having predeceased his sister about

**NA-DRU-CO Tasteless Cod Liver Oil Compound**

There is no question as to the very high value of Cod Liver Oil, properly prepared and made digestible, as a "builder-up" for convalescents or those who are run-down.

Na-Dr-u-Co Tasteless Compound contains the valuable properties of the Cod Liver Oil without its disagreeable flavor. In fact, this preparation is decidedly pleasant to the taste. With Extract of Malt, Extract of Wild Cherry, and Hypophosphites of Lime, Soda, Potassium, Manganese and Iron added, it makes a combination that puts an edge on the appetite—helps digestion—invigorates the nerves—relieves and helps to cure affections of the throat and lungs—and generally builds up strength and restores health.

For puny, delicate children there is probably no better "builder-up" than Na-Dr-u-Co Tasteless Cod Liver Oil Compound. 102

## Opposition In The Ontario Government Might Dwindle If Electon Were Called

There are nine constituencies in the province not represented in the legislature. Eight of the vacancies were caused by members resigning to run in the Dominion elections, and one is owing to the death of Mr. S. J. Fox, the Conservative member for West Victoria.

The members of the legislature who contested Federal ridings were: Messrs. W. J. Paul, Addington; W. O. Fisher, Brant; H. Clark, Centre; Bruce; W. F. Nickle, Kingston; A. E. Frapp, Ottawa West; J. J. Carrick, Port Arthur; and G. C. Wilson, Wentworth North. Conservative members, all of whom, except Mr. Carrick, were elected to the Dominion House.

CONVICTS' BIG TUNNEL. Dannemora, N.Y., Oct. 7. — The officials of the State Prison here have just discovered a tunnel excavated by convicts under the prison yard and reaching half way to a big trunk sewer which would have afforded a convenient exit for a wholesale jail delivery. The tunnel has been three years under construction and was still not more than half done. It was started by two lifer men. They could not make rapid progress because of the difficulty of disposing of the dirt, which they had to mix in small quantities

## EXCELLENT PAPERS

INSTRUCTIVE PAPERS AT W. I. MEETING.

Sonya, Oct. 7.—The Sonya branch of the Woman's Institute met at the home of Mrs. A. Varcoe on Oct. 4. A paper on "How to Keep Young," was read by Miss Annie Ferguson and was full of good advice. Miss Joanna Watson then read a paper on "Harmony in the Home," which had many good suggestions. A solo was rendered by Miss Annie Leask, also several gramophone selections were enjoyed. This being the October meeting the rest room dues were paid. The November meeting is to be held at the home of Mrs. Melville Gilson, where a demonstration on candy-making is to be given by Miss Webster, of Oakwood.

## \$25,000 INSURANCE.

A pianist's hands are not common garden hands. If the business man, the lawyer or doctor loses a finger, it interests little with receiving the annual income. But a professional pianist! Whoop la!

His fingers are either all there or the income ceases. If his salary is \$1,000 per night, it is for a ten-fingered entertainment—and impresario as much give or cut off 10 per cent. with every digit. It must be all digits or none.

Dr. Pachmann came to Toronto to play in Massey Hall the other day with his ten fingers—or, to be precise, with eight fingers and two thumbs. He had an insurance policy covering the immunity of the two hands from injury, for the amount of \$25,000. He pays about \$600 annual premium to the National Insurance Company of Austria, in which Jan Kubelik is insured in the same way for \$285,000.

Should an accident kept him from appearing at a concert, the company pays him \$500, which is supposed to cover the hotel bill and any little extras.

with furnace ashes from the laundry. One of the two was an engineer and he had worked out by intricate calculations the exact angle at which the tunnel should be dropped to reach the sewer. After the tunnel was found a search was made of every convict in the prison. From the cells were taken two wagonloads of monde-script stuff including stilettes, hammers, monkey wrenches, sand-bags, blackjacks, fish poles and 350 knives.

## BETTER THAN SPANKING.

Spanking does not cure children of bad habits. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 263 Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write me today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with sinus discharges by day or night.
