### TORTURED BY BILIOUSNESS AND TERRIBLE SICK HEADACHES

Both Completely Cured by "Fruit-a-tives"

DRESSDEN, Ont. July 17th, 1910.

"I was a dreadful sufferer for many years from Sick Headaches and Biliousness, or Torpid Liver. I tried many remedies and physicians, but nothing seemed to do me any good. I finally used "Fruit-a-tives" and after the first box, I was so much better that I continued using these fruit tablets and they have entirely cured me.

"I certainly can recommend "Fruit-a-tives" to anyone who suffers from Headaches, Biliousness or Stomach Trouble." Mrs. ISAAC VANSICKLE.

Thousands of people have had the same experience as Mrs. Vansickle. They have tried doctors and taken all sorts of medicine, only to find that "Fruit-a-tives" is the one and only remedy that actually cures these troubles.

"Fruit-a-tives" is the only medicine in the world made of fruit juices, and is the greatest Liver Cure ever discovered. It acts directly on Liver, Kidneys and Skin—sweetens the stomach and purifies the blood.

50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

## Last Rail Laid In New C. P. R. Grain Line Through Lindsay

new grain route from Victoria Harbor to Bethany was laid yesterday morning. Word to that effect was received at the local headquarters of the C.P.R. this afternoon and as soon as the ballasting has been completed the line will be ready for regular traffic. This should not take more than a couple of months at the most as the greatest part of the ballasting is already finished.

What ballasting that will have to be done before the line is ready for traffic is in the vicinity of Lindsay and Bethany.

At Lindsay where the biggest bridge of the line is being finished the builders have a big staff of men at work and it is expected to be completed in a very short time. There are several other bridges on the line but the only one of importance is where the line crosses from Lake Simcoe to Lake Couchiching. Here there is a 160 foot span swing bridge.

The completion of this line by the (Special to The Watchman-Warder) Montreal, Oct. 19. — The last rail in the Canadian Pacific Railways Canadian Pacific is of singular importance. It will have to play an important part in the transportation of the grain crops of the West to Montreal and east.

The grain at present is brought from Fort William and Port Arthur either by way of the Great Lakes via Owen Sound and Toronto.

When this new line is operated a new alternate route will be offered. The grain can be forwarded from the head of the lakes by steamer to Victoria Harbor on the Georgian Bay, the western terminus of the line, and from there by rail to Montreal.

The advantages of the new route are manifold. First of all it will cut down the time consumed in shipping the grain from the head of the lakes by many hours.

A SHORTER ROUTE.

Compared with the Owen Sound-Toronto route it means a saving in haul of nearly one hundred miles and it is obviously much shorter than the all-water route.

NO GRADES.

Another advantage is that it is a line with practically no grades, a feature that will tend to make the running of trains much easier.

A PASSENGER LINE.

Outside of its usefulness as a grain line the new branch will have considerable value as a passenger line. It will allow the C.P.R. to tap territory which they have not heretofore entered and it will give good transportation facilities to a large farming populace.

THE NEW ROUTE.

The new line starts from the docks at Victoria Harbor and crosses the Toronto-Sudbury line of the C.P.R. 13 miles out at Bethany. Fourteen miles west of Bethany, it forms a junction with the main Toronto-Montreal line of the C.P.R.

THE BUILDING COMPANY.

The Toronto Construction Company have had the work of building the road. It is 88 miles from Victoria Harbor to Bethany and 86 pound rails have been laid.

THE WESTERN TERMINUS.

In connection with the new line the C.P.R. have spent huge sums of money in equipping Victoria Harbor as the western terminus of the line. Two wharfs 3,600 feet long and 60 feet wide have been built, on either side of the harbor and these are separated by a waterway 600 feet wide, giving ample room for the locating of a dozen large lake boats at the same time.

There has also been built a large storage elevator, a boiler house, two 1,000 feet freight sheds and flour sheds, boarding houses, cottages, etc.

LARGE ELEVATOR.

The elevator is one of the largest in Canada. It has a storage capacity at present of two million bushels of grain but it is so constructed that it can in future be enlarged to a capacity of ten million bushels.

People who pray on their knees on Sunday, and prey on their neighbors on Monday, need simplicity in their faith.

blocks, window sills, window caps, door steps, porch steps, lintels, coping, veranda columns, rustlers, lawn vases, lawn rollers, fence posts, gate posts, lawn fences, lawn walls, well curbing, troughs. Everything is made in cement or concrete. to run the general plant.

The steam curing is done through a system of kilns and seven kilns each 45 feet long by four feet wide and 6 feet high are being located. Each kiln will accommodate 5 cars 8 feet long, by 40 feet wide with 3 decks, and each car will in turn hold about 340 4-inch tile. The cars are run from the tile machines on transfer tracks and transferred to any one of the kilns and when cured they are run on to another transfer track to be taken to any kiln in the yard. The company is laying about 1500 feet of rail and operate about 40 cars.

At the present time some foremen hands are engaged in the building operations and it is expected that at least seven hands will be employed in and around the plant when operations commence in earnest and that this number will be increased from time to time as the business grows.

## National Concrete Mfg. Co' Branching Out

The National Concrete Mfg. Co., of Lindsay, is at the present time making extensive alterations and improvements. The business is stepping out of the experimental stage into a large and more lucrative field, in fact the business has increased so rapidly, and the demand is so great that the company has secured an option for four years on the gravel pit on Mr. McGuire's farm and intend to purchase some four acres of land, on which to locate. Already the experimental plant on the property of the President of the above company, Dr. E. V. Pogue, has been done away with and a new plant is in process of erection on Mr. McGuire's farm along side of the Grand Trunk Railway. On this farm the company located sufficient material to warrant erecting a large plant and the company will also be handy to the railway for shipping purposes.

Since the Lindsay Central Fair, at which the above company had an excellent exhibit the orders for concrete manufactured goods has been literally pouring in and the demand at the present time exceeds the supply. This was one of the finest exhibits of its kind ever placed on display in this part of the country and was admired and examined by thousands of visitors.

The new plant beside the railway will consist of a building 118 feet long, 64 feet wide at one end and 80 feet wide at the other end. Up to the present time the Company has been doing the curing by air and water system, but at the new plant a steam outfit is being installed which will not only do the work much more quickly but will also do the work better. Already a 50 h.p. boiler has been located and a 20 h.p. electric motor is being installed. It might be interesting to know that the company manufactures cement drain tile and roofing tile; concrete sewer pipes, building blocks, and often suffer because of imprudent blocks, pier blocks, chimney-tile speech.

### "The Only Thing That Will Relieve Neuralgia."

The piercing pains of Neuralgia, which often follows a bad cold or La Grippe, are frequently almost unbearable and few medicines afford any relief to the sufferer.

"I am a rural mail carrier and have been a user of the Dr. Miles' Ant-Pain Pills for years. Dr. Miles' Ant-Pain Pills can't be beaten. They are the only thing I have found that will relieve my neuralgia and I have tried most everything, besides medicine from the doctor. I am willing to tell anyone what the Ant-Pain Pills did for me."

CHARLES HILDEBRANDT,  
Box 205, Woodville, Ohio

If you, like Mr. Hildebrandt, "have tried most everything in vain, why not do as he did, fight your aches and pains with Dr. Miles' Ant-Pain Pills. Let the pills bear the brunt of the battle. No matter how stubborn the case, they will come out victorious. Dr. Miles' Ant-Pain Pills stand on their record, which is a long list of cures extending back generations. Druggists everywhere can get postage paid to you for a trial box. It returns your money if it does not relieve your pain. DR. MILES' MEDICAL CO., TORONTO, CAN.

### FAMOUS DOCTOR'S PRESCRIPTION.

## PE-RU-N

FOR DYSPEPSIA CATARRH OF STOMACH

Couldn't Get Strong SEEMED TO HAVE LOST ALL AMBITION, WAS PALE AND ANAEMIC. MADE A WONDERFUL RECOVERY WHEN DR. HAMILTON'S PILLS WERE USED.

"I was never actually sick," writes Mrs. La Pierre, wife of a well-known resident of Labebe, "yet I never could get strong like other women. I ate well enough, but somehow blood rich and red I could never make. When I married I took great pride in my housekeeping, but it kept me tired all the time. Mrs. Lechance, my neighbor, looked well—she told me her health had been made by Dr. Hamilton's Pills. I only thought of pills as a physic, but now I know that Dr. Hamilton's Pills are more, for they quickened my stomach, liver and bowels—made me stouter and stronger, gave me such color to my cheeks as I never had before. They do good to parts in ways I need not mention in this letter, but I sincerely believe Dr. Hamilton's Pills should be used at regular intervals by every woman—that's why I write this letter."

No medicine invigorates a woman like Dr. Hamilton's Pills. 25c. per box, all dealers, or the Catarrhzone Co., Kingston, Canada.

### A LARGE YIELD.

Mr. Endicott, a farmer living at Pleasant Point, was in town yesterday and stated to a Watchman reporter that he planted seed onions in a piece of ground a rod square which yielded forty-seven bushels of onions, which he sold at \$7 per bushel, KILLING VALUABLE FOWL.

Residents along the shores of "Big Bay" at Bald Point are becoming wrathful over the slaughter of geese owned by the farmers who reside upon the lands adjoining this body of water. The nefarious act is the work of sports supposed to come from Lindsay on Sundays who plug away at anything from a kingfisher to the barnyard gabbler. It might be well for those disciples of the dog and gun to draw the line when focusing their rifle on a farmer's goose and confine themselves to game which they are legally permitted to kill at this season. It is also a violation of the Sabbath which is to itself a breach of the Lord's Day Alliance Act.

Few people regret the times when they were silent, but many regret concrete sewer pipes, building blocks, and often suffer because of imprudent blocks, pier blocks, chimney-tile speech.

### THE LINDSAY MARKETS

"Fairly good market," were the words expressed by Clerk Calthagen at Saturday's market. A nice load of sucking pigs met ready sale at \$3 each.

Hay was strong at \$16 per ton. The quality of produce on display was inviting.

Cream 15 to 30c.  
Eggs, 25c, 26c.  
Alfalfa clover \$9 bus.  
Little hogs, \$4, \$5, \$6 per pair.  
New potatoes 90c to \$1.25 bag.  
Honey 12c lb.  
Live hogs, \$6.90.  
Hay, per ton, \$15 to \$16.  
Head cheese 14c lb.  
Pork 15 to 18c lb.  
Rib roast 15c lb.  
Spring lamb 12 to 18c.  
Grass seed \$7.  
Cheese 17c lb.  
Lard 15 to 18c lb.  
Celery 5c bunch.  
Onions \$1 bus.  
Sirloin steak 18c lb.  
Lamb 15c to 20c lb.  
Spare ribs 3 lbs for 25c.  
Beef cattle \$3.50 to \$5.50.  
Baled hay \$16.  
Hay per ton \$12 to \$15.  
Pea straw \$1.58 load.  
Buckwheat 53c bushel.  
Timothy \$5 to \$7.  
Flour, Manitoba, \$2.90.  
Sage per bunch 5c.  
Dairy butter 26c and 27c.

Bran, cwt. \$1.20.  
Hens 15c lb.  
Large peas, 90c.  
Green Peas 25c. qt.  
Small Peas, 80c.  
Barley 67 to 75c bus.  
Oats, 40c.  
Rye 70c bus.  
Fall wheat 86c.  
Spring wheat 80c.  
Goose wheat 80c.  
Ducks per pair, \$1.20; 16c lb.  
Geese 16c to 17c per lb.  
Chickens, 17c to 18c lb.

### OBITUARY.

#### THOS. B. MENZIES.

Word has been received of the sudden death of Thomas Blair Menzies, on October 19, at Kingsfisher, Oklahoma. He was the eldest son of the late Thomas Menzies, formerly of Peterboro, and a brother of Mrs. R. S. Davidson and Mrs. K. G. Lech, also a cousin of Mrs. J. R. Stratton.

#### ABRAHAM WEBSTER.

The late Abraham Webster, who died on Oct. 16th, 1911, at the age of 71 years and 3 months, was born in Cavan township in 1840, and was son of the late Robert Webster. He moved to the township of Mariposa with his parents when but a small boy, and lived there ever since up to the time of his death. He was married to Catherine McInnes in 1869, who died seventeen years ago.

The late Mr. Webster leaves to mourn his loss a family of seven children: Amelia, Mrs. G. H. Irwin, Lindsay; Ellsworth, of Winnipeg; Albert L., Lindsay; Fred E., Winnipeg; (Mary) Mrs. John Parker of Mariposa; Wilmet and Stanley at home. Also four brothers, Samuel D., Thomas James, of Oakwood, William John of Montreal and Robert George of Mariposa; four sisters, Mrs. Wm. Parkinson in Alberta; Mrs. Wm. Thexton, Millbrook; Mrs. Sam Grandy, Omemee; and Margaret, of Oakwood.

In religion he was a Methodist, and in politics a Conservative. He had been ill for the last seven months. He rallied when the warm weather came, but about six weeks ago he was taken worse, but was able to be up and around until about three weeks ago. He was in bed, and he was glad when the end came to relieve him of his sufferings.

The funeral services were conducted at the house and grave by the Rev. Mr. Lambert, of Oakwood. His three sons, Albert L., William and Stanley, two son-in-laws, George H. Irwin, John Barker, and nephew, Wilson Webster, were the pall bearers.

### SHE WAS SURPRISED

When Dr. Morse's Indian Root Pills Cured her Chronic Liver Complaint

Mrs. R. Smith, of Winnipeg, Man., tells an interesting story of relief from almost intolerable suffering.

"I can hardly tell you how great my sufferings have been. Chronic liver complaint accompanied by biliousness were a daily source of trial to me. Every day I experienced the sickening effects of these ailments. I longed for some medicine that should permanently drive them away.

Hearing of Dr. Morse's Indian Root Pills, I thought they were worthy of a trial. My suspicion was indeed great. From the very first I experienced relief. Continuing with them I found my troubles were slowly but surely leaving me, and before long I once more knew what it was to be free from the harassing effects of the ailments that had long racked and weakened me. So great is my faith in Dr. Morse's Indian Pills that I shall never on any account be without them."

Dr. Morse's Indian Root Pills cure Bile and Kidney as well as Liver troubles, and keep you healthy. 5c a box. Get your dealer's.

### PLUCKERS ARE SCARCE.

The laborers are evidently few in Lindsay, that is those without work. At the present time Flavell's Limited cannot secure enough pluckers to handle all the fowl that has been coming in, and as a result the firm has sent out letters to the various poultry farms to the effect that they have enough birds on hand to last several days and no more are required.

This morning a couple of young men employed by the firm were despatched on a still hunt for pluckers but none were available despite the fact that some of the best pluckers at the Egg House are to-day making \$4 to \$4.45 per day.

The absence of all good work is timely. For the right thing done at the wrong time is as bad as the wrong thing at any time.

## BLACK KNIGHT

The best stove polish on the market—and the biggest can for the money. "Black Knight" is a paste—no mixing—no trouble—shines quick as a wink—and the shine stays on. Just as good for pipes, grates and iron-work as for stoves.

If your dealer does not carry "Black Knight" Stove Polish, send his name and 10c, and we will send a full size tin by return mail.

THE F. F. DALLEY CO., Limited, Hamilton, Ont. Makers of the famous "2 in 1" Shoe Polish. 33

## BLACK KNIGHT

### STOVE POLISH

ATTACKED BY THUGS.

Peterboro Examiner: A man with a badly battered up countenance and his right hand swathed in bandages was observed lingering around the G.T.R. station last night. On being questioned as to the cause of his dilapidated looking condition, he replied that he had been held up on the Chemong Road, by thugs on Thursday evening, while on his way to the city. It is the victim of the assault case gave his name as William Rutherford. He was a river driver by occupation and has been working on the drive "ark in Cavendish during the past summer. When within about six miles of Peterboro two husky looking forms loomed up in the darkness, and offered to relieve him of his cash. This he strongly objected to do, whereupon they retaliated, by striking him in the face. Rutherford, who, by the way, is a strapping big fellow, quickly assumed the defensive, and to use his own expression, "the blood and hair flew in all directions." The battle was short and decisive and culminated in a complete rout for the highway men, but not before Rutherford had been badly cut about the face and hands. He considered himself very fortunate that he did not lose his wad which amounted to about \$175 and attributes the failure of the thugs to secure it to the fact that it was hidden in his boots.

What poverty is like that of moral penury? When the head is poor, what mockery is money wealth!
