Mantle Clock Presented to Miss L. Frechette
That Miss Lizzie Frechette has a large number of kind friends was in evidence Saturday afternoon, when the employes of Horn Bros., Woollen Factory gathered and presented her with a beautiful mantle clock as a token of esteem and regard.
It appears that Miss Frechette, who has been a valuable member of the staff for ten years, is about to leave along with her father and other members of the family for Toronto, where they will reside in the future.
Miss Frechette was completely taken by surprise, but made a very suitable reply, in which she thanked her kind friends for the token of remembrance.
The address, which was as follows, was read by Mr. Geo. Way, and the presentation was made by Mr. T. Campbell:

Dr. Cleaver to Speak at Omemeé
Kinmount, Oct. 23.-Partridge sea-school held no sessions on Thursday and Friday, the teachers being present at the annual convention at Lindsay. The anniversary services of the Presbyterian church will be held next Sabbath. The Rev. D. W. Best, of St. Andrew's, Beaverton, will preach at 11 a.m. and 7 p.m. There will be special music and a special collection at each service. On Monday evening, Thanksgiving, the story of Jean Van Jeal will be given by Rev. S. Cleaver, D.D., pastor of Trinity Methodist church, Toronto, in the Presbyterian church at 8 p.m. Admission 25 cents. Dr. Cleaver has a provincial reputation as a lecturer, and a rare treat is in store for his audience. Rev. D. W. Best is well known here, having been born in Mount Pleasant, and we bespeak for him large congregations. Rev. D. H. Currie, pastor, will be in Beaverton on Sabbath, taking Rev. Mr. Best's work. The Methodist church has withdrawn its morning service to enable its members to attend the Presbyterian anniversary service.

NO CHANGE IN ROAD.
As was stated in the columns of the Daily Watchman some time ago, that it was very unlikely any change would be made in the roadway at Pottery Corners, Mr. Agnew, township clerk, informed The Watchman that a decision has been given by the board of railway commissioners to that effect, and no change will be made. The crossing is not considered a dangerous one, as incoming or outgoing trains can be seen for a long distance, by pedestrians or drivers of vehicles. The accidents which have occurred at those two crossings might have happened on Lindsay-st. crossing, under similar conditions. It is understood that trains passing over those crossings will slow down to a speed of ten miles an hour, which will obviate much of the possible danger.
