## O'Loughlin & McIntyre

Cash and One Price.

### Well-Known Live Stock Judge Interviewed by Reporter

Mr. Wm. Channon returned from Minden fair last Wednesday and remained in town for the night, being engaged as judge at Millbrook fair Thursday.

In speaking of fairs Mr. Channon said: "They are a great source of education to the farmer and better results are being obtained each year."

He remarked that fairs were of very ancient origin and were held in England and the old countries centuries ago. The United States had been going along in a lethargic way for many years, but were now awakening to the fact that to keep abreast of the times in the production of good stock competition between the farmers must be established, and this can only be brought about by agricultural societies and the holding of fairs.

Mr. Channon also remarked, in acting as judge of horses, (a position he has filled with satisfaction to all), he found at some of the country fairs animals shown which were really not worthy of a first or second prize, but should be turned away it would destroy competition, therefore in his wise judgments he considers that it stimulates others in subsequent years to do better.

The quality of horses shown at Minden fair was good for the district, and all told it was a success.

### Why Discuss Local Option At the Present Time?

Peterboro Times.—Mr. Burnham says that he is frequently asked the question:

"Do you mind stating whether you are in favor of submitting the Temperance question (that is Local Option) to a vote of the people next January, as suggested by some, or of letting it go to the people when they go to the polls at the next election for the legislature?"

His reply is: "I do not mind giving my opinion. I should say that it was necessary and not a matter of option at all, to leave it to Sir James and Mr. Rowell at the next election. Their new policies supersede, or will supersede local option altogether, and it would therefore be useless to bring it under these circumstances and just as useless to defeat it."

"The result of continued agitation has been that Mr. Rowell has suggested something new and Sir James has countered with something else. If local option had been pushed by both leaders it would have been quite different to giving it a black eye by proposing something else. Frankly, therefore, I cannot see the use of discussing local option further."

—Messrs. Stephen Oliver and R. Smith arrived home from Markham, where they attended the Markham fair. Mr. Oliver was successful in carrying off 45 first prizes, 30 seconds, 12 of the number were ticketed on his herd of Jersey cattle. Mr. Oliver reports the fair as good, but not up to the Lindsay Central.

The oil of flattery lubricates self esteem, but it is so apt to promote egotism that it really needs a physician's prescription to administer it.

If the weather man took orders he'd find plenty of people willing to order from him.

### Lady at Nogies Creek Had Thrilling Experience in the Northern Woods

Nogies Creek, Oct. 1.—Miss Etta Beatty has returned after a visit with her sister in Lindsay.

Mr. Joshua Gait who went to Arizona for his health is home again and we are sorry to hear he is no better.

Miss Helen Ventress is attending the Collegiate Institute in Lindsay.

Mr. A. Macdonald, of Victoria Road passed through here last week buying cattle.

Mr. Ventress met with a painful accident on Friday last. He was cutting corn and the sickle slipped and cut a nasty gash in his left leg which laid him off work for a few days.

Nearly every one attended Bobcaygeon Fair last week and despite the bad roads and weather all report a good time and a good fair.

Last Sunday was Rally Day in the S. S. here. The church was beautifully decorated with plants cut flowers, ever greens, maple leaves, flags and a large portrait of King George V. The Rally Day program was heartily entered into. Rev. Mr. Smith the junior pastor, gave an excellent talk on "Our Flag".

We extend our congratulations to one of our young ladies, Miss Gertrude Parker who has graduated with honors from the Toronto Western Hospital.

Mr. and Mrs. Gedford and children of Vancouver B. C. are at present visiting her brother, Mr. F. Forest.

There was a meeting held in the Methodist church on Friday night to arrange for a tea meeting. The pastor Rev. W. E. Honey, presided. It was decided to have a tea and entertainment on Oct. 7th. The tea will be served in Mr. Beatty's new store room which he has kindly loaned for the occasion and will be followed by an entertainment in the church. A good time is anticipated.

Rather an exciting adventure befell Mrs. Ed. St. Thomas, while out in the woods looking for her cows the other evening. It was nearly dark when she heard the cry of a little bear. As she is used to the woods and knows no fear she made towards the direction from which the noise proceeded, and soon met the little cub who ran straight towards her. She picked it up in her arms and was debating whether to take it home or carry it till she found the cows. But the latter plan was undesirable as the cub was very heavy. However she did not have long to decide as the mother bear suddenly appeared on the scene, and the little cub sprang from Mrs. St. Thomas' arms with such force as to knock her to the ground.

On regaining her feet she had prescience of mind enough to remain facing the pair and after a few minutes they moved away into the woods and Mrs. St. Thomas continued her walk till she found the cows.

## Local Option and Local Autonomy

The Peterboro Examiner deals with the proposition to launch a local option campaign in that city in the following manner. The situation in Lindsay is identical with that of the electric city and The Warder therefore deems the editorial worthy of space in its columns. It is as follows:

"It was stated in these columns yesterday that the Ontario branch of the Dominion Alliance had decided to introduce local option campaigns in some fifty municipalities, and among them was something of a surprise to see the name of Peterboro included. No one questions the right and propriety of the Alliance in regard to taking what action it deems best, but in the case of Peterboro, it is a question as to whether their decision and intimation is for the best. It is stated on good authority that the majority of those interested in temperance progress in Peterboro are not in favor of bringing on a local option contest at the present time. The fact that the policy of Mr. Rowell, of abolishing the bar, and the alternative policy of Sir James Whitney of abolishing treating will, one or the other of them, be passed into law at the next, or at furthest, an early session has influenced these persons to question the propriety of introducing a local option contest now. Especially in view of almost immediate legislation which promises to be much more effective than local option, even if local option should be successful in Peterboro, which is problematical. The hope of more effective action by the legislature will tend to weaken popular support for an inferior measure, as to promise of effectiveness.

"It is felt by many that under the circumstances it would be something of a waste of effort, of time and money to introduce a campaign, whose lack of success will be assisted by the promise of more effective measures being adopted, and whose defeat will tend to discredit the cause. The announcement of the Alliance, it is learned, has not the force of a decree, but, in the case of Peterboro, it was founded upon action taken by temperance workers last spring, and as far as the local situation is concerned, it has somewhat changed, and nothing is decided upon. The event of a local option contest will depend upon the result of further consideration that is being given the subject."

### Largest Advertisers in Fenelon Falls--Novel Advertising by Terrill Bros. Brings Results

Among the best advertisers in Victoria county can be classed Terrill Bros., of Fenelon Falls. For several years past this well-known and well-established firm have been having their sale bills printed on The Warder presses. In fact they are firm believers in the value of printer's ink and issue sale bills every week. These bills are distributed over the village of Fenelon Falls and vicinity and are productive of good results for the buyer and the seller. Bargains, with a capital "B," is one of the mottoes of this reliable firm.

Of late Terrill Bros. have been holding "After Supper Sales," which have been largely patronized. No. 4 sale will be held on Wednesday night next, and in the poster issued boots are offered for sale in the following manner:

"Bring in your cast-off shoes. We will allow you the following prices for them on a new pair.

"Buy a pair of \$3.50 to \$5 shoes and we will allow you \$1 for your old shoes.

"Buy a pair of \$1.65 to \$3 shoes and we will allow you 50 cents for your old ones.

Advertising in the fullest sense of the word signifies a transference of ideas to the minds of others in such a manner that those ideas will become rooted and will ultimately influence the recipient to act in the way the advertiser desires.

This "transference of ideas" takes place in Fenelon Falls and vicinity in no uncertain manner. The store has been packed with buyers at every sale, and at the last big sale no less than thirteen extra clerks were hired to attend to the trade. So brisk was the business that the customers did not even wait for their parcels to be wrapped up, but walked off with their new purchase under their arm, whether it was a pair of boots, a pair of trousers, an overcoat or an undershirt.

### Death of Mr. William Johnson

On Saturday, Oct. 5th, Mr. Wm. Johnson, of Belleville, chief inspector of weights and measures for this district of Ontario, died in Napanee at 2 o'clock p.m. Mr. Johnson was well-known through his official visits to Lindsay and had many friends in town. Among the many whom he personally knew and mingled with when in Lindsay were Mr. R. Kyle and Mr. Wm. Galbraith.

The deceased had been a member of the board of education continuously from 1873 to the time of his death. In 1874 he was appointed superintendent of Bridge-st. Methodist Sunday school, which office he held

### DUNCAN'S DEFENCE IN Sudden Death of Mr. David Gage

Toronto, Oct. 5.—M. K. Cowan, K.C., counsel for Inspector of Detectives Walter Duncan, had a strong defence prepared for his client when the police commissioners met for the third time to investigate the affairs of the Toronto Detective Department. Many prominent men were called by the attorney, including lawyers, doctors and others.

Only one witness was called by the commissioners, and that was Joseph Rogers of the provincial police. Col. Denison, as at former sittings, did all the cross-examining. Mr. Duncan again testified that an attempt had been made to bribe him so that the statement made by Travers in No. 2 police station could be seen. He also knew that the stenographer had been approached with a money offer. The inspector wanted the commissioners to get this statement out of his desk and read it. They would then see that not a line of its contents had ever been published by any paper.

An adjournment was taken sine die to allow some more evidence for the defence to be put in.

### Factory Hand's Terrible Death

Guelph, Oct. 5.—Charles Walker, an employe of the Raymond Manufacturing Co., met a horrible death yesterday morning. He had taken the belt off the pulley of a drill he was working and kicked the belt at the lower pulley.

His foot caught and he was carried up the shaft and whirled around about ten times, hitting the ceiling with his head each time. His right leg was cut off at the ankle and thigh and hurled through the window on to the road, while pieces of his body were strewn all over the shop.

### C. P. R. WINTER SERVICE.

In answer to the suggestion that the company should give a better passenger service on their Georgian Bay and Seaboard line, Mr. J. C. Miller, of Orillia, has received letters from Mr. McNicoll, general manager of the C.P.R., and from Mr. Arundel, the general superintendent. The latter states that beginning with the winter service the trains which now run only as far east as Lindsay, will run to and from Havelock, giving connection with trains to and from Ottawa and Montreal. It will also give a direct service from Orillia to Peterboro.

### Local Option Campaigns in Ontario

It has been definitely decided by the Ontario branch of the Dominion Alliance to conduct local option campaigns in 48 Ontario municipalities next January, including Oakville, Mount Forest, Aurora, Port Stanley, Lindsay, Peterboro, Oshawa, Walkerton, Wingham, Whitby, and Fergus. Active operations will be commenced by the local committees at once. The six field secretaries of the Alliance have been working hard for some time, and the entire province has been organized. Campaigns were conducted three years ago in practically all the municipalities decided upon, and in the majority of cases the by-law was carried by a substantial plurality. The contest at St. Mary's will be the 3 one for that town. Contests will take place in the following towns:

Arthur Township, Arthur Village, Aurora Town, Bancroft Town, Bastard and Burgess, Bayfield Village, Blyth Village, Brock Township, Brussels Village, Burleigh and Anstruther Township, Clinton Town, Drummond Township, Dutton Village, Easthope N. Township, Easthope S. Township, Elma Township, Escott Front Township, Exeter Village, Fergus Village, Fitzroy Township, Glencoe Village, Kincairdine Town, King Township, Lindsay Town, Markdale Village, McKillop Township, Meaford Montegale Township, Morris Township, Mount Forest Town, Newboro village, Nichol Township, Oshawa Town, Peterboro, Port Stanley Village, Springfield Village, Stephen Township, St. Mary's Township, Turnberry Township, Walkerton Town, Westport Village, Whitby Town, Wingham Town, Oakville, Orrville, Georgetown village.

### Arthur Township, Arthur Village, Aurora Town, Bancroft Town, Bastard and Burgess, Bayfield Village, Blyth Village, Brock Township, Brussels Village, Burleigh and Anstruther Township, Clinton Town, Drummond Township, Dutton Village, Easthope N. ### One to Blame.

Kingston, Oct. 5.—A coroner's jury found no one to blame for the fatal railway wreck near here. The roadbed was shown to be in good condition, and also the box car that first jumped the track.

### CARD OF THANKS.

"I wish to take this opportunity on behalf of myself and family, of thanking the many kind friends in Lindsay, who showed their deep and sincere sympathy in the sad bereavement we have sustained in the death of a truly loving wife and kind and devoted mother. The many little acts of kindness will never be forgotten."—John Pearson.

One reason why it is hard to name the baby is that it is difficult to find a name he'll answer to.

until a few months ago, when he resigned on account of ill-health, and was succeeded by Judge Deroche. He led a very interesting life. He was a veteran of 1866. He was a member of the Orange Association. A Past Provincial Grand Master, a representative of British North America at four Imperial grand councils of the world, Londonderry, Edinburgh, Ottawa and Toronto. He was also a member of the Ancient Order of United Workmen, the Royal Arcanum and the Independent Order of Foresters, and was president of the Belleville Old Boys' Reunion of 1905.

He was district inspector of weights and measures and gas, having held this position under both Liberal and Conservative Governments.

### Minden Fall Fair Best On Record

Minden Echo: Every road led to Minden on Tuesday and the fair was one of the best on record here. In many classes the entries far exceeded that of previous years and the attendance was exceedingly good. The weather turned out fine in the afternoon and the fair grounds was one of the busiest places in the north country. The vice-president took up the work that fell to him most admirably and capably and did his best to make the fair a success in every department.

There were the greatest numbers of horses and colts on the grounds that have been exhibited at one time in Minden for many a year, if ever. Mr. A. C. Jones showed a colt, less than a year and a half old, that tipped the scales at 1200 pounds, while there were others nearly as big. The long row of pens for sheep and pigs was full from end to end. Mr. George Wright was present with his much admired white faced oxen, mounted in his buggy, trotted them around the ring, drawing quite as much attention as did the finest team of horses.

Mr. John Cowan's herd of Polled Angus cattle was a fine feature of the show. Great numbers went to see the litters of little pigs.

In the hall the exhibit was good, with fine showings of vegetables and dairy products. The ladies' department was equal to the best, while several new features were introduced, notably the oil paintings, which attracted much attention.

The judges were as follows: horses, Mr. Wm. Channon, of Mariposa; cattle, Mr. James Casey, of Mariposa; poultry, Mr. John McBride, of Peterboro; sheep, Mr. Fred Parish, of Haliburton; grain and roots, Messrs. Maxom, of Lindsay, and A. Y. Hopkins, of Kinnmount; domestic manufactures, Mrs. Geo. Hewitt and Miss Pilkey; ladies' work, Mrs. Thos. Rogers and Mrs. John Prentice.

## THE DOMINION BANK

Each of the branches of THE DOMINION BANK has a special department devoted to savings. Such savings accounts receive careful attention, and interest is allowed on deposits of \$1. and upwards. \$1. is sufficient to open a savings account.

LINDSAY BRANCH. ROBERT ROSS, Manager.
