pimples, blotches and ulcers heal up; the nerves become strong as steel, so that all nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and mental systems are invigorated; all drains cease—no more vital waste from the system. You feel yourself a man and know marriage cannot be a failure. Don't let quacks and fakirs rob you of your hard earned dollars.

Advice to Expectant Mother

The experience of Motherhood is a try. ing one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or onderstands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial. Every woman at this time should rely

upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism. In many homes

once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal. healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
