#### HOW A SUFFERER FROM SCIATICA FOUND PERMANENT RELIEF.

Fierce darting pains, pains like red hot needles being driven through the flesh in the thigh, perhaps down the legs to the ankles—that is sciatica. None but the victim can realize the torture of this trouble, and many suffer from it hopelessly in the belief that it cannot be cured. This is a mistake; sciatica is a nerve trouble, and if the starved nerves are properly nourished with rich, red blood the trouble will soon disappear. Dr. Williams' Pink Pills make just the new, pure blood needed to feed the sciatica nerve and drive out the racking pain. It has been proved over and over again that they can do this, and we offer now the following additional piece of evidence. Mr. E. H. Pastorious, Harrow, Ont., says: "Some years ago I was terribly afflicted with sciatica, starting first in my hip and then extending through the leg to the foot. At the time I was attacked I was away from home and had to be brought home on a mattress in a spring wagon, and the agony of the trip was almost more than I could endure. Reaching home I was not able to sit up and remained in bed for six weeks. The doctor did not help me and I tried a number of medicines recommended by neighbors. I paid \$5.00 a bottle for one preparation, but it was no better than the rest, and I began to think there was no cure for me. While suffering this untold misery Dr. Williams' Pink Pills were recommended, and my wife got me a supply. In the course of a few weeks I began to feel better and could get around with the aid of a cane. I kept on taking the Pink Pills until all the pain disappeared and I felt as well as ever. I did. I have never had an attack of the trouble since, and although I am now 65 years of age I feel as vigorous as I did at 40, all of which I ascribe to Dr. Williams' Pink Pills."

If you are suffering from sciatica or any nerve or blood trouble, begin to cure yourself to-day by the use of Dr. Williams' Pink Pills, which will assuredly do for you what they have done for others, if you give them a fair trial. Sold by all medicine dealers, or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### Newsy Items From 'Caygeon

Bobcaygeon, Oct. 21.—Is Bobcaygeon interested in missions? There seems to be only one answer to the question, and that was amply demonstrated last Friday evening, when before a large assembly in the town hall a number of young people from Lindsay came down and entertained us to an echo of that greater gathering of the missionary conference last July at Whitby.

Missions—the name suggests something different—something of appeals made at stated intervals, for subscriptions to help the poor heathen, as well as a poor field where a minister is working on a starvation salary and accompanying very little.

### Mr. Robt. McGee and Family Figured in Bad Runaway

Mr. Robt. S. McGee, of Fenelon township, and members of his family figured in a very exciting runaway Sunday evening, when they were returning from the home of his brother-in-law, Mr. Jas. McNevin.

It appears that Mr. McGee, Mrs. McGee and a couple of children, occupied the buggy, and were comfortably seated in the rig when the accident occurred. As they were leaving the lane at Mr. McNevin's, the young horse they were driving, be-

came frightened at Mr. Norman Mark's automobile, and bolted. A short distance away, the occupants of the buggy were thrown out as the horse galloped sharply around the corner below Lee's hill, while the animal continued on its wild career up the hill.

Mr. McGee suffered a broken ankle, while his daughter was also slightly injured. The horse was captured, being none the worse for its wild run, while the buggy was also only slightly damaged.

But missions now takes on a different turn. The complexion is changing—or changing.

Evolution, someone says. Well, perhaps, but it is still missions, in a new dress—a different mode of presenting the theme, that is all. Which is right, the old or the new? Let any one attend even the Echo meeting of Friday evening and he will soon get a grasp of the vastness of the subject, of its grandeur, of its simplicity, its helpful influence, which he would not get in a score of years by some other means. Instantly his sympathies are aroused for the cause of those whose lot has not been so fortunate as our own and next of our responsibility—yet it all missions, missions. What is it but the antidote for the yellow peril. Nothing was more clearly demonstrated during the whole evening. What is it anyway but giving to our brothers what we have already, and can be accomplished by united efforts, by zeal and true Christian sympathy for the cause. Old ways are surely passing.

The young people, one and all, acquitted themselves splendidly. The stage was handsomely decorated with mottoes and curios, which Miss Robinson brought with her from India. Mr. Manning made an ideal chairman. No part of the program lagged. It was all interesting and instructive, and each took much pains to show how important the subject was. We bespeak for them on their first missionary tour a hearty welcome. A hearty vote of thanks was voted the delegation, on motion of Mr. Jas. Lithgow and Rev. W. E. Honey; also to Mr. Bottom, reeve, for the free use of the hall. A collection was taken up to defray expenses.

Bills are out announcing a Thanksgiving tea by the Methodist congregation next Sunday and Monday. Rev. W. R. Archer, B.A., of Woodville, will preach Sunday morning and evening, and give an address Monday evening.

Rev. Mr. Smith and Rev. Mr. Honey exchanged pulpits last Sunday week. Rev. Mr. Honey taking the work at Dunsford and Bobcaygeon and Rev. Mr. Smith at Bethel and Providence.

Rev. Mr. Smith was at Utica on Sunday conducting anniversary services, and Rev. Mr. Price, of Ashburn, supplied his work here.

Rev. Mr. Greaves, the new Church of England clergyman, was inducted into his office Thursday, the 10th inst. He with his family are occupying Mrs. Braden's house on Neel-st. The rectory is undergoing re-arrangement and accompanying very little.

There has been no more marked sign of the movement towards the union of the different Protestant denominations than the combination of the four theological colleges—Anglican, Methodist, Presbyterian and Congregational—in one body known as "The Montreal Theological Colleges," with professors of the different denominations teaching all students. Minor religious differences are being set aside and a broader Christian spirit is being developed.
