### Names Cured Patients in Canada

THOUSANDS ARE EXPECTED TO TAKE ADVANTAGE OF GEN-EROUS OFFER OF THE PHYSICIAN.

In speaking of his immense number. of patients recently, he said : " My practice was not always so large. My success in curing the cases that other doctors failed to cure is responsible for its rapid growth, for every cured patient sends others. Some years ago it became necessary for me to adopt a plan which would enable me to properly attend all these patients and I devised my present system of treating by mail which I find is just as successful as the method of the ordinary doctor who tries to see all his patients personally. Now I have a staff of eight able specialists to assist me and as you will see from the letters in my files, I have many cured patients everywhere. "In this large cabinet," and Dr. Kidd pointed to a case full of letters, " are testimonials from patients all over Canada. " and in this," pointing to another, "you will find letters from cured patients in the United States, England, Ireland, Scotland, Sweden, Norway, Denmark, Finland, Germany, Switzerland, India, South Africa, South America, Australia, Mexico and Central America. I always send copies of any of these letters to other patients when I am requested."
