Professional Men.

It's the constant strain and worry under which the professional man labors, the irregularity of habits and loss of rest that makes him peculiarly susceptible to kidney troubles. First it's backache, then urinary difficulties, then unless it's attended to—Bright's Disease and death.

DOAN'S KIDNEY PILLS

Strengthen and invigorate the kidneys—never fail to give quick relief and cure the most obstinate cases.
Rev. M. P. Campbell, pastor of the Baptist Church, Essex, Ont., says: "From my personal use of Doan's Kidney Pills, which I got at Sharon's drug store, I can say they are a most excellent remedy for kidney troubles, and I recommend them to sufferers from such complaints."

VICTORIA ROAD.

Farmers are busy picking and packing apples, plowing, threshing, etc. Some of our young men have made a break for themselves this fall. Mr. C. Robinson has rented the Cameron farm; also Mr. E. W. Lytle has commenced work on his farm, east of the English church. Ed. and Charlie are clever young men, and no doubt will make their mark in life.

Mr. J. Rehill having decided on moving back to Janetville, is at present in Manvers on his farm, plowing and making other necessary arrangements. Mr. and Mrs. Rehill have made many friends in our vicinity, and will be greatly missed.
Mr. H. Webster returned home on Friday having spent a few weeks in Palestine.

Miss Bella Cameron spent a month in Toronto.
Miss M. A. Cameron and Mrs. J. Laidlaw spent a week in Woodville renewing old acquaintances.

Miss Maud Magwood who has been ill for some time is improving slowly. On Sunday, 7th ult., the Rev. A. B. Chaffee, B.A., of Coboconk, preached a very impressive Thanksgiving sermon in the English church, after which was administered the Holy Sacrament. The church was beautifully decorated with the fruits of the season, intermingled with autumn leaves. Miss Twohey in her able manner officiated as organist.
Thanksgiving day passed off very

quietly. The boys spent the day in hunting, and in the evening a circle of friends gathered at the home of Mr. and Mrs. J. W. Lytle, where the evening was spent in music, games and other amusements.

The sale of farm stock and implements, also household furniture, was a decided success. The day broke beautifully clear and buyers came from far and near. Everything sold well and a handsome sum was realized.

MILLER-SMITH—EMILY

The Methodist anniversary on the 21st and 22nd Oct. was a decided success notwithstanding the inclement weather. The building was filled to overflowing. A grand fowl supper was served by the ladies, which was indeed a credit to them. The program commenced immediately after supper with Rev. M. Leigh in the chair. It consisted of music, both vocal and instrumental, recitations, etc., and an excellent address by Rev. Rowe from Omemece. To say the least all were well pleased with the evening's outing.

Another of our boys has responded to the matrimonial call. On Tuesday last Mr. John Elliot suddenly made his exit returning two days after with a handsome wife in the person of Miss Annie McMullen from Simcoe county. A reception was accorded to the young couple upon their arrival at their new home. Their many friends join in wishing them a happy future.

During the past week two visitors have come to our section; one of the fair sex to brighten the home of Mr. Robt. White, while the other a bouncing boy come to take up his abode with Mr. Wm. Thurston.
A trial trip. The Watchman-Warder from now until the end of 1900 for 15 cents. Send in names and money at once.

MINDEN

A very successful political meeting was held here on the evening of the 23rd inst. in the interests of Col. Sam. Hughes. The town hall was packed to the doors, a number of the people being unable to obtain seats. Round upon round of rousing cheers greeted the colonel's appearance, and in a very short time thereafter Mr. Wm. Gainer was called to the chair. Mr. James Mortimer, reeve of Anson, Mr. R. H. Baker of Ingoldsby, Mr. D. B. McNabb of Snowden and Captain Southey, who was recently with Col. Hughes in South Africa, were named to take seats on the platform. Each in turn was called upon for an address; the first two only taking a few minutes each. Mr. McNabb being called upon announced himself as not being a politician nor the son of a politician, but he had been watching the public life of Dr. McKay, and while he believed him to be a good doctor, he also believed that he was not the person wanted by the people of North Victoria. He had been weighed in the balance and found wanting. Col. Hughes desired the votes of the people and after fighting in the battles of the Empire, in a foreign country ought to be selected by acclamation. Several letters were read showing the trickery of the Liberal party as they now operate, all of which had caused the speaker to denounce Dr. McKay's present policy and give his most hearty support to Col. Sam. Hughes. Capt. Southey recounted in a most interesting manner, several instances and adventures in the South African war in which Col. Hughes took an active part. He gave the colonel credit for much gallantry as an officer under Gen. Sir Chas. Warren, and said his men had placed the highest confidence in Col. Hughes and would go any where, and do any possible thing at his command. The colonel was again greeted with cheers and after thanking Capt. Southey for the kind remarks and compliments tendered him, took up the political questions of the day and for an hour

and a half held the attention of the audience. He took up the question of the public debt and the broken pledges of the Liberal party. He advocated cold storage, preferential trade with England and without an interruption, except the plauditory marks of appreciation from his listeners, the meeting came to a close, but not without first having given ringing cheers for Queen and Empire and our Col. Sam Hughes, after which the national anthem was sung.

BURYS GREEN

We were treated to two good political meetings last week. The first was in the interest of Dr. Vrooman. Capital addresses were given by the doctor, Chas Fairbairn and A. F. Campbell. The latter is an excellent speaker and is assisting very materially in the work of the campaign. The meeting in the interests of Mr. McHugh was held on Wednesday evening. Only a slim attendance greeted the speaker, R. J. McLaughlin of Lindsay. The audience listened attentively and received much information in the tobacco and coal oil questions. Much is being said both for and against both parties, and it is only a question of a little time when it will be seen that there has been a lot of talking done for nothing by the defeated.

Messrs. Walker, Armstrong, and the Pogue brothers, are again organizing for a good hunting expedition in North Harvey and Galway.

Mr. Wm. Gamble's new residence looms aloft. Contractor Kent of Lindsay expects to have it ready for "house-warming" ere the snow flies.

An old man named Dewey, more familiarly known as "Jimmy Doo," was found dead on Friday morning in his little shanty at Fell's station, two and a half miles west of this place. The body was taken to Fenelon Falls and it was soon realized that the old man had suicided by taking paris green. Deceased lived alone and was about 50 years of age.

Mr. Wm. Flett, jr., while handling some lumber on a very windy day was struck on the head by a board which inflicted such a wound that Dr. Graham of Fenelon Falls was called to dress it and has confined Mr. Flett to the house for several days. He is now recovering and will soon be himself again.

Word has reached here from our boys who went north some few weeks ago to work in the woods for the Standard Fuel Co. in the township of Longford. The boys are well suited with their place and with their cook Mr. Wm. Prior, who went with them. Mr. D. Howkins of Woodville, representing the Napanee Tea Co. passed through here last week and at many places left a good cup of tea.

Miss Jessie Lamb visits a couple of weeks with her brother Wilson, of Burnt River.

We are sorry to state that Mr. C. Akister has tendered his resignation as teacher in our school after three years successful teaching.

Mr. Allwynn Newton, from North Bay, is spending a few days with his auntie Mrs. Hoskins.

Mr. and Mrs. Hopkins of Burnt River have been visiting friends in this place. They are always welcome.

Mrs. Hoskins spent two weeks with her parents Mr. and Mrs. Sinclair.

Election talk is all the go around here. Just now it's "Hurrah for Sam. Hughes and Dr. Vrooman." They are the men we should vote for by all means. We think Mr. Hughes might give us a meeting in Howie's school house. We would all like to hear him.

It has been a grand fall for gathering in the root crop. Turnips are the order of the day just now.

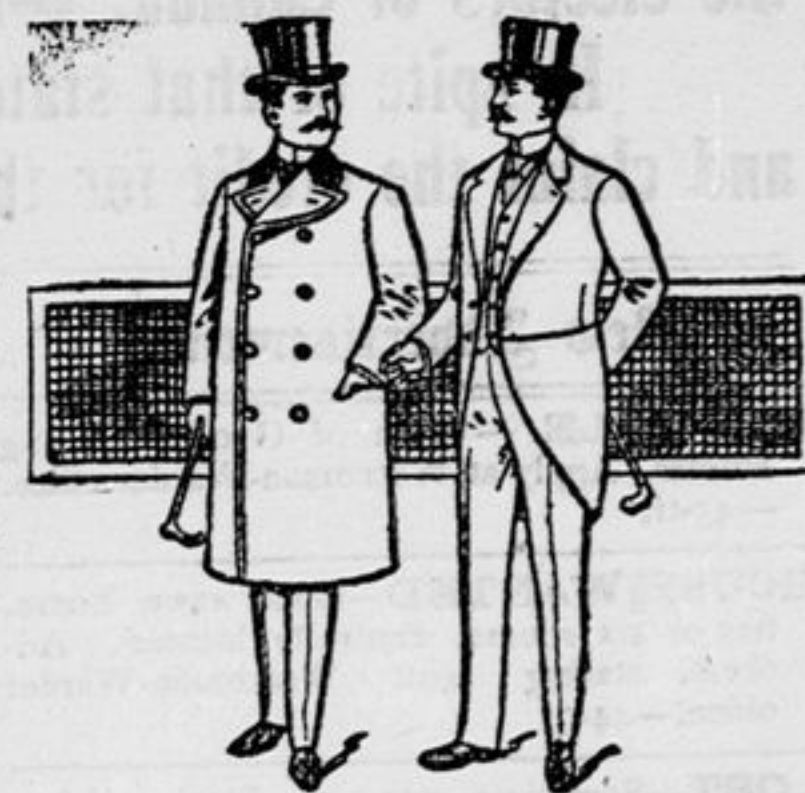

The Watchman-Warder is improving every week. Last week's issue of 16 well-edited pages, including the splendid report of Sir Charles Tupper's great speech, was read with interest here.
