PUBLIC MEETING RECOMMENDS A \$40,000 BYLAW FOR STREETS

The Whole Question Was Thoroughly Discussed on Monday Night

VARIOUS AMOUNTS NAMED

Outside Streets Are Warned Against Defeating the Bylaw—The Frontage System Will Follow

Bad weather made against the attendance at the public meeting to discuss the streets problem on Monday night. As it was, nearly one hundred citizens attended and for over two hours gave diligent heed to the matter in hand. Ald. Jackson was in the chair. At the close a resolution, moved by J. D. Flavell and seconded by Mr. J. H. Scotheran, advising council to build a bylaw for \$40,000 to build leading streets, was carried by a practically unanimous vote.

Other sums all the way from \$20,000 to \$150,000 were suggested, but a statement made by Ald. O'Reilly, chairman of the Board of Works, at the outset, that to build even Kent and Bond streets, and those that lead into town from the country would cost over \$47,600 made it clear to the meeting that omitting Bond street it would yet be necessary to raise at least \$40,000.

ALD. O'REILLY'S STATEMENT

Ald. O'Reilly said that the scheme thought of by council included Colborne-st., Bond, Cambridge, Kent from Lindsay street to the boundary, Victoria avenue from Kent to the freight sheds, William street from Kent to the station and King and Queen-sts. These would total more than four miles and cost \$47,600. He believed that if this sum were raised, the yearly rate would not be increased; for the expenditures on roads and during the past eleven years had probably equalled the sum required to pay off the debentures. Since 1891 the Board of Works had spent from \$1,000,000 to \$1,500,000 a year. Half of that had likely gone on the streets and \$250,000 a year would pay off debentures for a large sum. In eleven years \$496,27 had been spent by the Board of Works. Half of that or \$248,136 had gone on the streets and what was there for it? Nothing. To pay off \$20,000 at 3 1/2 per cent \$1471 a year would be required. To pay \$30,000 would take \$2,800 a year. \$50,000 requires \$36,80 and \$100,000 would take \$7360 a year. To borrow for a longer period than 20 years would, he understood, require a special act of the legislature. The amount needed to build the streets named would at any rate not take more than 1/4 a mill on the assessment. Mr. O'Reilly hoped the hearers would discuss the matter then instead of after the talking on the streets against what might be decided upon. Do you want a bylaw submitted, and if so, for what amount?

Mr. D. R. Anderson asked if the commissioners to handle the money were to be named in the bylaw. Some objected to that and it might be better to have them elected.

Chairman Jackson—That is a new idea, but I see no objection to it.

Dr. Vrooman—The council should not only tell us that there are different ways of providing for the cost of good roads; they should tell us which plan they think is best. When a bylaw is submitted they should endorse it and do their best to pass it. Last summer they would not say a word for those bylaws; they were afraid of their lives to do it. If I voted to submit a bylaw I would do my best to carry it.

Ald. O'Reilly—I am of record as in favor of raising a large sum of money; but I do not take any special responsibility for carrying a bylaw. The people must do as they think best about it. If you ask them to vote for a bylaw, they have different petty reasons why they will not; well I will let them take the consequences; they must not get the idea that I am responsible for carrying any bylaw that is submitted for their approval. The people must either pay for streets or do without them. The people on York-st. have set a good example. They propose to build and pay for building that street and wait for nobody else. If there was more of that it would be a good thing.

Mr. Albert Jewett—I believe it would take about \$5500 a year for 30 years to pay off \$100,000 at 3 1/2 per cent. Even so, it will all be spent in the town. We should be no worse off. The blocks of streets already built are good. The mud on them now has been carried there by the wheels. If that Lindsay street block made by Mr. Chalmers was scraped, \$30 would put it in good repair. I heard that the King-st. strip was breaking up. It is not. The residential streets should be narrowed up and wide trees used as much as possible. A 1 1/2-inch tire will cut up any road. A dressing of good metal occasionally is needed on any road. There is good gravel close to us. The pit is not bad but out west of here a piece there is a deposit of blue pebbles—the very hardest. They will not grind to powder with traffic. A siding can be put into the place and

FENELON FALLS AND VICINITY

Happenings of the Past Week at the Cataract Town

Mr. James Dickson returned last week from his six months' survey in the Northwest. His many friends are pleased to see him looking so well.

Mrs. T. Sadler returned home on Friday from a two weeks' visit to her mother in Lindsay.

Mrs. J. Maars of Toronto was the guest of her uncle Mr. McArthur for a few days last week.

Mrs. Perry and two children of Saginaw are the guests of her sister Mrs. F. Magee.

Mrs. T. H. DeCew and her daughter left on Monday afternoon for their new home in Sand Point, Renfrew Co. Mr. DeCew left a few weeks previous. The family will be very much missed as they were splendid citizens and during their few years' stay here made some very warm friends. Mr. and Mrs. DeCew were exceedingly popular and their daughter was a very bright young lady and will be very greatly missed. We wish them success, prosperity, good health and happiness in their new home.

The hunters returned on Friday and have been receiving smiles ever since from everyone who wished a slice of venison. They report good sport and any amount of fun.

Mr. Walter Ellis is to leave today (Thursday) for Sand Point where he has accepted a position of book-keeper in the employment of Mr. T. H. DeCew.

Monday and Tuesday were Court days and Judge Harding and the usual train of Lindsay lawyers flooded our town.

The Baptist anniversary services were celebrated on Sunday and Monday. The Rev. Mr. Hughson preached to large audiences on Sunday and also delivered an address at the social gathering and fowl supper on Monday evening. Other addresses were given and a first-class program of vocal and instrumental music rendered. The weather on Monday was a little unfavorable but the gathering was very large.

The Mission Band of St. Andrew's church will hold a social in the lecture room of the church on Friday evening. As the tickets are only 10 cents and a good program has been prepared we bespeak for the band a bumper house.

If anyone is of the opinion that there is no genuine mud in Fenelon Falls he should visit the field of Mr. H. Brooks and also the stock yards over at the station. The late rains and then the tramping of dozens of heads of cattle have reduced each to a pure even lake of mud. A person could almost sail in it. So deep and soft is it that it is almost fit-not quite, however—to be compared with the streets of Lindsay.

The Rev. R. C. H. Sinclair, B. A. pastor of St. Andrew's delivered two splendid sermons last Sunday. His morning discourse was one of the finest temperance sermons which I have ever been our fortune to hear. Mr. Sinclair is a profound thinker but the chief charm of his sermons lies in their very practical nature. Just what everyone can understand and what is needed to make the path a little plainer here till we reach the haven up there.

Rev. John Garbutt is holding a series of special services in the Methodist church here with good success.

DEER HUNTERS COME HOME

THE SINCLAIR-ELLIS PARTY
On Tuesday morning a heavy consignment of deer reached town accompanied by a stalwart group of hunters. These hunters were the Sinclair-Ellis party just returned from their Longford camp. Later the quarry was laid out at Sinclair's shop where 16 deer including several of the finest bucks ever brought to town were placed in 8 groups and drawn by lot. Besides these, several had been sent through to members of the party at outside points.

Rev. Mr. Henderson, pastor of the Cambridge-st. Methodist church was with the party from Monday to Friday and enjoyed a fine hunt. He killed one deer, and knocked down another that surprised him by jumping into the hands of another member of the party. Mr. Henderson fired ineffectively at a third at long range. Mr. Sidney Shorey, son of Rev. S. J. Shorey who was unable to go this year, was with the party and shot his deer. Besides these were Messrs W. and Thos. Sadler, F. Bushel, Johnstone, Douglas, Capt. Ball, Caesarea, Dougall Sinclair, Mr. Arthur Phillips of the Mail and Empire and Mr. M. Laflett of the Bank of Commerce, Toronto. "The party never got such a fine lot of deer before," said Mr. Dan. Sinclair.

MARRIED WOMAN SEEKS TO WEB AND WANTS CHILDREN CARED FOR

The Haliburton Heroine of a Marriage Advertising Episode Makes Piteful Appeal
Our readers may remember an item that appeared in these columns a couple of weeks ago telling of a man who came from somewhere in the States to marry a Haliburton woman with whom he had got into correspondence through a matrimonial agency. He arrived at the northern village to find that his intended was a married woman, and after getting a glimpse at her unawares, decided to leave by the next train, which he did secreted in a small compartment of the coach, out of the gaze of his suspecting correspondent.

The same woman recently wrote a letter to Mr. Kelso, chief of the Children's Aid Society, Toronto. It indicates that she is in hard circumstances or is able to make up a good story. If the story is true it is rather a reflection on the benevolence of a people of the north. The letter was as follows:

"Dear Sir,—I received your letter of the 7th advising me that you wrote to the Children's Aid at Lindsay. You advised me that I would soon hear from them. It is eight days to-night since I got your letter. I have had no word from them yet. The weather is getting colder all the time and the house is all open to the weather, and the children have no clothes nor bed to sleep in. The house is empty of everything. If there can be anything done for my children I hope you will attend to it at once for it is very necessary that it should be looked after as soon as possible.

There is only one old rag of a quilt and one old blanket in the house, two cups and two or three plates and scarcely anything to eat and no money nor hopes of getting any. The sight of my children is rather a reflection to be more piteous than laughed at. Dear sir, I hope you will consider my condition with kindness and give me your assistance as quickly as possible for I am in sore distress to know what else I could do to be any better."

Dr. Herriman, an officer of the local board of the Aid Society will investigate the case.

YOUR ATTENTION IS CALLED TO THE

advertisement of the Dr. Willard Medicine Co., which appears in another part of this paper. They are giving away valuable presents free to introduce Dr. Willard's Famous Remedies. These remedies restore and build up the system shattered by disease. Write to them to-day.

One of the big syndicates, Lindsay.
