**A PREACHER MOBBED**  
**Said Things About Workmen and They Got Back**

The Rev. R. J. Campbell, successor to Rev. Dr. Jos. Parker, of the City Temple, London, has been getting into hot water with the workmen of that city, and he was mobbed while leaving the Temple the other day, in consequence of his article in The National Review, in which he stated that "two-thirds of the national drink bill is incurred by the working man. His keenest struggles are for shorter hours and better wages, but not that he may employ them for higher ends. He is often lazy, improvident, sometimes immoral, foul-mouthed and untruthful." Mr. Campbell says the remarks are "not intended to apply to the workman as a whole, but to large classes among them, which classes it is to be feared constitute a majority." This has caused a great uproar, and Mr. Campbell is to meet on a public platform labor representatives, and repeat from the platform what he has written in The National Review, but he refuses to debate on the question, and will simply reiterate his statements and leave the hall. The 20th of October is the date suggested, and the outcome is waited with great anxiety.

**A NEW IDEA**  
**Tonic Treatment for Indigestion—New Strength for the Stomach from New, Rich, Red Blood**

The tonic treatment—that is the latest and only scientific cure for indigestion. All the leading doctors of Europe and America are using it with sensational success. No more purgatives, no more pepsin, no more patent foods, no more long diet lists saying "Thou shalt not eat this, or that." No more of all this—nothing, in fact, but plenty of new, pure, rich red blood to tone the liver and give the stomach strength for its work. This is the Tonic Treatment for Indigestion.

The tonic treatment is based on the new idea that drugs which digest the food for the stomach really weaken its powers through disuse. The digestive organs can never do their work properly until they are strong enough to do it for themselves. The only thing that can give the stomach and the liver new strength is good blood—and the only thing that can actually make new blood is Dr. Williams' Pink Pills for Pale People. They have long been known as the greatest blood-building tonic in the world, and all the highest medical authorities agree that the one scientific cure for indigestion is the Tonic Treatment. The marvellous success of the treatment has been proved in every corner of the Dominion. One of the latest witnesses is Mr. Joseph Rochette, St. Jerome, Que., who says: "I simply hated the thought of food. Of course I had to force myself to eat, but afterwards I always suffered with dull, heavy pains in the stomach. I seemed to be bilious as well, and this caused severe headaches, which further aggravated my unfortunate position. I grew pale, fell away in weight, and the trouble seemed to be undermining my whole constitution. I tried several medicines, but without success; a doctor whom I consulted advised absolute rest, but this was out of the question because I had to work for my living. Fortunately for me, one of my friends advised me to use Dr. Williams' Pink Pills, and I decided to do so. After taking the pills for several weeks there was a decided improvement in my condition. Not only was my digestion better, but my general health improved in every way. New blood seemed to be coursing through my veins, bringing new health and strength every day. I took eight boxes of Dr. Williams' Pink Pills altogether, and those who see me now would never know I had seen an unwell day in my life. I owe my splendid health to these pills and strongly advise every dyspeptic or weak person to lose no time in taking them."

Mr. Rochette's statement is a strong tribute to the Tonic Treatment. Dr. Williams' Pink Pills cured him because they actually made new rich blood for him. These pills go right down to the trouble in the blood and cure that. The new blood they make carries healing health and strength to every part of the body. That is the new Tonic Treatment, and the highest medical authorities now recommend this treatment for all the common ailments such as anaemia, headaches, rheumatism, sciatica, neuralgia, nervousness, dyspepsia and general weakness. These are all caused by bad blood and will therefore be all cured by Dr. Williams' Pink Pills. You can get these pills from any medicine dealer or by mail at 50c a box, or six boxes for \$2.50 by writing to the Dr. Williams' Medicine Co., Brockville, Ont.

A freight train on the T. H. & B. railway, bound from Welland to Hamilton broke in two on the edge of the mountain about 5 o'clock Tuesday morning. The first section stopped at the junction, just east of the city limits, and the second section crashed into it, smashing six box cars, killing William Mooney, a Liverpool man, injuring a companion, William Myers, of Orillia, who, with Mooney was stealing a ride, and injuring Carter Markle.  
 Robert Latimer, a nineteen-year-old boy, engaged as a checker in the firm of S. Carsley & Company, Montreal was standing on a plank near the exhaust in the boiler room on Monday night, and fell into the cauldron of boiling water. Nobody was near to aid, so the unfortunate boy had to crawl out of the cauldron and set out alone for his home in Westmont, over a mile distant. He accomplished the terrible journey with the flesh peeling off his face and body. He may recover.

The supper was everything that appetite could desire, served in the most artistic manner. Mr. Carnegie, M.P.P., presided at the head of the table having Mr. Hart on his right. The different toasts were heartily responded to, and everyone expressed regret that so faithful and popular an agent as Mr. Hart has proved himself to be should sever his connection with the village.
