

The Watchman-Warder

Guaranteed Circulation 4,300 Weekly. Published every Thursday morning by The Watchman-Warder Printing Co., Limited.

Some Orillia sportsmen have been hunting that bear seen in the neighborhood of the town. Nice place to live is Orillia, for hunters at all events.

Bro. Fawcett, of the Burks' Falls Arrow, is rejoicing over the introduction into his residence of a new furnace which heats every room with little more wood than an ordinary heating stove. Presumably, if a few of his subscribers fall to bring the wood for subscriptions, they promised the editor will still be able to get through the winter with a fair degree of comfort.

The Whitty Chronicle with which is incorporated the Whitty Keystone, has already under the management of Mr. C. A. Goodfellow, shown signs of improvement. Instead of having four pages set up and four printed outside, six are printed in the office, and two outside. This enterprise will doubtless be duly rewarded.

The Oshawa Reformer strives to minimize the effect of the revelations made at the investigation into the London bye-election of 1905 by asserting that the case was undertaken for political effect. This is a nice state of things. There is no attempt to deny the truth of the allegations made by the witnesses as to the purchase of votes, but the defence is the Conservatives were as bad then or some other time, only they were not found out. If some Conservatives were corrupt it should not be better to prove it, and it would be better for the Reformer and other Liberal journals whom it is imitating to advocate that this should be done, than to use the "you're another" argument. Bribery and fraud in elections ought to be punished whether the perpetrators are Grit or Tory, and when both parties recognize this fact and act thereon it will go a long way towards extermination of an evil which all true Canadians deplore.

They have a member of the Board of Education in Toronto, who, to use a vulgar expression, "talks through his hat," when speaking of schools outside of Toronto. At a meeting of the Board of Management the other night he opposed the appointment of Mr. Jeffries of the Peterborough Collegiate staff to one of the schools in Toronto, remarking that outside schools were "like cabbage gardens compared to Toronto, merely country schools alongside of ours." That good work is done in Toronto schools no one will deny, but Mr. Kent simply betrays his own ignorance when he forms the idea that good work is not done in "merely country schools." There are rural sections in Ontario, where all the circumstances considered, better teaching is done than in some town and city schools, and there are men connected with Collegiate Institutes in towns and cities outside of Toronto, whose teaching powers are as good as any in Toronto, and the results equally good. It might surprise Mr. Kent to learn, and the writer speaks of what he knows, that two of the oldest and most successful public school teachers in Toronto did excellent work in rural sections before they went to Toronto, in fact, prepared pupils for teachers' certificates.

But a Ray of Sunshine

Last week the Watchman-Warder remarked in effect that it would be impossible to draw any conclusions from the Liberal victory in North Bruce until full information was to hand. The Ottawa Journal, an independent newspaper, presents the case so clearly as showing that the result was practically only a holding of the normal Liberal majority in the constituency, as now composed, that it is here reproduced. Says The Journal:

"North Bruce has elected John Tolmie, Liberal, by about 350 over McLellan, Conservative. The victory of the Liberal candidate was expected, but no so decisively. The result must unquestionably give much satisfaction to the present Dominion administration. It is a ray of sunshine after three dark days—defeats in East Elgin and North Renfrew by the Conservatives, and in Quebec county by an anti-administration Liberal.

"One may reasonably consider that the sunshine is not that there is a Liberal victory, but that there does not seem to be a loss in the normal Liberal strength in the riding.

"North Bruce, so-called, has long been Conservative by small majorities. Lieut.-Col. McNeill held it from 1882 to 1900 by majorities ranging from 113 down to 3.

"But that was not the present North Bruce. In 1903 the Bruce ridings were gerrymandered. There had been three ridings—North Bruce, Conservative majority in 1900 being 3; East Bruce, Conservative majority in 1900 being 43; and West Bruce, Liberal majority 1900 (Tolmie the candidate) being 634.

Selection of Brood Sow Essential to Successful Pig Breeding

One of the essentials of successful pig breeding is to carefully select the sows from which future litters are to be obtained. It is just as necessary to save the most thrifty and growthy sows as breeders as it is to breed them to a good sire; indeed, of the two, it is more important from the very fact that upon the quality of the sow will depend, to a large extent, not only the size of the litter, but their food during infancy. It is only the thrifty that will be able to feed a large litter of pigs during the first few weeks of their lives, a time when it is all important that they should be well fed.

The breeding sows should be selected early, fed properly, and give them good care, and the result will be a right kind of pigs. A little extra effort in this direction is well worth the attention of any farmer, and is one of the ways in which he can make more by good management than he could by many days of hard work. The man who only keeps one or two brood sows is likely to neglect the matter of making his selections until the time for breeding has arrived, and he is too often inclined to keep as a breeder a sow from a litter that was not fit to sell at the time her companions were disposed of, says M. Stenson, in an article in Wisconsin Agriculturist.

OBITUARY

MRS. WILLIAM KENNEDY.

Jane Bell, widow of the late William Kennedy, died suddenly at the residence of her daughter, Mrs. Alex. Robertson, Scotch Line, on Friday, November 2. Deceased, who was a sister of the late William Bell, one of the pioneers of Lindsay, was born in the county of Fermanagh, Ireland, seventy-seven years ago, and came to Canada when four years of age, and had resided in this district ever since. Sixty years ago she was married to William Kennedy, Scotch Line, Verulam, who died eight years ago. Since then she has spent her time amongst different members of her family. She was a member of the Baptist church for many years, a kind mother and a good neighbor, of a most hospitable disposition. She was the mother of fourteen children, all of whom with one exception survive. The sons are John, Dundas; Rev. J. B. Kennedy, pastor of Memorial Baptist church, Toronto; Robert, of the Kennedy & Davis Milling Co., Lindsay; Thomas, on the homestead; Rev. Alexander P. Kennedy, Baptist church, Niagara Falls, Ont.; David, Toronto Junction; Arthur, Oregon; A. A. Verulam. The daughters are Mrs. John Hart, Scotch line, Verulam; Mrs. D. D. Moore, Bobcaygeon, and Mrs. Alex. Robertson, Scotch line. All the family, with the exception of one son and one daughter were present at the funeral on Saturday to Bobcaygeon. Six sons were bearers and the two sons who are ministers assisted Rev. Mr. Beatty, of Bobcaygeon, in the services.

MR. PATRICK HURLEY.

Death claimed a respected citizen of Lindsay on Monday morning, November 5, in the person of Mr. Patrick J. Hurley. The cause of death was aneuria. Deceased was born in the township of Hamilton, near Port Hope, on July 21, 1851. He came to Lindsay in 1875, and has been in mercantile life ever since first as a grocer, and later in the boot and shoe business. He was a successful merchant and was highly esteemed for his honorable upright dealing. He married Miss Ellen Murphy, of Ops, who survives him. He was a member of St. Mary's R. C. church, the C.M.B.A., and the Knights of Columbus. He also served one year in the Town Council. He leaves a family of three sons and a daughter. John, who has been attending college at Montreal; Clare and Mary, at home. Three brothers and three sisters also survive, namely, John, of Peterborough; Thomas, of Lindsay, and Michael, of Windsor; Mrs. Hartnett and Mrs. Twoby, of Ops, and Mrs. O'Neill, of Lindsay. The funeral on Wednesday was largely attended.

The Salvation Army will hold their Annual Rummage Sale Nov. 26th to 30th. Any donations of new or second-hand clothing will be thankfully received by the officer in charge. Kindly drop a postal card to Adit, McCann, Box 113—45-2.

New G. T. R. Branch from Midland to Wyevale

Midland Argus: The Grand Trunk has at last taken the first definite step towards the construction of the branch line from Midland to Wyevale and in a letter to the Council last week asked that body to endorse the action of the company and to support their application for that purpose by resolution to the superintendent. This, of course, they did. It is doubtful whether the work of construction will go on this winter, but there appears every assurance that the connection will be completed at least early in the spring. That this line will be a great benefit to Midland goes without saying, for if it did nothing more than relieve the freight congestion on the line from here to Belleville it would serve a good purpose, but it will give us a connection with Toronto, that will reduce that run by an hour, and it is possible that in the near future the flyer which now runs to Penetang will come here thus giving us direct connection with the Northern Navigation's Co.'s line of boats.

—There is a report current in the neighborhood of Young's Point that the G. T. R. will extend their line from Lakeside to a point just east of South Beach or Great Lake. The object of the extension is to connect the line from Clear Lake to Peterborough.

A GOOD YIELD OF ALSIKE.

Mr. Bertram Graham, of Oakwood, had twenty acres of alsike which yielded 40 bushels of seed. This is especially good. Ferguson Bros. were the threshers, and the buyers, Messrs. Hogg & Lytle, Mariposa Station, say it was the cleanest they bought this year.

GOOD COUNTRY FOR YOUNG MEN

Mr. Wm. White, of Cambay, returned a few weeks ago from Indian Head, Sask., where he spent the summer with his son, Mr. Edgar White, who has 500 acres of land there, most of it under cultivation. He raised this year 7,000 bushels of wheat, besides oats, etc. Mr. William White says it is a fine country for a young man, but the settlers are too far apart for him.

LINDSAY MAN DID GOOD WORK.

The Camrington Gleaner of last week speaks in high terms of praise for the work in which Mr. Chalmers, of Lindsay, carried out his contract for certain sidewalks there. It also relates that the Council were invited by Mr. Chalmers to visit Fenelon, and inspect a new cement dam which he had built for Mr. W. H. Johnston, Warden of the County of York, Here the party was entertained by Mr. Johnston and Mr. Chalmers before dispersing. Mr. Chalmers was complimented on the excellency of his work. We cannot, says the Gleaner, close this short article without expressing the hope that in the near future the people of Camrington may entrust the building of a trunk sewer to Mr. Chalmers.
