You should have your own local paper without doubt, but you should also have the Family Herald and Weekly Star of Montreal. It can be had at the price of the cheapest—one dollar a year—and is certainly the greatest family and farm paper on the continent. Music and Drama From beginning to end there have been few plays in the history of the stage more completely equipped than "The Duchess of Devonshire," touring this season under the management of Mr. Ernest Shipman, with Miss Roselle Knott as Georgiana Spencer, the "Duchess of Devonshire." The costumes for the historical figures in the play have been prepared by the best costumers in New York and are complete in every detail. The old furniture, the tapestry, the armor, the wall plates, the books, all have been selected because of their special fitness, and one of the hardest things at the rehearsals of the play has been the old-fashioned dances which are introduced. In the last act the play is unique in that the good old atmosphere is retained to the very last.
