Tumors Conquered Without Operations

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in Cases of Mrs. Fox and Miss Adams.

Over the signature "J.E.T." the following appeared in last week's Omemee Mirror:—
On Sunday evening, Oct. 20th, there passed away in the person of Michael Lowes, one of the oldest and most respected residents of the township of Emily. The deceased was born in the County of Limerick, Ireland, and when very young came with his parents to this country. He was in his eightieth year and witnessed many changes in a country which was then in its virgin state. Fifty-five years ago Mr. Lowes was married to the widow who survives him, and came to live on the farm in the 7th concession of Emily, where he resided until his death. Of his four children only one survives him, Mr. Wm. Lowes, the present Reeve of the municipality.
Of kindly disposition, unassuming manner, and straightforward character, the deceased had many friends. His helpfulness as a neighbor was only exceeded by his domestic virtues, for a loving husband and kind father has been called to his reward. The large concourse that attended his funeral on Tuesday afternoon, the 22nd inst., to the Emily Cemetery, bore testimony to the esteem in which he was held. In politics he was a life-long Conservative, and in religion a member of the Church of England.
His rector, the Rev. J. H. Teney, conducted the funeral service and spoke feelingly of the deceased, whose death he regarded as a distinct personal loss. After a long and wasting illness, borne with Christian patience and unbounded faith in God, the end came peacefully, and a good man passed away to that state where age and infirmity are unknown.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, "Tumor."
"I recall "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain extending from the abdomen through the groin and thighs.
If you have mysterious pains, if there are indications of inflammation, irritation or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound at once and begin its use and write Mrs. Pinkham of Lynn, Mass., for advice.
Read these strong letters from grateful women who have been cured:
Dear Mrs. Pinkham:— (First Letter.) "In looking over your book I see that your medicine cures Tumors. I have been to a doctor and he tells me I have a tumor. I will be more than grateful if you can help me, as I do so dread an operation."
Fannie D. Fox, Bradford, Pa.
Dear Mrs. Pinkham:— (Second Letter.) "I take the liberty to congratulate you on the success I have had with your wonderful medicine.
"Eighteen months ago my periods stopped. Shortly after I felt so badly I submitted to a thorough examination by a physician, and was told that I had a tumor and would have to undergo an operation.
"I soon after read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed, the tumor is entirely gone. I have again been examined by the physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well. I shall never be without a bottle of Lydia Pinkham's Vegetable Compound in the house."
Fannie D. Fox, Bradford, Pa.
Another Case of Tumor Cured by Lydia E. Pinkham's Vegetable Compound.
Dear Mrs. Pinkham:—
"About three years ago I had intense pain in my stomach, with cramps and raging headaches. The doctor prescribed for me, but finding that I did not get any better he examined me and, to my surprise, declared I had a tumor.
"I felt sure that it meant my death warrant, and was very despondent. I spent hundreds of dollars in doctoring, but the tumor kept growing, till the doctor said that nothing but an operation would save me. Fortunately I corresponded with my aunt in the New England States, who advised me to try Lydia E. Pinkham's Vegetable Compound before submitting to an operation, and I at once started taking a regular treatment, finding to my great relief that my general health began to improve, and after three months I noticed that the tumor had reduced in size. I kept on taking the Compound, and in ten months it had entirely disappeared without an operation, and using no medicine but Lydia E. Pinkham's Vegetable Compound, and words can't express how grateful I am for the good it has done me."
Miss Luella Adams, Coleman Hotel, Seattle, Wash.
Such unquestionable testimony proves the value of Lydia E. Pinkham's Vegetable Compound, and should give confidence and hope to every sick woman. Mrs. Pinkham invites all ailing women to write to her at Lynn, Mass., for advice.
