QUIET HALLOWE'EN.

Hallowe'en passed off very quietly in Lindsay. There was little of the rowdiness and vandalism so rampant in years gone by.

The special police sworn in had little to do, with the exception of chasing a few vivacious youngsters. No arrests were made.

In past years gangs were wont to parade the streets on Hallowe'en and tear up sidewalks, pull down fences and gates, and "cut up" generally. Now it is different and the police have put a damper on the disorderly feelings of the town youths.

True, several walks were torn up Saturday night, but these were principally on the outskirts of the town. Graffiti walks are hard to destroy. Fences in a few cases were torn down and minor damage done.

A fine moonlight made the evening and night a magnificent one. The air was cold, but exhilarating.

CONSUMPTION'S STARTING POINT

LIES IN WEAK, WATERY BLOOD.

DR. WILLIAMS' PINK PILLS MAKE THE BLOOD RICH AND RED.

Bloodlessness is the starting point of consumption. When your blood is thin and watery your whole health declines. Your face grows pale your appetite fails at the least exertion or excitement. You are always weak and wretched and lose interest in everything. This is the point from which you may easily step into that hopeless decline that leads to consumption and the grave. What is actually needed to bring back health and strength and energy is the new rich blood Dr. Williams' Pink Pills actually make. In all the world there is no other tonic medicine like them, and all who feel weak and easily tired should take these Pills at once, and regain new health.

Miss Ada Burke, The Range, N. B., says—"I feel that I cannot say too much in favor of Dr. Williams' Pink Pills. In March, 1907, I was attacked with whooping cough which clung to me for several months, and when the cough disappeared I was left weak and run down. All summer I was ailing, but when the autumn came I seemed to be completely worn out. For a whole month I never moved outside the house, and could scarcely walk about the house. I was so weak I had no appetite, my color was a greenish yellow. I had severe headaches and would be almost breathless at the least exertion. I took several bottles of medicine, but it did not help me, and then my brother got me three boxes of Dr. Williams' Pink Pills, when I had used them I was much better, and by the time I had taken another three boxes I was again enjoying the best of health, with a hearty appetite, good color and renewed energy."

If you want new health and new strength try Dr. Williams' Pink Pills. A fair trial of this medicine will not disappoint you. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., of Brockville, Ont.
