### WHAT CAN ! DO FOR MY SKIN-TORTURED BABY?

Is the Despairing Cry of Thousands of Mothers. A Scotchwoman Tells How Her Child was Cured.

How many worried, worn-out mothers whose children are suffering with eczema, tetter or other torturing, disfiguring Through neglect or improper treatment, some minor eruption has developed into a distressing and unsightly affliction. Simple treatments fail, and stronger ones are tried, increased rather than allayed. Even pro-fessional aid has proven useless, and the fear is ever-present that the skin disease will become chronic, turning the child's future into a nightmare of physical and mental

Such mothers, who have witnessed their children's suffering and who have undergone the long, sleepless nights and distracting anxiety which they alone can realize, will understand the gratitude that prompted this letter from Mrs John Ewan, 5, Victoria St., Inverurie, Scotland, and will read it with keenest interest:

mother was home from America and she told me to try Cuticura Oint ment and to wash her with Cuticura Soap. There was a great difference when I used the first box. It seemed to soothe her and she slept. I used three boxes of Cuticura Ointment and she was quite cured. She has the purest skin and is the fattest baby now! She is a miracle, the doctor declares. I am glad to tell anybody about it."

"I use Cuticura Soap steadily for my baby's skin. She had the eczema when she was three months old. She was in an awful mess all over her body. We never thought she would get over it. We sat with her night and day for about a month, expecting every minute to see her die. The doctor gave me an ointment to rub her with but it did her no good. My

Brooks shut the door and stood leaning against it, clutching the handle for support. The muscles of his face were twitching, and he gazed with frightened, haunted eyes from his wife to Smith.

"Have you told her, Jimsy?" he demanded "When my little Vivian was about six months old, her papa had a boil on his forehead. At that time the child was covered with prickly heat and I suppose in scratching it her own head became infected, for it broke out in boils, one after another. She had about sixty in all and I used Cuticura Soap and Cuticura Ointment which cured her of them entirely. We do not think any one can praise Cuticura Remedies too highly."

That mothers may test the effective and That mothers may test the efficacy and economy of the Cuticura Remedies for themselves, the Potter Drug and Chem. Corp., 121 Columbus Ave., Boston. Mass., will send free on application, a generous trial box of Cuticura Ointment, sufficient to afford immediate relief in the most distressing forms of eczemas, rashes, itchings and scalings of the skin and scalp. Under the influence of Cuticura Ointment, the itching and burning stop, the child falls into a refreshing sleep, the mother rests, and for the first time, perhaps, in many weeks, peace falls on a distracted household. The Cuticura Remedies are sold by druggists everywhere.
