

Fenelon Falls Man Slain

Fenelon Falls, Oct. 24, was a day of English, of Donald, days in town.

Rev. U. S. Lord is in business this week.

A number of our youth attended the Oddfellows' picnic on Friday evening a splendid time. Among those who attended were Mr. and Mrs. H. W. Warren, S. M. Gray.

Mrs. Edwards of Manilla, guest of her aunt, Mrs. Arthur.

Mrs. Hugh Sharp, Mr. Percy in Cambridge on Sunday. Mr. Clague, of Peterborough, through town on Tuesday.

Miss Klime returned last week after spending in town the guest of her friends.

Mrs. Hitchcock, of Fenelon Falls, in town on Sunday in the morning she conducted the Baptist church and occupied the pulpit of the Baptist church and gave addresses.

Mr. and Mrs. McKenney, are visiting in town. Mrs. E. Chambers is in Lindsay the guest of her friends.

Mrs. E. A. McArthur, number of lady friends were here on Monday. Mr. Adams, of Adams House, Lindsay, was here Tuesday.

Mr. and Mrs. Roberts, of Fenelon Falls, were in town on Tuesday.

St. Andrew's congregation their anniversary service offering on Sunday. P. E. Peterson, of Knox College, preached and preached sermons. The choir as usual up to its high mark, ably assisted by Mrs. I. Manilla. In the evening program was especially didactic. "Rock of Ages" by Mrs. E. A. McArthur. The anthem "The Lord," rendered by the choir especially fine and the service was very much enjoyed by the people of St. Andrew's.

Miss Susie Wagar, of Fenelon Falls, spent a few days in town. Mr. and Mrs. Hays, of Toronto, spent a few days in town. Mr. and Mrs. Melville Ramsay, of Fenelon Falls, is in charge of Mr. Jewell's shop.

Mr. W. Cooke, of Cambridge, was in town on Tuesday. The funeral of Cecil, only son of Mr. and Mrs. Cooke, took place on Tuesday afternoon and was attended by Mr. and Mrs. Cooke and the entire community.

Rev. Mr. Cooke is in town on business. Miss Bennet, of Bellville, was in town this week.

Mr. D. E. Merriman, from Balsam Lake on Tuesday and reports a splendid good luck in duck. Merriman paddled out on Tuesday and arrived home on Tuesday evening with 43 large ducks. This is one of the largest catches here this season.

Mr. F. Lynch, of Supe, Allandale, passed through town on Tuesday.

The herring have been splendidly during the week. Our citizens are busy these days.

Mr. and Mrs. Joseph family arrived home last week.

WHEN YOU FEEL CROSS

AND ARE EASILY WORRIED AND IRRITATED, CHANCES ARE THAT THE LIVER IS NOT RIGHT AND YOU NEED

Dr. Chase's Kidney-Liver Pills

Life is too short to be cross and grouchy. You not only make yourself miserable, but also those about you.

Don't blame others. Blame yourself for not keeping the liver right.

When healthy and active the liver filters the poisonous bile from the blood and passes it into the intestines, where it aids the process of indigestion, and keeps the bowels regular.

But when the liver balks the whole system becomes clogged with a mass of fermenting food, which gives rise to gas on the stomach, belching of wind, pains about the heart, and a multitude of annoying symptoms which accompany indigestion and constipation.

There is nothing in the world which will more promptly afford you relief than Dr. Chase's Kidney and Liver Pills. This statement is true. A trial will convince you. This medicine acts directly and directly on the liver and bowels, and cleanses the whole digestive and excretory system.

Mr. Theo. Bedard, Lac aux Sables, Portneuf county, Que., writes:—"I have found Dr. Chase's Kidney and Liver Pills the best treatment obtainable for indigestion and impure blood. They cured me of indigestion, from which I suffered for four years."

"This certificate is given without solicitation, so that others may not waste their money buying medicines of no value when they can get Dr. Chase's Kidney and Liver Pills, which I am convinced are the best."

Dr. A. W. Chase's Kidney and Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Author at one Time Lived in Ops Tp.

There are a large number of citizens living in Lindsay at the present time who perhaps are unaware of the fact that Mr. Ernest Thomas Seton, the famous writer of those delightful animal stories, at one time lived near Lindsay. A writer in the Toronto World says:

"He was not born in Toronto as stated, nor did he see Toronto until he was nearly ten years old. He was born in the seaport town of South Shields in the County of Durham, England, on Aug. 14, 1860. His emigration to Canada in 1866. His parents and a family of ten boys came first to Lindsay, Ont., near which his father bought a farm in the Township of Ops, five miles southeast of Lindsay, where the family stayed for four years, and it was not till the year 1870 that he came to Toronto."

Mr. Seton is to give an address at the big Y.M.C.A. Convention in Toronto on "safeguarding the boys of a continent."

HYMENEAL

FRASER-KELLS

The marriage of Miss Donalds Kells, of Tate, Sask., formerly of Lindsay, to Lee Fraser, of Tate, Sask., took place quietly Friday evening, Oct. 21, at the Manse, Gordon, Sask. The Rev. A. Adamson officiated. The young couple will take up their residence in the vicinity of Tate.

Reaboro Man Returns From Tour of the West

After an absence of six weeks, Mr. Weldon Rea, a prosperous farmer of Reaboro, returned from an extended trip through the Great Canadian West.

Mr. Rea was in town a few days ago and when interviewed stated that he had taken the trip just to satisfy himself as to the advantages and possibilities of the Great Western country.

In the course of his trip Mr. Rea visited many places in Manitoba, Saskatchewan and Alberta. While in Manitoba he met and visited many former residents of Victoria County. At Carman Mr. Rea visited his brother-in-law, Rev. J. A. Kennedy, and was very favorably impressed with the district surrounding that town. From here he journeyed through a large portion of Southern Manitoba and Dakota, visiting his brother, Mr. Ryerson Rea in the town of Deloraine, and his sister, Mrs. Albert Medd, of Hannah, N. Dakota. He found the crops in Dakota a partial failure, but in Manitoba and most parts of Saskatchewan fairly good yields were obtained. Considerable

of these districts were toured by auto which enabled Mr. Rea to observe the conditions and crops to the very best advantage.

Southern Alberta was next visited and a stop made at its booming metropolis, Lethbridge. Here Mr. Rea spent a few days visiting his brother, Dr. Rea, of that city. From here Dr. Rea and he took a trip up to Calgary and Edmonton, where they met Dr. Gillespie, formerly of Lindsay.

Taking the C.N.R. they next visited their brothers Silas and Wilfred at the thriving little town of Lashburn, where they found them carrying on farming in an extensive and prosperous manner. Here they both took out game licenses for bird shooting and six days of splendid shooting was had in a sportsman paradise, abounding with prairie chicken and ducks where many large bags were obtained.

From this point the return journey was commenced and Mr. Rea returned well pleased with his trip and fully impressed with the idea that the West was the country for the young energetic man.

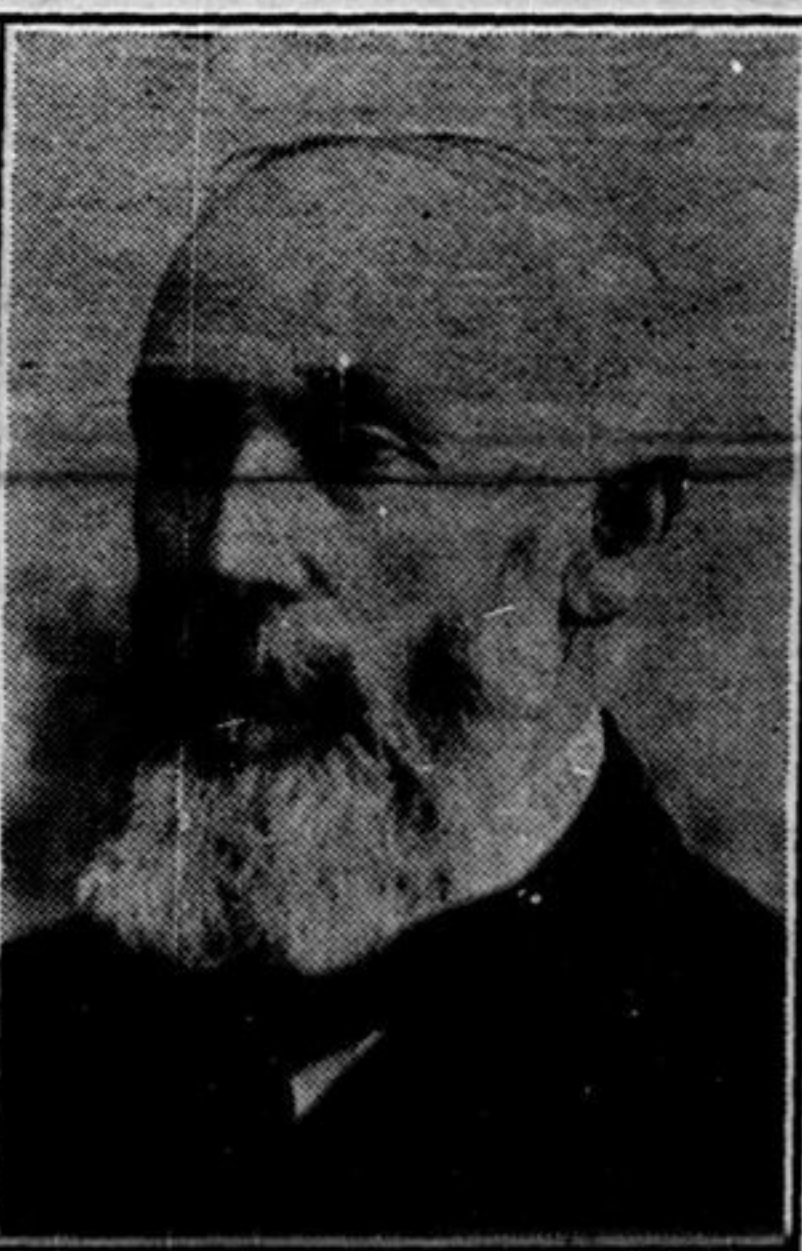

Orangemen Waited on Premier

Mr. T. B. Collins, of Millbrook, was one of the deputation of Orangemen to wait on Premier Whitney, Hon. Dr. Pyne, Minister of Education, and Dr. A. O. Colquhoun,

Deputy Minister of Education, the other day to ask what had been done relative to school conditions in the Counties of Russell, Prescott, Stormont and Glengarry. They alleged that public schools were being sold to separate school supporters at nominal figures in cases where the separate school supporters outnumbered those of the public schools; that Roman Catholic prayers and catechism were being taught in certain public schools, and that the bilingual schools were not being used to develop English. An investigation was promised by the Government.

The Premier assured the visitors that in every district mentioned the complaints were being thoroughly investigated by a representative of the Government. The investigation had taken longer than was intended, as the representative had awaited the reopening of the schools. The Government, however, expected at an early date the report of the result, and as soon as it was received it would be handed to the press.

The deputation made no reference to the situation in Kent and Essex counties.

Cataract Village Curlers Elect Skips

At the meeting held on Thursday evening last the following skips were elected for the season: T. Cashore, J. H. Stanton, Thos. Graham, R. M. Hamilton, W. A. Bishop, A. J. Gould, W. Aldous, T. Sadler, C. Deyman and J. R. Hand. On motion Mr. G. Hopkins of Lindsay was made an honorary member, in recognition of his interest in the club as shown in his donation of four pair of cuff links for competition last winter. A committee was appointed to make preliminary arrangements for a bonspiel, and report at a meeting early in December.

C.P.R. COLLISION.

Orangeville, Oct. 28.—Four trainmen were injured, one of them seriously, in a head-on collision on the C. P. R. a few miles from this place this afternoon. A freight train collided with an eastbound train with the above result.

A LARGE "BAG."

One member of the Toronto Club who owns the preserve at the south of Lake Scugog, killed 148 ducks in one day's shoot lately. This is pure slaughter, and not the work of a true sportsman.

How many farmers know exact name and variety of the corn they are growing?

Saves Time and Temper.

The annoyance and discomfort of having the cow switch her tail and liberally bespatter your face with mud and fifth during the milking time can be avoided with

the simple device shown in illustration, which may be made with a piece

of wire and a pair of pliers in a few moments. The wire is bent at the center into a spring coil, as shown at b. The one end is then bent into a coil to furnish a hold for the fingers while adjusting the device to the tail above the brush. The opposite end is bent into a loop, as shown at a, through which a string is tied, and the opposite end fastened to the stall, away from the milker. This is easily and quickly placed and as easily released when through milking. The cow cannot strike the milker with her tail, thus throwing into the milk much filth and germs, so from a point of cleanliness as well as comfort it is of value.—Iowa Homestead.

The Dull Mowing Machine.

The mowing machine that chugs under ordinary conditions is really in need of attention. In nine cases out of ten the fault will be found in one or the other of the cutting edges. The sickle may be dull or the edges worn off the ledger plates. It is only a half remedy to sharpen the sickle and leave the dull ledger plates in.

AUTUMN CROD FOR FARMERS.

I believe in the sunflower and goldenrod. I believe in the broad fields of ripened clover. I believe in the grapes hanging purple beneath the broad leaved vines, in the rich red plums and the peaches' tender blush. I believe in the roar of the corn binder, in the ripening corn and in the fields heavy studded with the shocks. I believe in cutting corn until sure there is enough and then cutting for another half day. I believe in the thrasher. I believe in the dark fields, fall plowed for another season's cropping. I believe in autumn.—Iowa Homestead.

Poultry Pointers.

Sell the young cockerels that are not needed for breeding stock and save the food that they will consume.

Do not expect the hens that have been faithful layers during the summer to keep this up all winter. You may be disappointed if you do.

Fresh, pure drinking water frequently changed is indispensable to poultry health and comfort. The fowls do not enjoy stale drinking water any better than humans do.

Clover makes a splendid winter pasture for all kinds of fowls. Plant crimson clover in the orchard and let the fowls have access to it. It will build up the orchard soil and furnish nutritious feed for the fowls.

For an autumn and winter feed for poultry cabbage is well liked. This is hung up so the fowls can just reach it. Large sugar beets are also good. These are chopped up fine or cut open or sometimes crushed. Common field turnips are also good.

If it is desired to fatten turkeys for market begin to increase the rations gradually. Never attempt to fatten birds which in successive weighings show a loss of weight. Overfeeding does not cause blackhead, but it does frequently cause the sudden death of birds in which blackhead is present.

A WARNING.

Some people are evidently not aware that they are committing a criminal offence by keeping anything of any value that they have found without endeavoring to find the owner. We heard of a case the other day where a man was keeping something he had found, hoping to get a reward for the same. If this should meet his eye it will be to his advantage perhaps to restore the article in question to its rightful owner.

A great storm raging on the Pacific coast near Prince Rupert has caused a lot of damage.

Work Soon Starts on New Railway

The Toronto Eastern Railway, for which a charter has been obtained, will in a few months be in course of construction. It is to run from Toronto to Dobourg, with extensions of the system from Port Hope to Peterboro, from Oshawa to Lindsay, and from a point in the township of Scarborough to Uxbridge. The surveys are now practically completed, it being expected that they will all be finished this week, as a satisfactory route has been found.

Toronto capitalists are the provisional directors of the road, and are backed by influential railway prospectors. The scheme has already been successfully financed and the work of construction is likely to be prosecuted with vigor in the early spring months of 1911. Mr. R. H. Rothray, of Toronto, has been appointed Superintendent of the line.

If, as is expected, the surveys for the new railway are finished this week, the engineers will then go to the towns to arrange for entrances. Afterwards they will make application to the Railway Commission. It is expected that every detail will be finished next spring.

The road will connect with the Canadian Northern two and a quarter miles north of Oshawa, and by that means bring the C. N. R. into

the town. It will also have connection with Lake Ontario at this point, and there are good prospects of carrying on a good coal business transporting from Oswego by means of a ferry to Port Oshawa, thence northerly to Lindsay. It will also, says the despatch, afford a cheap way of getting out grain from the northern districts.

DISPUTE OVER LAND.

A dispute over the purchase price to be paid by the Canadian Northern Railway for right of way through the properties of Messrs. J. Mahoney and Hank Anderson, of Uxtergrove, was settled in the Court Chambers, Orillia, on Thursday of last week. His Honor Judge McIntyre, of Whitby, in company with Mr. A. J. Heid, of the Solicitor's Department of the C.N.O., and Mr. M. B. Tudhope, acting for Mr. Anderson, and Mr. John T. Muleahy for Mr. Mahoney, went over the ground in the morning and returned to Orillia about eleven o'clock in company with a dozen witnesses. The Judge heard the arguments offered and gave a decision satisfactory to all parties without calling any of the witnesses to give evidence.

BLACK KNIGHT STOVE POLISH

Don't use as much "Black Knight" as you have been using of other stove polishes.

You don't need as much, to bring a brilliant, glittering, lasting polish to the iron-work. A little of "Black Knight" goes a long way. And you get a bigger box of "Black Knight" than of any other stove polish that sells for 10c.

If, for any reason, you can't get "Black Knight" Stove Polish at your dealer's, send 10c for a large can postpaid.

Makers of the famous "2 in 1" Shoe Polish. 20

John McCrea

Mr. and Mrs. J. C. Eaton, of Toronto, Presented Hans and Modern Parson Trustees of Omemeo Methodist Church

(By a Staff Reporter)

"John McCrea Memorial Parsonage, Omemeo, Ontario is the inscription on the edifice built by Mr. J. C. Eaton, and presented to the Trustees of the Omemeo Methodist Church by Mrs. Eaton, yesterday afternoon. About four o'clock, they wished to attend the service were served with light refreshments at the old parsonage, after the small fee of fifteen cents was imposed in order to keep the crowd from entering the building.

After being served, the singing, which stands on the top of the church and faces the street, was made open and tickets were allowed to enter. On the reception committee were the following persons: Mr. J. C. Eaton, with their ten-year-old son, Master Timothy and David Eaton, Mr. and Mrs. Mr. and Mrs. Frank Potts, Mrs. William Dobie, Miss Williams, Miss Agnes Dack, Emma Keele, Mr. and Mrs. Thur McCrea and Mr. Clifton, of Toronto, ushered the guests through the building.

After meeting Mr. and Mrs. Eaton at the door they were taken to the broad stairway which divides the way up, each part leading to a large airy landing. Then rooms, each furnished in a different color, one white, one dark, the other cherry, were visited. The bath room elaborately furnished over the kitchen to the rear. The third story, is left with a large floor and general store room.

THE STUDY.

Coming downstairs, the beautifully furnished and room on the right, after
