"The Advantage of Separate Purses in the Family"; Other Good Papers

Manilla, Nov. 1. — The October meeting of the Women's Institute held at the residence of Mrs. R. Barry on Wednesday evening last was a successful event. Despite the unfavorable condition of the evening their spacious home was taxed to its utmost capacity and a most enjoyable time was spent by all present. Vice-President Mrs. Michael officiated in the absence of President Mrs. McPhail, and filled the position in a very creditable manner. The opening number was the chorus, "O Canada." After the minutes of the previous meeting were read and adopted it was moved and carried that Miss J. Glendenning be sent as a delegate to the W. I. Convention held in Toronto on the 16th and 17th of November. This was followed by a chorus, "The Maple Leaf." An excellent paper on the "Advantage of separate purses in the family," was read by Mrs. G. R. Hamyll, which was in part as follows:

"The number of ladies we see today carrying purses proves clearly there is an advantage in having separate purses in the family. As husband and wife are partners in the making of the family purse, it should be to their advantage to make the best use of the spending of it. By having separate purses in the family gives evidence that the husband has confidence in his wife, and the wife, in her husband, to spend the money wisely. The responsibility of having a share of the money to spend makes the wife more capable of caretaking. The advantage of the wife having a separate purse relieves the husband from the worries of buying the daily requirements and as she is more familiar with the household needs, she can better control the family funds. It is also a great advantage to a family for each to pay for what they buy. If all bills were paid at the time it would introduce a cash sys-

tem, which would help many a family and also the merchant to turn that same money over to advantage. Separate purses also prevent selfishness and gives each member of the family some responsibility."

A vocal solo by Miss Kennedy Cresswell, was followed by a recitation, "Farmer Grump at the W. I." A selection was rendered by the Brock Orchestra, after which a paper on, "Good manners and courtesy in the home" was read by Mrs. McQueen which was in part:

"The home was ordained by God and is as old as humanity. Home is the place where parents live and train their children. Manners are the happy way of doing things, so require time. Courtesy is that refinement which enters into the feelings of others and holds them sacred. Life is not so short but there is never time for courtesy. It is apt to be forgotten, that in the first six years of a child's life, more knowledge is gained and more habits acquired, than in the whole school life. The real power in a child's life is personality. The atmosphere of good manners and courtesy which parents create in their own home by example becomes the rule by which their children live, hence the responsibility of the good manners and courtesy rests altogether upon the parents."

"The care and feeding of milk cows for the best dairy results" was the title of the address given by Mr. H. Glendenning, which was in part:

"Under what conditions do we get the best results from cows? Blue grasses and clover give the best results and cows produce the most milk in June. Much depends upon the comfortable quarters in which they are housed, and should have plenty of fresh air. Fresh air is more important than food and water. Pure

fresh water is also necessary for milk. Cornsilage and roots produce wonderful results, bran is also a good milk producer, but it is too dear, therefore, we must get some other cheap food and fill its place. Alpha is a very good substitute."

The speaker gave many other useful and instructive thoughts which would benefit the goodly number of farmers present.

A vote of thanks was tendered the host and hostess for their kind hospitality after which the meeting was brought to a close by singing "God Save the King." Refreshments of sandwiches, pie, tea and coffee were served.

The next meeting will be held at Mrs. James Murry's, town line, at 2.30 p.m., on Wednesday, Nov. 23rd. All ladies interested are welcome.

THE BEST MEDICINE FOR LITTLE ONES

The best medicine in the world for little ones is the medicine that will promptly cure all their little ills and at the same time can be given the very youngest baby with absolute safety. Such a medicine is Baby's Own Tablets. They never fail to cure the ills of childhood and the mother has the guarantee of a government analyst that they do not contain one particle of injurious drug. Concerning them, Mrs. John Robertson, Streetsville, Ont., writes: "I have used Baby's Own Tablets for constipation with the very best results. They are indeed a valuable medicine for little ones." The Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Lindsay Deputation Urged Their Claims Before C.N.R. Magnates

Col. Sam Hughes, M.P., Prepared Plans and Elevations For Line Which Will Serye Town and County--To Open Up Northern Country and Cater to Tourists

A deputation consisting of Col. Sam Hughes, M.P., James Boxall, President of the Board of Trade, G. H. Hopkins, K.C., John Carew and William Flavell, went to Toronto Tuesday and interviewed the magnates of the Canadian Northern Railway with a view of inducing them to run their contemplated grain and tourist routes through the County of Victoria. They were met by Mr. William MacKenzie, President, General Manager Hanna, Hon. F. H. Pippen, K.C., General Counsel, and Chief Engineer Wickstead, and the matter was thoroughly gone over and discussed.

Col. Hughes has been giving a great deal of valuable time to this matter and deserves the thanks of the Town and County for his forethought in taking the matter up in its infancy. The Colonel has done much for the Town of Lindsay and never misses an opportunity of boosting the town. In the matter referred to above he prepared plans and elevations showing the advantages of a grain route from Midland through Orillia easterly to Kirkfield, south easterly to Lindsay, on through Durham and Northumberland counties to Trenton. He also prepared plans and elevations for a line from Lindsay to Toronto, and an excellent tourist line from Lindsay and Kirkfield through to the northern country.

a very important one is that it is intended to serve the entire north country, making it possible for the hundreds of tourists to reach the various pretty villages, lakes and rivers in the Haliburton County. It is proposed to cater to the tourist traffic and open up the northern country, which is one of the best districts in the Dominion for the summer tourist.

At the meeting in Toronto Col. Hughes exhibited a number of excellent views of the country through which it is planned to serve with the tourist line, showing the magnificent scenery, etc. He, as well as the other members of the deputation strongly advocated the opening up of the northern country, claiming that for tourists it could not be beat. It abounds with numerous pretty lakes and rivers, the scenery is grand, and the fishing and hunting are other strong points in its favor.

The Warder is sure that everybody will be satisfied that the setting forth of the claims and advantages of the town suffered nothing at the hands of the deputation, and that they are entitled to the thanks of the town for taking this important matter up.

A Janetville hunting party armed to the teeth but debonair and cheerful and determined to have the time of their lives left here for Crooked Lake, beyond Haliburton, last week. John Burn, T. Paul, Thos. Howe, Geo. Wilson, Jas. Henry, Andrew McGill, Oswald McGill, Mr. Johns, Mr. Fitz, and Dr. McCulloch, of Lindsay. Few villages the size of Janetville, will send out a larger or better equipped party. We wish them all success.
