## The Hobo Bible Class

THE HOB0 BIBLE CLASS.

Some people think that the Y. M. C. A. is purely an athletic organization, but, while they devote a considerable amount of time to athletics, this is a mistake. Very few people realize what they are doing in a quiet way for the moral benefit of the young men and boys.

The following is a cut of the first Bible class organized by the Y. M. C. A. in Lindsay. The Bible classes are now being looked forward to by the members, especially the juniors, with as much, if not more, pleasure as to the athletics. The Junior Boys held their Bible class every Saturday from 9:30 to 10 o'clock, and are greatly disappointed if it is not held. At these classes the boys themselves preside, so that it helps them in more ways than one, and the officers, who are boys, look after the business of the society. The study of the Bible is the chief object of the class and under the direction of Mr. Young the young men and boys are beginning to like the Bible stories as well as any other book, and are becoming familiar with its chief characters. The singing is not neglected at these classes and the boys render some of the old familiar hymns in quite a capable and pleasing manner.

Since Mr. Young has taken charge of the association, he states that the Y. M. C. A. has induced eight young fellows to become members of churches and influence is being used on others for the same purpose.

## NEW COLLECTOR OF TAXES

At a special meeting of the town council Thursday two resignations were presented, namely, that of Mr. William Galbraith, as tax collector, and that of Mr. John Jackson as town councillor. The resignations were accepted "with a sigh" remarked Mayor Begg, as both had served the town well in their official capacity. Mr. Galbraith has made a good tax collector, and Mr. Jackson has been a good councillor.

Three applications were considered for the position of tax collector, viz: Samuel McGill, John Jackson and Wm. McWatters, and on the matter being put to a vote ex-Alderman Jackson was selected unanimously various members of the council commenting that in their opinion the town was fortunate in securing Mr. Jackson for the position. Mr. Jackson has been collecting taxes for the township of Ops for a number of years, and has made good. It will no doubt be a harder proposition to collect the town taxes, but Mr. Jackson appeared to be the right man. The question of a salary was fixed at \$300 and the bonds at \$25,000.

EX-ALDERMAN JACKSON.

Who resigned from the council last evening, and was appointed Collector of all Taxes for the Corporation of the Town of Lindsay.

The new collector was appointed on the understanding, which was put in black and white, that he collect all taxes for the town of Lindsay, including dog taxes, poll taxes, business taxes, etc.

After resigning Mr. Jackson withdrew from the meeting, and after the appointment he was called in and made acquainted with his duties, etc. In a brief speech the ex-Alderman stated that he was thankful to the councillors for the appointment, and at the same time he regretted in a manner that he was severing connection from the council, as he had learned to esteem his colleagues and deemed them one and all worthy councillors.

It is understood that Mr. Jackson will commence at once in collecting the taxes, and he gave the council to understand that he would not take a new role out until he had collected all the taxes on the old role. Mr. Jackson also stated that he would do his best to have the rolls returned every year.

Religion never gains in depth as it loses in breadth.

## A Mother's Sacrifice

MADE IN KINDNESS IS OFTEN AN INJUSTICE TO HERSELF AND TO HER FAMILY.

It is a common thing for mothers to sacrifice comfort, strength, and sometimes life itself for her family. So common, indeed, that little notice is taken of it.

If anyone else is tired or weak or sick, mother waits on them. But there is no time for mother to be sick or to get the much-needed rest. So she neglects her ailments until she gets beyond the reach of human aid.

This is an injustice to herself and to her family. Health must be preserved. It is a mother's duty to herself and to those about her.

Dr. Chase's Nerve Food will restore you. It makes new, rich blood. It creates new nerve force. The feelings of weakness and fatigue cannot long exist when this restorative treatment is used. It sharpens the appetite, improves digestion and removes the cause of headaches.

You cannot get well in a day. Nature's cures are gradual and lasting. Dr. A. W. Chase's Nerve Food works hard in hand with Nature by supplying the elements which go to build up the system.

Mrs. H. A. Laynen, nurse, Phillipsburg, Que., writes: "I was all run down and could not do my own work. Everything I ate made me sick. In nursing others I had seen the good results of Dr. A. W. Chase's Nerve Food and resolved to try it. As a result of this treatment I have gained ten pounds, do my own work alone, and feel like an entirely different person."

Dr. A. W. Chase's Nerve Food, 50 cents a box, 3 boxes for \$2.50, at all dealers, or Edmanston, Bates & Co., Toronto. Portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on every box.

## OBITUARY.

### VIOLA HALL.

Thursday afternoon a young life was taken away by grim death when Viola Hall, daughter of Mr. and Mrs. Nelson Hall, East Ops, passed away at the early age of seven years and eight months. For the past five weeks she was troubled with paralysis, and a few days ago pneumonia set in, resulting in her death yesterday. Besides a sorrowing mother and father, one brother and two sisters are left to grieve their loss. The funeral took place this afternoon at 2.30 to Riverside cemetery.

### JOHN ANDERSON

Mr. John Anderson, of Sonya township, passed away on Nov. 9 of cancer, at the age of 79 years, 5 months. He was born in the township of Hope, Ont., and in 1868 came to Minden. He settled near Dy-sart boundary and cleared a large farm, where he resided till the time of his death. His wife died many years ago, but his only daughter, Anna Jane, continued to reside with him and kept the home. Being the only heir, she will inherit all the property, amounting to quite a sum. Four brothers and a sister of Mr. Anderson survive him, viz.: Alexander, William, Samuel, Ephraim, and Mary, all of Chipman, Alta.

### MR. F. MOONEY.

After a brief illness, Mr. Frederick Mooney passed away on Saturday evening last, at the age of 79 years. Mr. Mooney was born in the State of Vermont, and about 1860 came to Peterboro. Ten years later he moved to Minden, where he became a prominent figure in public life, occupying the position of Registrar of Deeds for a number of years. For some time since the death of his wife nearly eight years ago he lived alone part of the time, and while his health was he served the township of Minden as their clerk, and afterwards became reeve of the township of Snowdon for a term. He accumulated a lot of property, and only a year ago sold a steam saw and shingle mill at South Lake.

noticeably failing, he still went about much as usual till Monday of last week, when he came to the Minden hotel, sank rapidly, and died at eleven o'clock Saturday evening.

There is a remarkable coincidence in the fact that his death took place on the same date and hour as that of his mother 36 years ago.

He is survived by four sons and three daughters, viz.: Lincoln, of Sudbury; Charles, of Winnipeg; Fred, of Duluth; Arthur, of Biggar, Sask.; Mabel, of Toronto; Mildred, of Bracebridge; and May, of Lindsay.—Minden Echo.

## Double-Header Collided with Freight

What might have been a more serious accident happened at Victoria Harbor Station Thursday, when engines Nos. 270 and 2016 collided head on with engine No. 2227.

The double header, loaded with twenty-three cars of grain, was bound for Orillia in charge of Conductor Steels, of Allandale, and Engineer W. Fee, of Lindsay, with Fireman W. O'Brien, on the first engine and Engineer B. McNeish, with Fireman A. Wood, on the second engine. The single train was the Allandale way freight bound for Midland in charge of Conductor Budney, of Allandale, and Engineer Melron.

The way freight was standing at the station when the grain train came around the curve. Engineer Fee applied the brakes and both the engine crews jumped.

ing on the second engine, had three brakemen locked, who was riding the broken and a scalp wound.

Engineer B. McNeish received a sprained knee and had his back hurt. Mr. Lockard was taken to a boarding house at Victoria Harbor, and McNeish came home.

The three engines and first car of the double header were all that were broken of the two trains. The double header arrived in Lindsay this morning.

The cause of the accident was in the changing of the orders. It is understood that the two trains were to cross at Wauhaushene, but the way freight received new orders to cross at Victoria Harbor. These were not received by the double-header crew and consequently they were
