Local Option News Items

Lakefield village council has received a largely signed petition that the local option measure now in force be repealed. A by-law will accordingly be submitted to the ratepayers at the elections in January.

The town council of Hastings has refused to give a local option by-law its first reading, because it had not been petitioned for by twenty-five per cent. of the eligible ratepayers.

At the regular meeting of the village council of Omemee, after general business was transacted, a petition for local option repeal was presented by Mr. John Weir, who was acting for Mr. Henry Beatty, owner of the Commercial House. The council was addressed by the following representatives of the temperance side: Rev. R. Burns, Rev. D. H. Currie, Mr. S. C. Ivory, Dr. Thompson. The speakers showed that local option was for the best interests of the village and community—commercially, morally and otherwise. The speakers while not dictating to the council, hoped that they would not submit a repeal by-law to the vote of the electorate. Upon motion of A. Scott, and seconded by James Bushnell, it was decided not to grant the request of the petitioners, believing that the continuance of local option is to the best interests of the municipality.

McDONALD - At 632 Barton-st., Hamilton, on October 25th, 1911, Mr. and Mrs. Albert McDonald, a son.

Ideal Protection Against Inroads of Catarrh

Bury the Hatchet

BY BREATHING THE RICH, BAL-SAMIC VAPOR OF CATARRHO-ZONE YOU PREVENT AND CURE ALL HEAD, NOSE AND THROAT DISEASE.

Remember this: You don't take drugs when using Catarrh-zone; you simply inhale a healing vapor that cures every type of catarrh, bronchitis, asthma, throat and nose soreness and irritation.

No medicine brings such prompt relief, exerts such an invigorating influence, or so thoroughly and speedily cures throat troubles as "Catarrh-zone." Doctors, hospitals, sanitariums, all say that for those who suffer from changeable weather, for those who are predisposed to catarrh, lung trouble, deafness, or bronchitis, no treatment is so indispensable as "Catarrh-zone."

I contracted a severe cold while following my occupation of furniture traveling, and eventually it developed into Catarrh. The desultory means of life I was following gave me very little chance to attend to the Catarrh condition, and at last I became a victim of Chronic Catarrh. I bought a large package of Catarrh-zone, used it as per directions, and have never been bothered since. I will be only too glad to give any information I possess to any person suffering from the disease that was the bane of my life two years.

A. H. SWARTZ, Brockville, Ont.

For certain cure, for relief in an hour, use Catarrh-zone, the only direct, breathable medicine. Two months' treatment guaranteed, price \$1, smaller size 50c.; at all druggists, or the Catarrh-zone Company, Kingston, Ont., and Buffalo, N. Y., U.S.A.

HEART DISEASE CURED

Kingston Girl Saved by "Fruit-a-Lives"

Heart Weakness and Heart Irritation are the common outgrowth of indigestion. Gas is formed in the stomach and this accumulation of gas bulges out the walls of the stomach and presses against the heart. Palpitation, pain over the heart, and sometimes a feeling of smothering and dizziness, all are caused by the stomach and not because of any organic heart disease.

"Fruit-a-lives" will always cure this weak, irritated condition of the heart by curing the stomach.

91 CLERGY ST., KINGSTON, ONT.

"I suffered for some years with a dangerous form of Heart Trouble. My heart beat violently, and I had pain over the heart and down the arms. I also suffered with Constipation and Indigestion. I was treated by physicians and took many remedies, but nothing did me any good. Then I began taking "Fruit-a-lives", and this medicine completely cured me of all the heart trouble, constipation and indigestion, and gave me back perfect health."

(Miss) MABLE TODD, soc. a box, 6 for \$2.50, or trial size, 25c. All dealers or from Fruit-a-lives Limited, Ottawa.

Had Palpitation-of the Heart Weakness and Choking Spells.

When the heart begins to beat irregularly, palpitate and throbs fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm. When the heart does this many people are kept in a state of morbid fear of death, and become weak, worn and miserable. To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief.

Mrs. John J. Downey, New Glasgow, N.S., writes:—"Just a few lines to let you know what your Milburn's Heart and Nerve Pills have done for me. I was troubled with weakness and palpitation of the heart, would have severe choking spells, and could scarcely lie down at all. I tried many remedies, but got none to answer my case like your Pills. I can recommend them highly to all having heart or nerve troubles."

Price 50c. per box, or 3 boxes for \$1.25. For sale at all dealers or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PORT McNICHOL BIG TERMINAL

Is the Key to the C. P. R. Boat-Rail Traffic

Toronto World.—Without a blast of trumpets the Canadian Pacific Railway has been making preparations for the opening of a great lake terminal point on the Georgian Bay. For three years the work of construction has been going on. During this time a large number of men have been employed in the work of building freight sheds of the most modern type and tremendous capacity, both for the loading and unloading of the lake steamers and freight trains. Long stretches of concrete docks have been built. The fine lake-locked harbor, which is known as Victoria Harbor, is being dredged in order to allow the C. P. R. steamers to put in at the port. One of the largest grain elevators in Canada, built of concrete and steel, and equipped with the most modern machinery, has been erected, and is now ready to receive grain from the steamers coming from the western ports on the great lakes. The whole works has the appearance of solidly and permanently planned.

One year ago Port McNichol was simply a C.P.R. camp on the Georgian Bay, where work of a stupendous character was being done. Today Port McNichol boasts of a main street, with quite a number of buildings, and many new ones are planned for the near future.

For a long time now the Canadian Pacific Railway has had its engineers out endeavoring to locate a terminal point that would take care of all the upper lake steamship transportation and place it in a position to serve both Eastern and Western Ontario with the most convenient rail service. After a careful study of the situation from all points, Victoria Harbor was chosen as the most suitable spot, and as a consequence, the road crosses the bay from the town known as Victoria Harbor, has sprung up what will be one of the greatest shipping points on the great lakes, and this means that Port McNichol will, in a short time be one of the busiest lake towns in Ontario.

In conjunction with the work of building a terminal point at Port McNichol, where water and rail transportation will make connection, there has been built a new road from Port McNichol to Bethany, near Peterboro. The laying of rails on this new line has been completed and soon as the work of ballasting is finished, the road will be ready for traffic. The connection between the upper lake steamers and the railroad at Port McNichol will commence in the spring, and from that time on the people of Ontario will have a new service, the advantages of which it is almost impossible to estimate until they are experienced. The line between Port McNichol and Bethany is perhaps the longest and the best constructed pieces of railroad in the province, and it is intended for a fast service between Port McNichol and all points on the main line of the Canadian Pacific Railway in Ontario, both east and west. The Canadian Pacific is undoubtedly preparing to handle the great grain crops of the Canadian west, and the new line will play an important part in the grain carrying trade from the west to Montreal and the east.

At present the western grain is brought from Port McNichol to Port Arthur all the way by the great lakes via Owen Sound and Toronto. The new line from Port McNichol, where the most modern facilities for loading and unloading have been and are being installed, will enable them to forward the grain from the ports at the head of the lakes by the steamer to Port McNichol, on the Georgian Bay, and from this transfer point it will be shipped to Montreal and other eastern points, as well as to all points in Western Ontario. As compared with the old route from Owen Sound, the line from Port McNichol to Bethany makes a saving in the haul to Toronto of nearly one hundred miles, and it is obviously much shorter than the all-water route.

One of the big features of the new construction is the over-coming of all heavy grades. As is well known by those who are familiar with transportation in this province, the grades running out of Owen Sound have made it impossible to handle freight with despatch, as only small trains can be hauled over the heavy grades. There are practically no grades on

A New Bethany Will be Built-Heavy Loss

Friday Mr. Alex. Monk, one of the unfortunate business men of the village of Bethany, whose place of business was wiped out of existence by the fire Thursday night, called at The Warder office and told the story of the fire.

The fire was first noticed about twenty minutes to twelve o'clock by a relative who was returning from a wake. She spotted a small blaze at the rear of Jackson's store house and immediately spread the alarm. The bell on the Methodist church was rung several times, but it was hard work arousing the citizens from their sleep. However, a large number turned out and at once went to work to fight the flames which were being fanned into a fierce conflagration by the strong wind that was blowing. In short order the frame structures were in ashes, the owners of the stores having little opportunity of getting out their stock of goods. Brick buildings were also attacked by the fiery monster and it was only the heroic work of the citizens with the assistance of the workmen of the Toronto Construction Company that the entire village was saved from being wiped out.

The fire broke out in Jackson's store house and swept up the street easterly as far as Mr. J. J. Preston's, the popular member of parliament's grain office, and every building between the two places was leveled to the ground, including Jackson's grocery and butcher shop, Sisson's barber shop, the town hall, Ches. Reynolds' large undertaking establishment and hardware store, Dr. T. G. Brereton's fine drug store, Mr. Gallagher's dwelling house, and Mr. Alex. Monk's harness shop and boot and shoe repair shop.

The total loss of the buildings alone is estimated at over \$21,000, there being very little insurance on any of the buildings. Mr. Monk's loss is complete and is estimated at about \$500, there being no insurance. Mr. Monk recently launched into business on his own behalf, and had a complete new stock of harness, etc. \$2,000 damage is the estimate at Jackson's store. Mr. Levi Sisson, who is a cousin of Mr. Matt Sisson, of Lindsay, ran a tonorial parlor and managed to get his stock out. Mr. Chas. Reynolds also was fortunate in getting out the bulk of his stock as well as Dr. Brereton. Everything in the town hall went up in smoke including a brand new piano and all the civic documents.

The fire was subdued by the aid of the village fire hand pump, which pumped water out to the tank of the Toronto Construction Company nearby. The employees of the above company rendered valuable assistance in checking the progress of the flames. One man climbed on top of Dr. Hamilton's house, which caught fire several times, and managed to put out all the sparks. The water froze on the roof and he slipped and fell to the ground, but fortunately was not seriously hurt.

Mr. Jos. Hadden's store and post office were also in danger, sparks igniting the frame structure several times.

Dr. Brereton's drug store was a fine brick building as was also the town hall.

Just five years ago a small fire broke out in the village of Bethany and a frame house was destroyed.

Mr. Monk states that it is the intention to rebuild the burnt section at once with up-to-date structures.

News Items From 'Caygeon-a Sad Death

Bobcaygeon, Nov. 2.—Mr. James Dickson, O.L.S., of Fenelon Falls, was in the village last Saturday running lines for Mr. John Devitt, reeve of Verulam.

Monday, Thanksgiving Day, was generally observed. The stores were closed and business quiet.

The Sunday school opening at the Methodist church on Sunday and Monday last was quite a success. The building has been on the way since spring owing to scarcity of labor. Rev. John O. Totton, of Beaverton, preached Sunday morning and evening to large congregations, and Rev. Mr. Honey, the pastor, conducted a rally in the afternoon for the home department of the cradle roll. The choir rendered excellent music at these services. The fowl supper on Monday evening was considered a great success. The ladies took charge of the supper and had an organization which would be hard to equal. The Sunday school room was laid out in three tables, seating 84 people. The tables were profusely decorated and everything went along with a good swing. Tickets were provided so that one color made one sitting and no more than sufficient to fill the tables were taken in at one time, thus giving the waiters an excellent opportunity to serve their patrons to the king's taste. The program, although a little late in starting, was very entertaining, consisting of addresses by Rev. John O. Totton and resident ministers. Solos by Miss Wright and Mrs. Honey, duet by Miss Wright and Mr. Totton, and music by the choir. The proceeds Sunday and Monday were about \$350.

The death of Mrs. Mary Ann Murphy, relict of the late John Murphy, removes another of the landmarks of the village. Mrs. Murphy, who has been in failing health for some little time, was a sister of Mrs. Geo. W. Fitzgerald of Peterboro. Last Thursday morning Mr. Thos. Murphy, local telephone manager, brought her the sad news of her sister's death that morning, and although she did not appear to be seriously affected by the sad news, her nerves were not prepared for the shock and gave away to a stroke of apoplexy shortly after and succumbed on Saturday morning. Mrs. Murphy was quiet and retiring, but cheerful and very kindly disposed. Her husband and older son predeceased her some years ago. Four sons and one daughter survive. The funeral was held Monday afternoon. Service was held in the Presbyterian church, of which church she was a

life long member.

Next Sunday being field day for the Dominion Alliance in the county, service will be held in the Baptist church in the evening by the Rev. J. F. Cotton, B.A., of Wycliffe Col. lege, Toronto.

Rev. Mr. Farr, the new Baptist minister, has moved his family into the village and occupies rooms at Mrs. McGregor's.

The first snow fell on Wednesday night, about three or four inches coming down. Mrs. E. J. Woollard was the first to take advantage and was out bright and early for a drive. Sure it sounded like Santa Claus coming again when we heard the merry jingle of the bells.

At the Liberal convention on Tuesday at Fenelon Falls for East Victoria, Mr. A. E. Bottom, our popular hardware merchant, was nominated, along with others, but retired in favor of R. M. Mason, the ex-member. There is a saving that who ever gets the Conservative nomination is sure to write M.P.P. after his name, and no doubt that on Dec. 11th Dr. Mason will be the man. He has been a good representative and is quite popular.

Rev. John O. Totton and Mrs. Totton, of Beaverton, visited Rev. Mr. and Mrs. Honey over Thanksgiving.

Rev. Mr. Honey and his colleague Mr. Stewart, attended the Epworth League convention at Cameron on Wednesday.

Rev. W. J. Smith left Tuesday morning for his annual hunting holiday at Callender.

Jack Smith, who has been indisposed for some time, is able to be about again.

Hallowe'en passed off quietly, a few pranks by the ever hilarious boys was about the only indication of note.

Mr. Scarret, of Hillcroft, is in charge of the Boy Scouts and putting them through their exercises at the rink two evenings each week. Last Saturday they took a tramp around the village by Mr. Boyd's boat house and power house.

At the Bobcaygeon Independent has installed this week a new gang press, so that the true, the good and the beautiful, will be gooder and more beautiful now than ever.

DEATHS.

SMITH—In the Township of Somerville, on Thursday, October 28, 1911, Yeoman Smith, aged 67 years.
