of Cooking

The set illustrated here is a suitable gift for the woman fond of cooking or the chafing dish girl. It is made from four bandanna handkerchiefs. For the apron two handkerchiefs are used. In one the center is cut out, the edges being bound with gingham of the same color, and the handkerchiefs are jo ned by a belt and strings of the gingham. The sleeve protectors are made by tolding the bandkerchiefs diagonally and stitching them firmly into place.

Shirt Waist Basket For Gift. The new shirt waist baskets make a delightful present for maid or matron They have taken the place of fabric covered boxes. The baskets have two trays placed one above the other, but so carefully fitted that the weight of the upper one does not in the least injure the freshness of whatever is

The first tray is designed for the best blouses, those that are most expensive to do up. This tray is first covered with a heavy white linen, then with a sheet of lavender scented cotton batting and finally with dotted swiss or embroidered muslin. Attached to the inner side of the tray are half a dozen little sheets or leaves of linen, one of which is laid over each freshly laundered blouse as it is placed in the bas-

The lower tray, which is several inches deeper than the upper one, is for the tailored waists and the different sort of outing skirts, and while the is sachet lined its covering is of lawn and the sheets are of the same sub stantial material.

Fillet Lace Covers. Every woman is proud to own one or more soft cushion covers made from fine handkerchief linen and squares of fillet lace.

Nothing gives more distinction to a one of these cushions. Spreads for the bed can also be made of these lovely materials, which, if bought, would be quite beyond the average woman's

The fillet squares can be bought for little price. They show classic de signs woven in solid, and often sev eral different designs are used in the making of a bedspread. The work ! done somewhat on the order of old fashioned patchwork, only it is much

Strips of linen are sewed between had cameras with them in order to the squares. The work is done on the machine if you are a busy woman. but if there is time to spare do it by band, rolling the edges.
