

WOMEN OF MIDDLE AGE

Mrs. Doucette Tells of her Disressing Symptoms During Change of Life and How She Found Relief.

Belleville, Nova Scotia, Can.—“Three years ago I was suffering badly with what the doctors called Change of Life. I was so bad that I had to stay in bed. Some friends told me to take Lydia E. Pinkham's Vegetable Compound and it helped me from the first. It is the only medicine I took that did help me and I recommend it to all women who are approaching the period in life when woman's great change may be expected. Such warning symptoms as sense of floation, hot flashes, headaches, back-aches, dizziness, irregularity, timidity, and in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, nervousness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected. Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Mr. James H. Best's auction sale of farm stock and implements on Tuesday was very fairly well attended, and the stock commanded good prices. The implements seemed slow to sell, but the whole, very satisfactory prices were realized. Under the direction of Heave Mulligan, the choristers are busy practicing for the year. The bride looked very charming in a gown of broad satin with shadow lace. She carried a bouquet of bridal roses and lilies of the valley. The groom's gift to the bride was a pendant of pearls. Mr. and Mrs. Day left on the 7 o'clock train for the bride's home in Omemece and other points, amidst showers of good wishes and confetti. Wedding Bells

MURPHY-CAMPBELL. A quiet wedding took place Tuesday morning at half-past seven, when Miss Marguerite Campbell, daughter of Mr. and Mrs. Jas. Campbell, town, was united in marriage to Patrick B. Murphy, son of Mr. and Mrs. P. F. Murphy, Albert-st. The ceremony was performed by Vicar-General Casey, of St. Mary's church. The bride, who was given away by her brother Thomas, was dressed in a suit of cream serge and pretty hat. Miss Annie Fagan, of Peterboro, was bridesmaid, also dressed in cream serge and becoming hat, while Mr. John Murphy, brother of the groom, was best man. Miss Mary Flurey played the wedding march, and during the signing of the register sang "Because," in her usual rich voice. After the ceremony the happy couple and the immediate friends of the contracting parties drove to the home of the bride, where a dainty wedding breakfast was partaken of, and then left on the 9.15 G.T.H. train for Toronto, Buffalo and Rochester. On their return they will reside on Lindsay-st., south. The groom's gift to the bride was a handsome set of black lamb, and to the bridesmaid a pretty necklace, and to the best man a gold watch fob.

MacDonald and S. Lanark Elections

Ottawa, Nov. 24.—At a meeting of the cabinet this evening the dates of the MacDonald and South Lanark by-elections were set. Nominations take place December 6th and the elections on December 13th. Immense interest is being taken in both elections. MacDonald is vacant through the unseating of Alex. Morrison, who was elected in the Conservative interest at a by-election, and he will run again. South Lanark is vacant through the death of Hon. J. G. Haggart. Interest in this election has been quickened because of the entry into the contest of an Independent Conservative candidate, Col. Balderson, and Arthur Hawkes, of "British-born" fame. Dr. Hanns is the official Conservative candidate.

THE TROUBLE IN MEXICO

El Paso, Tex., Nov. 24.—The second skirmish since the Mexican Federals advanced north out of Chihuahua against the rebels now holding Juarez took place this afternoon just before dusk. That the fighting has been hot was proved at 9 o'clock to-night, when a train returned to Juarez from the rebel front with 22 wounded and three dead men on board. The three dead expired between the battlefield and Juarez. The wounded reported that seven dead were left on the field, and that reports where they were fighting were that they had lost many men in killed and wounded on the right flank before they repulsed the Federals. The firing appeared to grow fainter and fainter as the evening wore on, and the rebels in Juarez expressed the opinion that the fighting had stopped for the night, but that it would re-open at the break of dawn. United States troops on guard near Ysleta report, however, that Federal soldiers crossed near there to American territory this afternoon searching for ammunition. The United States troops seized a lot of ammunition near the border, in an American house. Whether it was intended for Federal or rebel consumption is not known, but the United States soldiers are holding it. Shortly after 8 o'clock everything was closed in Juarez, and all Americans were ordered out of the city. At that time firing had resumed south of Juarez, and reports were that the Federals had driven the rebels back towards that city and that part of the rebel army was back within eight miles of it.

CAMP CLERKS ADVENTURE

Ottawa, Nov. 24.—A real live wolf story was brought into the city yesterday by Mr. George Spargo, of Three Rivers, who is staying in Ottawa for a few days. It involves a chapter of misadventure which provoked many thrills on the part of the victim. Somewhere in Chesley township, near the Soo, is the Eddy & Glynn camp, where several hundred men work in the woods. The foreman of the camp is Mr. Leah, and his clerk, the hero of this story, is Fred Snyder, formerly of Ottawa. Last week there was a nice fall of snow and Mr. Snyder hankered for some sport. He took his best rifle and started out on a bear-hunting expedition. Mr. Snyder's proper route lay due south, but in a fit of absentmindedness he headed due north. After a few hours he was surprised that he had found no bears and lost his way. About the same time it started to get dark, and Mr. Snyder heard the unwelcome music of a pack of wolves set on his trail. He instinctively fingered his trusty rifle only to find that it was frozen, and so jammed it would not work. The sun was going down and the wolves were coming on. Mr. Snyder took one choice between discretion

Lady MacKenzie Building Park at Kirkfield-Reindeer from Lapland

Kirkfield, one of the prettiest villages in Eldon Township, is also the home of Sir William and Lady MacKenzie, and as such comes in for much notoriety. For instance, Lady MacKenzie has a magnificent residence, with a palatial summer home a few miles distant on Balsam Lake. The road between the village and the lake front villa is kept in A1 order by laborers in the employ of Mrs. MacKenzie, and is suitable for motoring. Connected with the big house at Kirkfield is a fully equipped dairy with the very best of pure-bred cattle, a large poultry house and a magnificent stable. On a street distant is another large race horse stable with half mile track, which is practically unused, the project having been dropped soon after the track was built. Lady MacKenzie is also a benefactor and a good citizen of the village, and some time ago built one of the best rural schools in the country. The old Presbyterian Church was an obstruction at the side of the palatial residence, and on Lady MacKenzie's suggestion was torn down and a new edifice erected across the street. Lady MacKenzie footing the cost. Needless to say the new church and parsonage is thoroughly modern. Next a fine new sidewalk was built to the G.T.H. station, while only recently a beautiful English Inn was erected. Lady MacKenzie having purchased two hotel properties. The Inn is furnished in magnificent taste, with bath-room and hot water, electric light, brass beds, etc., in almost every room; excellent and tasty meals at popular prices; courteous attendants, etc., while a large garage is run in connection with the establishment. Lady MacKenzie's latest move is understood to be in the nature of a Zoological Park. At least it is understood that she is bringing four or five beautiful reindeer from Lapland, the home of the reindeer, and these are to be placed in a new park along with other more or less tame animals.

Alleged Forger and Eloper Arrested by Chief of Police

The Kinmount train, which is due in Lindsay at 5.40 p.m., carried amongst its many passengers Monday evening an alleged forger from the village of Bancroft. The man, whose name is Matthias Blau, also known as Max. Brown, got possession of a bank book about four days ago, which was owned by another party and he issued a cheque for \$10 in the owner's name. On hearing that his speculation had been discovered and that the police were after him he left the town. The chief of police at Bancroft wired Lindsay's chief giving a description of Blau and orders to arrest him on sight. The train from the north was watched and Chief Chilton, in company with County Constable Thornbury captured the man on the arrival of the evening train from Kinmount. Blau was in company with a married woman when arrested, both of whom were making as rapid transit as possible to the town of Bad Axe, Michigan. The woman expressed much surprise when the paramour was snatched away by the strong arm of the law. The prisoner will be taken back to Bancroft for trial.

HUNTING ACCIDENT. Bridgenorth, Nov. 25.—Wallace Nicholls, the 15-year-old son of Mr. W. Nicholls, of Bridgenorth, was accidentally shot and badly injured this morning while on a partridge-hunting expedition in McManus' swamp, half a mile from here. The boy, in company with his brother, Wesley Nicholls, and the latter's brother-in-law, Charles Hartman, of Campbellford, left home this morning to spend the day in the woods. Soon after reaching the swamp one of the party shot a bird, and Wallace Nicholls started into the bushes to look for it. Hartman was holding a loaded shot gun and also had a dog on a chain. In some manner the gun was discharged and the contents struck Nicholls, the greater part of the load
