

# ASHAMED OF THE PIMPLES

Pimples and disfiguring skin diseases are particularly distressing to young ladies and gentlemen. The embarrassment is so great that you feel ashamed to appear among your young friends in society.

Fortunately, there is a cure for such annoying skin diseases by the use of Dr. Chase's Ointment. So much is heard of this great, soothing, healing ointment as a cure for eczema and the more serious diseases of the skin that many overlook it when bothered by pimples, blackheads, roughness of the skin and skin irritations.

It is surprising what Dr. Chase's Ointment will accomplish in a few days when applied frequently. Instead of merely covering up the disfigurement, and further aggravating the inflammation, it soothes and heals the skin, and leaves it soft, smooth and velvety.

### PIMPLES AND BLACKHEADS

Miss Carrie Altwater, Bittern Lake, Alta., writes:—"I was entirely cured of pimples and blackheads some months ago by using Dr. Chase's Ointment. As I have also found this ointment a splendid treatment for sunburn and chapped hands, I would not be without it in the house. It is the best I ever used."

Dr. Chase's Ointment, 60 cents a box, all dealers. Sample box mailed free, if you mention this paper. Edmansson, Bates & Co., Limited, Toronto.

### OPS COUNCIL

Ops council met Nov. 17th, at 10 a.m. All the members present. Communications—A petition from the majority of the interested parties re making the Long drain a municipal drain. From treasurer of Ontario re drain debentures, from C.P.R. and others.

Interviews—Mr. J. C. McNevin, re payment of T. O'Neill's bill for work on ditch on 8th con. line at lots 9 and 10. Messrs. Stewart and Short of Port Perry, requesting council to sign a petition asking the Government to purchase the water rights of the Canadian Cereal Flour Mill in Lindsay so that the Scugog water might be kept at a more uniform level and thus protect the fish from being killed by shallow water in Scugog Lake in winter. The petition had been signed by other townships to the south.

Council considered that part of T. O'Neill's bill re 8th con. line work should be paid by other interested parties and decided to pass his bill at \$40.

In regard to the petition re mill water rights and preserving the winter level of Scugog Lake, council decided to leave the matter over till they could consider more carefully the probable results of such action, as it was a matter of more concern to the township of Ops than to other municipalities further up stream both in regard to the level of the water and also in regard to the effect on the milling operations in Lindsay.

On motion of W. Best, seconded by J. Brock, John Calvert's application for a tile drain loan of \$400 on the west half of lot 7 con. 9, and Inspector Reed's report thereon were accepted and the reeve and treasurer moved by J. Brock, seconded by authorized to sign debentures to secure the said amount from the government.

W. Walden, that the reeve be authorized to sign the petition re the Long drain on behalf of the corporation.—Carried.

A by-law was duly passed imposing a tile drain rate of \$36.80 per year for 20 years on the east half of lot 15, con. 6, Ops, (J. J. Pogue) to collect the tile drain loan of \$500 thereon.

Moved by G. Maloney, seconded by W. Walden, that the petition of the majority of the interested parties re Long drain be accepted and the township engineer be instructed to proceed thereon under the provisions of the Municipal Drainage Act.—Carried.

Council adjourned to meet December 15th, at 10 a.m.

### OBITUARY.

#### LATE MRS. JOHNSTON.

An expression of condolence to the family of the late Mrs. Margaret Johnston, of Ops, who departed this life on Thursday, November 13th, 1913, at the age of 75 years: "It is hard to lose a kind and loving mother, but God does everything in His own way, and for the best; still we are unable to see it that way at times. While we cannot always have them with us to love, we can always have their blessed memory, and can keep ourselves ready to go to them when our journey on earth is finished. We must remember that God was good, and left her with her dear boys, to see that the children He gave her were taken care of. Her life was very useful, and what comfort she had, even in her suffering, to know what good children hers were, to care for her when she was unable to care for herself. Now she is peacefully sleeping, taking her long rest, in the home which our Heavenly Father prepared for her, and where she knows no suffering."—From a friend.

#### Improving His Farm

##### MARIPOSA FARMER BUILDS 400 YARDS OF FENCE

Mr. John D. Copeland, of Mariposa, continues improving his already well-kept farm and this year he has had erected on the premises about 400 yards of wire fence. "There are many arguments in favor of wire fencing," said Mr. Copeland. "It enables much rubbish and weeds which accumulates in fence corners to be more easily dealt with along wire fences and less land is wasted. With the old rail fence about ten feet of ground is taken up, while half that is all that is required for the new structure."

The Toronto police were asked to communicate with their parents tomorrow. They will be sent back to Toronto.

## Supposed Dead Man Turned Up Alive

Hazilton, Nov. 19.—Perhaps the most extraordinary incident in connection with the disaster recorded on the Great Lakes within the last week occurred here this evening. One of the supposed victims of the marine tragedy was John Thompson, son of Thomas Thompson, 442 John-st., north of this city. On Monday last a telegram was received by Mr. Thompson from his daughter, Mrs. Mary Ward, of Sarnia, to the effect that his son John had gone down on the James Carruthers. Learning that the bodies of a number of the crew of the ill-fated steamship had been cast ashore at Kettle Point, near Goderich, Mr. Thomas Thompson hastened there on Monday evening to see if he could identify the remains of his son. He arrived at Goderich at midnight, and after a nerve-wrecking drive he reached the place on the lake shore where the bodies had been carefully and tenderly laid away for the purposes of identification. Among the number was that of a young man which corresponded so closely to that of John Thompson that the bereaved father acknowledged it as that of his son. There were two toes on the right foot that were crossed in a peculiar manner that Mr. Thompson remembered as tallying exactly with two injured toes on his son's foot. There was a "J. T." tattooed on the left arm of the body, and other tattoo marks which corresponded exactly with tattoo marks which he knew his son carried. To make the identification even more sure, there were teeth missing in the mouth just as in the case of his son John. The body was prepared for burial and sent here to be interred. The only difference Mr. Thompson saw was in the color of the hair, he being of the opinion that his son's hair was lighter than that on the head of the corpse. On mentioning the fact to the undertaker in this city, the latter, who was personally acquainted with the son, said the fact that the body had been in the water so long might account for the difference. Preparations for the funeral were proceeded with. Flowers were sent by sorrowing friends and relatives, and a wake was to be held to-night. The funeral was to take place tomorrow.

B. A. KELLY, Esq.

HAGERSVILLE, ONT., Aug. 20th, 1913. "About two years ago, I found my health in a very bad state. My kidneys were not doing their work, and I was all run down in condition. I felt the need of some good remedy, and having seen 'Fruit-a-tives' advertised, I decided to try them. Their effect I found more than satisfactory. Their action was mild and the result all that could be expected. My kidneys resumed their normal action after I had taken upwards of a dozen boxes and I regained my old time vitality. Today I am as well as ever. The greatest kidney remedy in the world, is what thousands of people say about 'Fruit-a-tives'. And it is true.
