DO YOU know. Madam, that billowing from the Lake of the Woods clear to the snow-peaked Rockies are the finest wheatlands that ever threw back golden kisses to a smiling sun? Our selection of a birthplace was indeed most judiclous.

We cannot too fervently congratulate ourselves over being born Canadians, can we?

All the infinite resources of Provident Nature have concentrated to produce in our own Northwest a perfect food barry.

It is the cream of this Manitoba wheat crop, not the skim milk, that maketh FIVE ROSES quality. And Manitoba wheat, owing to climate and soil is the prime cereal of the world.

In the spring " when the soil is ploughed, harrowed " and planted, the lower depths are not "greatly disturbed; but in the warm " summer months this cold storage "chamber of nature imparts gentle "moisture to the roots of the grain, " keeping it cool during the intense heat."
