When you awake next Thursday just remember that Gough has wished you in particular a merry, merry Christmas and hopes you will enjoy the day, and a hundred more like it. A successful year's business has made him feel merry and he wishes to pass the glad feeling around. —You can read all the nice ads. and locals, but come to the Oak Front grocery for your Christmas supplies and you will find it to your advantage. We have everything you want in groceries, deli, China and glassware and a very choice assortment of fancy goods for Christmas presents. Come and see and you will be sure to buy. John Flurey.—49-3. —Secretary E. Weese has a line on all the fast pacers and trotters in Ontario, and is now holding out special inducements to bring them to Lindsay on New Year's day. This will probably be the first race in the new year and century and horsemen will no doubt be anxious to avail themselves of the first money-making event. The events stated are a three-minute class and free-for-all for purses of \$100 each. Holiday guests will be able to spend a couple of hours pleasantly watching the flyers going. —At 4.30 on Tuesday afternoon the staff of Kennedy's mill and lumber yard put up a fine exhibition of fire fighting. From hot ashes thrown into the hen-house that part of the stables had taken fire. The whole staff is a trained pail brigade and in a few minutes were transferring the Scugog to the abode of the fowl. The smoke was very dense and the occasion would have afforded our fire brigade a fine opportunity of deluging the neighborhood. To save fishing his lumber piles out of the river Mr. Kennedy forbore to ring for the brigade as long as hope remained. That hope was good and in half an hour the pail brigade had the fire out. —One day recently a colored man wandered into the round house and asked if he could be down and sleep a while. One of the lads directed him to the room in which the sand is dried by hot air. He was soon asleep. Shortly after a tramp who knew the ropes came along and went into the same place but on account of poor light did not notice the sleeper. He was comfortably settling down for a snooze when the sleeper awoke and supposing he had been detected shouted out "Am yo' de boss?" This unexpected greeting and a glance at its source, were too much for our tramp who got out as rapidly as the dignity of his calling would allow. The colored one next took alarm. Supposing his visitor had gone for reinforcements he forked the place on the double quick and the railway people were easily rid of two callers they very well could spare. —The new Presbyterian church has made a splendid progress from its start to the present time and promises to be ready for occupation by the time set, about the beginning of February. The outside is now entirely finished, and the plastering inside commenced this week. The foundation is stone, main walls brick and super structure is covered with metallic sheets. The basement will contain a large room for Sunday school and business meetings a vestry, a kitchen, and a large furnace. The church above will seat 250, and will be 32ft by 43 feet. The windows are of colored cathedral glass, supplied by the Luxfer Prism Co., of Toronto, and adds very much to the beauty of the church. The driving shed has been removed from the old site this week, and will be re-erected on the new. The congregation is to be congratulated on its energy in adding so much to the appearance of the village.—Bob. Independent.

Little Local Lines

—Second-hand box and coal stoves at Lennon's. —Delicious oyster patties, cheap at A. B. Terry's.—50-2. —Before 20,000 people jammed into every available corner of the great Madison Square Gardens, New York, Harry Elkes of Glenn Falls, N. Y. —The P. A. P. B. basket social on Tuesday evening was quite a success. Speeches, music and the sale of baskets created a fund of amusement for those assembled. —The report of the stone crusher committee is crowded out this issue, as are a letter on the Ops council and on the Oakwood temperance house. —Mr. J. H. Brandon shipped a double-deck car of hogs yesterday from Fenelon Falls to Matthews & Co., Peterboro. Mr. Brandon paid out over \$3000 the other day for stock alone. —A 20th century greeting is a novelty which B. J. Gough the clothier extends to all thanking them also for the favors shown him during 1900, a record year in his business. —Oliver's photos, reduced in all sizes from Dec. 15th to January 19, 1901. Also the latest productions in photography. Call and inspect our work. Studio: 128 Kent-st., Lindsay.—50-2. —On Tuesday night Col. Hughes gave an illustrated address on the South African war, for the benefit of the new Presbyterian church at Bobcaygeon. Rev. Bryce Innes presided and a large, appreciative audience enjoyed the lecture. —No town in Canada has improved its store windows more in the past few years than Lindsay and never before were Lindsay windows so artistically and ingeniously decorated as this year. It is worth a trip to town from a long distance out, to see the original ideas in window dressing. —Mr. J. Brunwell formerly of Bridgenorth, a practical lumberman of 18 years experience, has taken up his residence in Lindsay, and will open a lumber yard on Regent-st., west of William-st., the first of the new year. A full stock of dressed lumber, shingles, sash and doors, mouldings, etc., will always be kept in stock. Parties contemplating building should consult Mr. Brunwell. —Floyd McArthur of San Jose, Cal. the American team, won the six-day international bicycle race by a wheels length from Burns Pierce of Nova Scotia and Archie McEachern of Toronto, formerly of Eldon, the Canadian team. The distance covered by the riders was 2,628 miles and seven laps, this being 104 miles and seven behind the record of Miller and Walker, made last year. The prizes for the race offered by the management were \$1500 for the first team then \$1000, \$750, \$500, \$350, \$200, \$150. —On Tuesday afternoon at two o'clock the first sod of the Lindsay, Bobcaygeon and Pontypool railway was turned at the former place. Of necessity "turning the sod" was done only in figure, but in the absence of the turf a rock blast was substituted amid fitting ceremony. Among those present were Messrs. M. M. and W. T. Boyd, H. J. Wickham, Charles Fairbairn and Col. Sam. Hughes. Mr. Fairbairn touched the fuse, and the explosion that followed was a signal for a new line of railway across this district. —This issue of the Canadian Almanac, which forms the fifty-fourth of the series, is unusually valuable, and is indispensable to every office and library in the Dominion. Many of the lists given are not found elsewhere, and in no other volume can so much information about Canada be found in so small a space. In this year of military activity, special attention has been given to military matters in the Dominion. A complete militia list, war service of officers of Canadian militia, alphabetical list of reserve officers, officers of staff and permanent corps, Canadian troops sent to South Africa, etc. The results of the elections both in Canada and Britain are given. A short description is given of the British government, with a list of the principal officials, and a brief account of the offices. The new Dominion House of Commons will be found in full, with a list of the successful and defeated candidates. The customs tariff is revised to date and the post office directory and gazetteer. As a directory the Canadian Almanac is unsurpassed. Full lists are given of the clergy of all denominations; societies and institutions, schools, colleges and universities, barristers and solicitors in Ontario; county and municipal officers; townships, cities, towns and villages; division court clerks, police magistrates, etc. Price in paper covers, 400 pages, 25 cents. Published by the Copp, Clarke Co., Limited, Toronto, Ont.

—Messrs. McDougall, Austin and Brandon, of Fenelon Falls are paying out an average of \$3,000 per day for live stock and produce grain. —In another column appears Mr. S. G. Parkin's announcement that he will run for alderman at the coming election. Mr. Parkin is a hustler on general principles and will be a host on the lighting question in particular. —B. J. Gough wishes all, both his present and his prospective customers a merry Xmas and in extending the compliments of the season also wishes to thank all for the past season's trade which has been so successful. —Recent improvements at the Benson house have advanced it many points in the grade first-class. Extensions on the second flat have given four fine new rooms. The dining room has been made four feet wider and had fancy metallic sheeting put on the walls and ceiling. This is in fancy designs with heavy mouldings on the walls and panels in the ceiling. It is painted in blue, white and pink, with gold and silver pointing on the raised designs. The effect is as dainty as one can imagine and travellers say the dining room is now the handsomest on the road. Mr. Alle Silver did the painting. A fine new sideboard in solid oak with heavy mirrors and elaborate carving is in keeping with its surroundings. The Benson house is keeping abreast of the times and as a result is crowded to its fullest capacity. Mr. Wardrobe is making a great success.

Little Local Lines

He appealed. Judge Price quashed the conviction and said that dealers could keep their stores open as late as they liked. —Occasionally we lose a subscriber. Last week the regular postmaster's card telling of a refusal to take the paper, was received. The space for reasons was filled in with "Turned Grit." He'll be lonesome. —A merry Christmas and a bright and prosperous New Year is the hearty greeting Gough extends to all. He throws open his store for all to see into Fairyland as his store with its lovely decorations might truly be called.

To the Public

The alterations demanded by the sanitary inspector on my premises, have been completed and that official declares them entirely satisfactory. After a serious illness I am again almost able to be about and feel justified in asking my old customers to renew their patronage. J. S. VEITCH.

Election Card

To the Electors of the Town of Lindsay. Gentlemen—At the request of many of the ratepayers I have decided to offer myself as a candidate for councillor at the coming municipal elections. If successful I will give the town the benefit of my experience with street lighting, with a view to having our streets lit as promptly and satisfactorily as possible.—Yours, SAM. G. PARKIN.
