Graham's Sweeping

We can't see our finish this month—that's certain. We have been going at a "two-forty" clip for the last two months—distancing all competitors—and pushing to reach the end of our stock. Sales have been away ahead of the largest we have ever enjoyed since we opened our store, and there's been "No Let Up" to the throngs of shoppers. We have worked late and early, and left nothing undone to get the goods out as rapidly as time would permit.

But time will not permit. We're up against a bigger stock than we thought, and another month is needed to get to the bottom of it all. Necessity has no law. The time of our sale must be extended.

WE PROPOSE TO KEEP IT GOING FOR

Remember, it's a Sacrifice Sale. Nothing is sold at anything like regular price. The stock is marked without favour or discrimination for speedy disappearance.

Christmas Thought Still Pervades the Store.

Lots left yet for another Christmas. Perhaps you may have forgot something-some friend or relative. How about an OVERCOAT, an ULSTER or WINTER SUIT? It is doubtful if there is any clothing store in Lindsay better stocked than GRA-HAM'S after all our selling. That no store has as rousing big values is quite certain.

Men's Furnishings—This Men's Furnishing Store of ours has a strong position. In the matter of NECKWEAR, SHIRTS, UNDERWEAR, HATS, etc., correct dressers find selections to their taste.

If you have overlooked any friends in your Christmas thoughts, you'll find much of intrinsic and artistic worth in our Furnishings at Sweeping Rich Choosing While This Stock Holds Out.

Compliments of the season to all and heartfelt thanks for many favors.

Bronchitis

"I have kept Ayer's Cherry Pectoral in my house for a great many years. It is the best medicine in the world for coughs and colds." J. C. Williams, Attica, N. Y

All serious lung troubles begin with a tickling in the throat. You can stop this at first in a single night with Ayer's Cherry Pectoral. Use it also for bronchitis, consumption, hard colds, and for coughs of all kinds.

Three sixes: 25c., enough for an ordinary cold; 50c.. just right for bronchitis, hoarseners, hard colds, etc.; \$1, most economical for chronic cases and to keep on hand.
