Principal Broderick of the Model school, was the recipient one evening last week of a quarter-cut oak book case from the Model class as a token of esteem. A program taken part in by Miss Suggitt, Miss Meehan and Miss Campbell was rendered. Mr. Greenway in the chair.

Peterboro Exam: Artie Parkins, the manager of the Lindsay Midgets, picks his team as the winners of the O.H.A. junior championship, but these ante-season promises have an unhappy faculty of going astray. The Scogoville bunch must remember that in Port Hope and Cobourg they have two of the hardest teams in the junior series to compete with, and that they may have more trouble than they anticipate in winning their own district.

Among the coming attractions at the Academy of Music none will be welcomed with more enthusiasm from all music-lovers than the presentation of "Dolly Karden," scheduled to appear here in the near future, December 28th, with the dainty prima donna, Lillian Spencer, in the title role, surrounded by a cast and chorus, that, according to all reports, is one of the most meritorious seen and heard in any musical comedy or comic opera organization of the present season. Miss Spencer made a memorable hit in "Florodora" at the New York Theatre a few years ago, jumping from the chorus to the leading role in a night, and has since won many still brighter laurels in the cast supporting Lillian Russell, and other theatrical offerings of the same high standard.

The Morris-Thurston Stock Co., which appeared at the Academy of Music last Thursday, Friday and Saturday, is a theatrical organization of more than the average merit of repertoire companies. As is very common the Saturday night performance was not up to their standard of the other two nights. Should the company again visit Lindsay they ought to have better houses than they did on their first appearance.
