### Three Arrests at Minden Last Week

Minden, Dec. 4.—Mrs. Gardener and two children arrived in Minden last night from Manitoba to visit her mother, Mrs. John Gannon, of Hindon Hill.  
Mr. Wilbert Archer, who has been out west all summer, arrived home last week.  
Miss Edna Hope, of Kimmount, visited friends in Minden last week.  
Mr. Harry Penrose arrived home last week to visit his mother, who is seriously ill.  
Mrs. Penman, wife of Rev. Penman of the Presbyterian church, arrived at the Ranson House last week.  
Diphtheria has again broken out in another home. Two children of Mr. Hugh Coulter are very ill with it, one of them being a young child of five weeks old, so they have very little hopes for its recovery.  
Our constable has been kept very busy this last week, having had to bring three different people to the county jail; one who was charged with house-breaking, another for getting an overcoat without paying for it, and the last one picked up another man's purse containing sixty-five dollars.

### EAST OAKWOOD

East Oakwood, Dec. 4.—Our telephone lines which were badly damaged by the sleet and ice, are all repaired. Mr. W. Lane has been quite successful in getting them in good working order again.  
Mrs. J. Webster is the representative from the Oakwood Institute to the Guelph convention.  
The Institute meeting on Wednesday night at Oakwood was well represented from our neighborhood. President Channon excelled himself in his good natured entertaining remarks.  
Miss Emily Dobson visited at her uncle's, Rev. Mr. Archer, at Little Britain, week before last.  
Mr. Mac, Murray had his foot badly jammed by the wheel of the threshing machine.  
Mr. J. Copeland lost a valuable horse last week.  
Many from here attended the missionary meeting in the Methodist church, week before last.

### LITTLE BRITAIN

Little Britain, Dec. 2.—A very pleasant evening was spent at the home of Mr. and Mrs. R. S. Robertson, on Friday, Nov. 26, when they invited a few of their friends to tea. The guests of the evening were Dr. and Mrs. Dale, of Oakwood, Dr. and Mrs. Hall, Dr. and Mrs. G.egg, Rev. and Mrs. Chapman, of this village.

### TREE WAS SAVED.

A magnificent maple tree, growing in front of the residence of Mr. W. Kennedy, overseer of public works for Ontario, at Bobcaygeon, was threatened with destruction recently because the municipally owned electric lighting plant intended placing an electric light pole so close to it that it would be practically destroyed.  
Mr. Kennedy had planted the tree himself thirty years or so ago and was loth to see it destroyed. To prevent this his solicitor, Mr. F. A. McDiarmid, of town, served the corporation with an injunction against the placing of the pole at that point. The authorities wisely decided not to follow their original intentions and the beautiful tree will be allowed to grow unmolested.  
Municipalities should encourage the planting and growing of shade trees, as a village, town or city is wonderfully improved in appearance by well-shaded streets, and it is satisfactory to know that even the municipality has not the power to destroy or disfigure trees thus planted by citizens.
