Veterinary Surgeon and Dentist  
JANETVILLE ONT.

**Coal and Wood**  
Lumber, Shingles, Etc  
Cement and Sash  
Factory Goods  
**The Baker Lumber Co., Limited**  
PHONE 77

## ABOUT YOUR TEETH?

Should they be extracted? Once out—out for ever! Don't be too hasty. Come and consult us. They MAY be saved. Surely the matter is worth five minutes talk? Our advice costs you nothing.

**DR. G. THOMSON**  
SUCCESSOR TO  
NEW YORK DENTISTS.  
COR. ADELAIDE & YONGE, TORONTO

## FIVE DROWNED.

Buffalo, N.Y., Dec. 9.—The Str. W. C. Richardson went on the rocks about three miles out of Buffalo this morning and five men were drowned. The rescuers brought fourteen men into the local harbor, who were rescued from the sinking boat. The stern of the Richardson is under fifty feet of water.

## SAVED LIVES.

Port Perry, Dec. 8.—The skill, tact and determination displayed by Mr. Harold Archibald of this place on Saturday last in extracting from the waters of the Scugog a couple of skaters who had the misfortune to break through the ice, certainly justly entitles him to the Royal Humane Society medal as well as the Carnegie medal, and it only requires that the facts regarding his brave act be made known to the proper authorities to secure for him the honor to which he is so justly entitled.

## MISSIONARY GIVINGS.

The Protestant laymen of Lindsay last year contributed to missions the sum of \$4,962.17. The laymen, at a missionary banquet held last year, pledged themselves to give \$5 a church member. Only in one instance was this attained, in the Baptist church where over \$6 per member was contributed. There were substantial gains in every church, however. The total church membership of the five Protestant churches in town is about 1865.

The reports of the givings of the various churches were read Wednesday. St. Paul's was represented by M. H. Sisson, St. Andrew's, by J. P. Donald, Cambridge-st. Methodist, Jas. Boxall, Baptist, A. D. Kitchener and the Queen-st. Methodist, A. Kennedy. The Baptist, as previously mentioned, lead the list. Following is the list of figures:

	Members.	Givings.
Baptist church	185	\$1128.47
St. Andrew's	592	1400.00
St. Paul's	200	681.70
Cambridge-st. Methodist	648	1,548.00
Queen-st. Methodist	240	204.00

The average giving of each church member in the Baptist church was \$6.10. St. Andrew's church is the only one using the duplex envelope which is advocated by the council of the laymen's missionary movement, and Mr. Donald said that the givings were considerably increased through the use of this envelope.

## A WISE SELECTION.

Victoria county's council has made no mistake in appointing Principal G. E. Broderick, who for 13 years has been at the head of Lindsay Public schools, to the inspectorate of East Victoria. We have no sympathy with appointing High school teachers to public school inspectors when there are competent teachers like Mr. Broderick available. This should be one of the school prizes offered by the county for the man who wins the promotion in the public schools. We congratulate the Victoria county council on its commendable, and sane action, and on having a practical and very successful Public school teacher of Mr. Broderick's ability for the very important office of inspector.—Bowmanville Statesman.

WANT MANY TEACHERS. When the Model Schools of the Province close their doors for the Christmas term the anxiety of several hundred rural school trustees will be appeased, for at time three hundred Ontario girls equipped with Model School certificates will suddenly be turned into the pedagogic market. As an illustration of the scarcity of rural school teachers it has been shown that nearly six hundred schools were without teachers since the beginning of the term, the reason being the sudden exodus toward the Normal Schools under the new and inviting conditions inaugurated by the Department of Education, which simplified the obtaining of first-class certificates. So many of the rural schools temporarily depleted of their teachers have struggled along as best they could. The close of the Christmas term, however, supplies about three hundred young women qualified to carry on the educational work. This will fill about half the existing vacancies.

I had suffered from rheumatism and stiffness of the joints," Mr. Abernethy states. "My muscles would cramp. I could not sleep, and I had terrible headaches. I took many different medicines but nothing did me any good till I tried Dodd's Kidney Pills. Six boxes put on my feet again."

Others who have taken Mr. Abernethy's advice and used Dodd's Kidney Pills are also loud in their praises of the old reliable Canadian Kidney remedy. For Dodd's Kidney Pills cure rheumatism and other blood diseases by curing the kidneys. Sound kidneys keep the blood free from impurities. And with no impurities, such as uric acid in the blood, you cannot have such painful and dangerous diseases as pain in the back, rheumatism, lumbago, neuralgia, and heart disease.

Keep your kidneys strong and well

with Dodd's Kidney Pills and you can face the cold, wet days of fall without a fear of rheumatism.

## UNSIGHTLY POULTRY

## SOME INTERESTING THINGS ABOUT THE POULTRY.

If everyone who kills, ships, and handles poultry had to buy turkeys, geese, ducks and chickens for his own table from the supply presented for inspection when the city consumer goes to make a purchase, the business would be much better managed. Of all the food products the consumer has to buy, poultry goes the limit for unsightliness, messiness, and lack of attractiveness. Only a small percentage of the birds on sale can be classed as respectable, clean handled, and presented in a way to attract and not drive the customer away. Why is this so? Simply because of the bad handling the poultry business gets in the killing and marketing of the birds. A farmer has a few ducks, geese, turkeys or chickens to sell. He feeds them right up to killing time. They are plucked and packed away for market in some old barrel or box, without any regard to their shape or form when they are taken out, and what is worse still, the food left in the crop when killed decomposes, discoloration sets in, and by the time the birds reach the consumer they are anything but the tempting morsel they should be. Starve the birds well and good before killing, shape each one properly before packing away for market, and the consumption of poultry will soon double in volume. Unless this is done, better far ship the poultry alive to some responsible dealer who knows how to kill and dress properly.

## A USEFUL DIARY.

The Warder has received a "blotter diary" from the Andrew Usher Co. of Edinburgh, Scotland, a very attractive diary. It contains interesting sporting information and many photographs of sporting events and teams. The records mentioned are all up-to-date and correct.

## GAVE AN ADDRESS.

Guelph, Dec. 8.—Mention must be made of a change in the program this year and the bringing to the front of the young graduates who are teaching agriculture in the High schools of Ontario. Five of them gave papers yesterday: Messrs. I. F. Metcalf, of Collingwood; D. McKenzie, of Lindsay; H. Sirrett, of Carp; and R. S. Hamer, of Perth, and only do they experiment in connection with the High school, but they go out into their counties and work among the farmers. The O.A. C. could wish no better missionaries.

## ONE BURNED.

Kalamazoo, Mich., Dec. 9.—One man was burned to death and property valued at \$1,000,000 was destroyed early to-day when the Burdick hotel building covering half a block, was gutted by fire. Many of the guests fled in their nightclothes and a large number of them were injured. Nearly all lost their possessions. Half a dozen stores on the ground floor of the building were destroyed. Eight firemen were overcome with the terrific heat and were rescued with difficulty, and all were taken to the hospital in a serious condition.
