

The End of the Year

always brings a retrospect of the year past. Among its memories we recall that we owe our friends in town and county many thanks for the kind patronage given our firm. While closing a very successful year of business we take the opportunity of thanking our friends who have helped us and ask a continuation of mutual trade relations for the coming year.

Wishing each and all a Happy and Prosperous New Year during 1910.

Cash and One Price

Five Roses Appeals to You, Madam, as Final Judge

Do you know, Mistress Housewife, they say that you don't know good stuff from poor; that price is your only guide; that you wouldn't know good flour if you saw it, and wouldn't take it except if it were cheap!

In short, that anything labelled "FLOUR" is good enough for you. We deny this libel on your discrimination, and appeal to you, Madam, to nail the impeachment. Nothing short of the very best is good enough for YOU, and we know if you have been getting miserably bad flour, it wasn't your fault—but just because you didn't know about FIVE ROSES.

When "baking accidents" vex your soul, and hubby mutters about bread and projectiles, concrete rolls, the villainess of some (?) baking. Don't scold the cook; maybe she didn't know about FIVE ROSES either.

Just think, Mistress Housewife, it has taken all of twenty-one years to perfect FIVE ROSES—to attain our majority in quality milling. You surely admit we must know how to make good flour, don't you? And we make it as good as we know how.

FIVE ROSES, Madam, is the flour you should try, and all other housewives who want their money's worth. You get it when you buy FIVE ROSES—and keep on getting it. Because it is "standard value," the same to-day as yesterday.

HYMENEAL

McNEVIN—DUNDAS

On Wednesday, Dec. 22, at the home of Mr. and Mrs. J. R. Dundas, Maple Grove farm, Peterboro, was the scene of a very pretty winter wedding, when their eldest daughter, Edith, became the bride of Mr. Bruce McNevin, the ceremony being performed by the Rev. Mr. Currie, of Omemee. At 3.30, to the strains of the "Bridal Chorus" from Lohengrin, played by Miss Kincard, the bridal party entered the drawing, the ceremony being performed under an arch of evergreens. The bride, who was given away by her father, looked charming in white silk with overdress of silk net and insertion, with long veil and diadem of smilax and carrying a bouquet of white 'mums. The bridesmaid, Miss Priscilla Dundas, sister of the bride, was very pretty in white embroidered mull and carrying a bouquet of white 'mums, while the groom was ably assisted by his brother, Mr. W. McNevin. About forty guests were present. Among those from a distance were: Rev. Mr. and Mrs. Currie and son, Omemee; Mr. and Mrs. Copeland, Oakwood; Mr. and Mrs. B. Thompson, Washburn; Misses Kincard, Peterboro; Mr. and Mrs. Geo. Rae, Mr. and Mrs. S. A. Wilson, and Miss Bryson, Lindsay.

MAN ARRESTED. Chief Vincent and Constable Theobald did not have a holiday on Christmas. They made a trip to Lorneville and arrested a man for stealing an overcoat. The overcoat is alleged to have been stolen from the Grand Union hotel last fall and the man was thought to have been the guilty party. Information came to the police that he was about to spend Christmas at Lorneville and the officers of the law also spent a portion of the day there. He was given four months.

JOHN CAMPBELL.

The well known Victoria County farmer, who has gained a world-wide reputation as a successful breeder of thoroughbred sheep. The "Fairview" Farm, Woodville, is known the world over.

Former Oakwood Citizen Was in Wreck on Friday

Mr. W. A. Silverwood, of Saskatchewan, formerly of Oakwood, was coming home to spend Christmas in the east on Friday, on the Winnipeg-Toronto express when that train was derailed near Chapleau, at a lonely spot in New Ontario. Twenty were injured, but none very seriously. A broken rail caused the wreck, and fortunately the ex-

press was not going very fast at the time. Several coaches in the middle of the train left the rails and two turned completely over. Those who were injured were not hurt seriously, and were taken care of. Traffic was delayed eight hours, while the wreckage was being cleared away. Thos. Karen, aged 46, of Millbrook, Ont., was also among the injured, having received a scalp wound.

WAS INSTANTLY KILLED. George Lewis, a G.T.R. brakeman, was instantly killed at the local station yesterday. He stepped out from between the two freight cars right in front of the express. The body was sent to Lewis' home in Havelock for burial. He was about thirty years old.

MAYORALTY CONTEST. Peterboro, Dec. 26.—Owing to his response to a request for an expression of opinion regarding Local Option a mild sensation has been caused here by Mayor Henry Rush stating in a local paper that he is of the opinion that Local Option would not be in the best interests of the city from a financial standpoint. He further adds he does not believe the by-law could be successfully enforced.

Much interest is being shown in the mayoralty campaign here for 1910. Ald. W. G. Morrow, manager of the Toronto Savings & Loan Co., and local representative of Hon. Geo. A. Cox, and E. F. Mason, a prominent merchant and for several terms in the council, have announced themselves candidates.

MORE NEW DAMS. Amongst the several new reservoir dams that have this year been built on the tributary waters of the Trent Canal, is the dam at the outlet of Cushog Lake, in the township of Snowden. The dam at Cushog Lake

New Dam Built at Horseshoe Lake

The Department of Railways and Canals has just completed a splendid new concrete dam on Horseshoe Lake, in the County of Victoria. This new dam will prove to be of substantial benefit in conserving the waters on the Gull River, for reservoir purposes. Horseshoe Lake is a fine large body of water and is situated in the township of Minden. The lake has an area of 778 acres and a nine foot head will be maintained at this dam, so that it is evident that the completion of the new dam will substantially enhance the reservoir value of the Gull River waters.

The building of the new dam at Horseshoe Lake was a piece of work of no mean proportion. It has four 20-foot weirs, and the structure being of concrete, necessitated the hauling of concrete for some distance from the nearest railway station. Mr. Alex. Richardson was the foreman of this work, which was supervised by Overseer Mr. Clegg.

OBITUARY

JOHN JORDAN.

A staunch Conservative and one of the oldest residents of the township of Ops passed away on Dec. 28, in the person of Mr. John Jordan, father of Second Deputy-Reeve W. W. Jordan, and uncle of Warden G. A. Jordan, of Lindsay. The deceased gentleman, who was over 87 years of age, was born in Ireland, and came to this country in the year 1834, settling in the township of Verulam. Later he moved to Ops township, where he has resided ever since. In religion the deceased was a Methodist. A loving wife and four sons and three daughters are left to mourn the loss of a kind and tender husband and a loving father. They are: W. W. Jordan, Lindsay; James S., of Eldon, and Messrs. J. F. and N. F., in Ops on the home-stead. The daughters are Mrs. D. Sinclair, of Cambay; Mrs. Thos. Webster, East Oakwood; and Mrs. R. F. Whiteside, of Little Britain.

Mrs. J. Porter, of Peterboro, is also a daughter of the deceased gentleman. The deceased gentleman was respected by Conservative and Liberal alike, and was known as everybody's friend. The funeral, which will be held on Sunday will probably be one of the largest ever held in the township. Lindsay friends of the deceased and of the members of the family extend their sincerest sympathy to the mourning ones.

UNFIT TO LIVE—MUST DIE.

THREE ASSASSINATIONS.

A remarkable series of political assassinations of personages high in office is reported to-day from widely-separated points throughout the world.

In Seoul, Korea, the prime minister of the Korean cabinet, was stabbed to death with a dagger as an apparent result of the intense feeling in Korea against Japanese influence.

In St. Petersburg the chief of the secret police, Col. Karpoff, was blown to pieces by the explosion of a bomb, supposedly thrown by an anarchist.

At Bombay, British India, the chief magistrate of Nasik, Arthur M. T. Jackson, was assassinated by a native for revenge.

STEFFOFF HANGED.

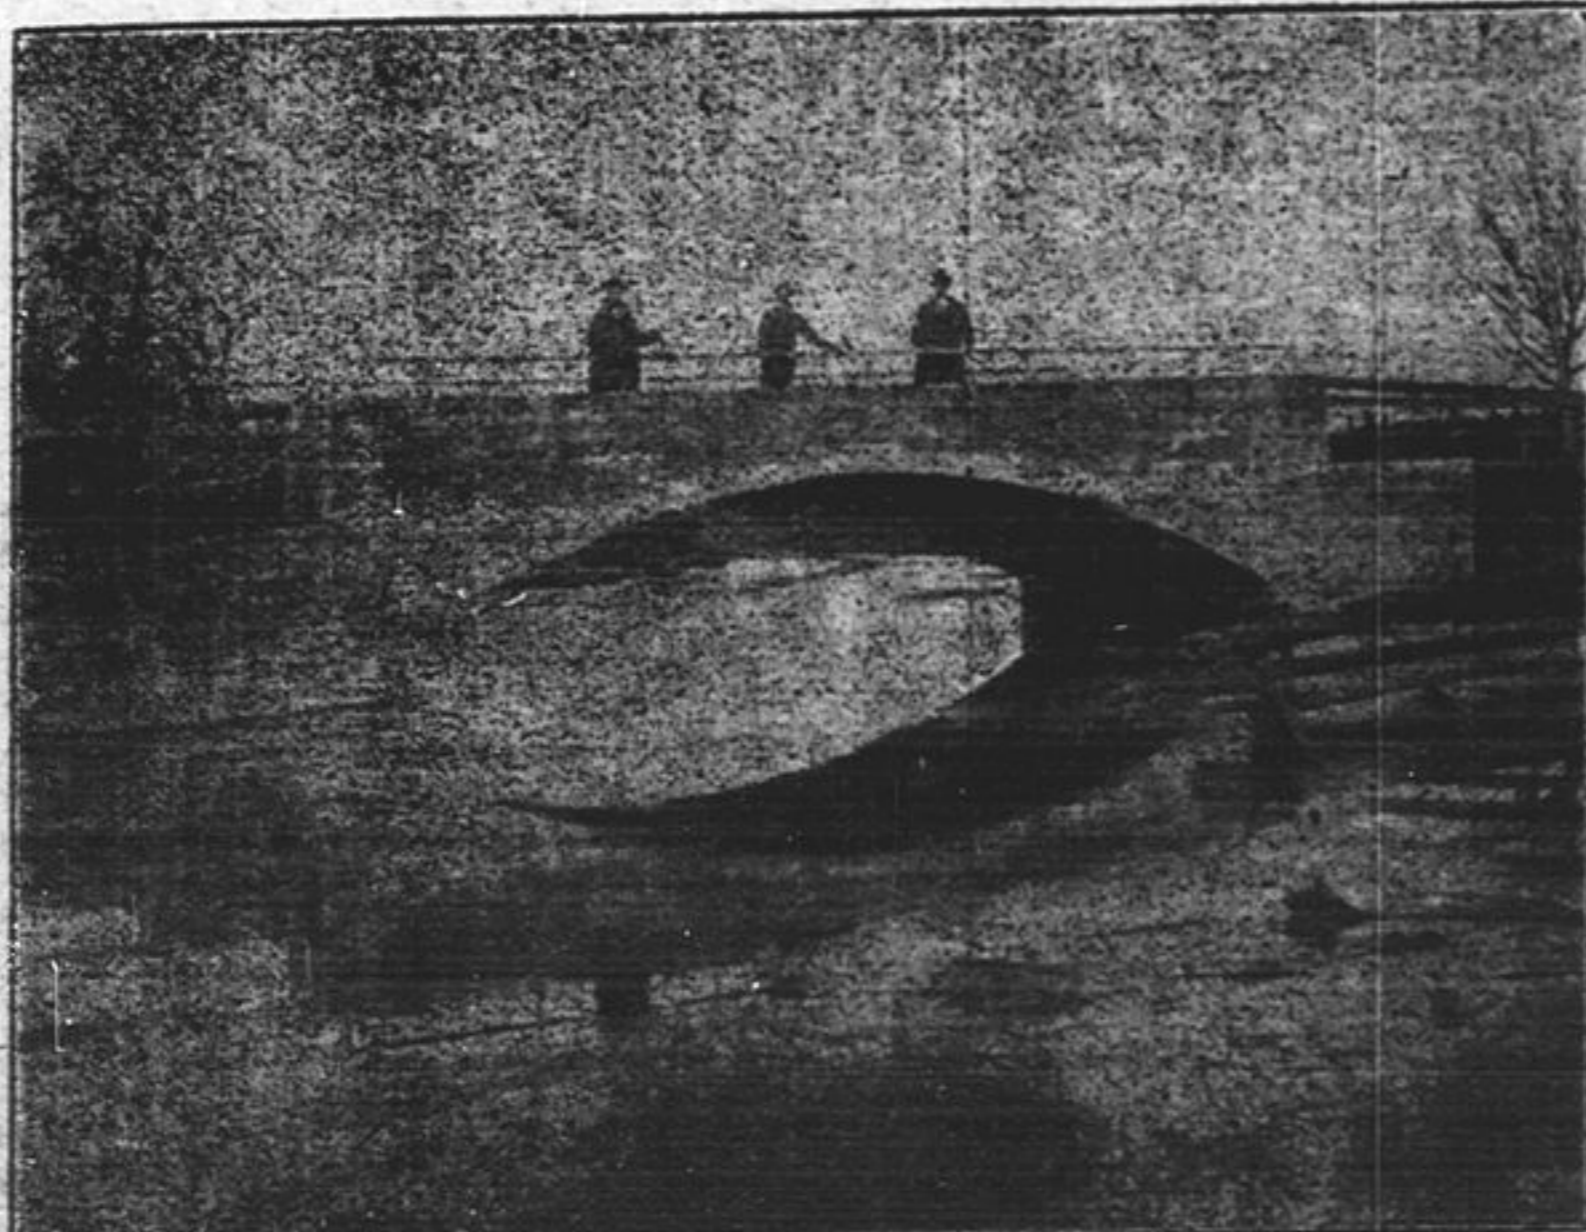

Toronto, Ont., Dec. 23.—With the confession that he had murdered two men upon his lips, Pavel Steffoff, convicted of the murder of Vase Samoff, last April, calmly went to his death in Toronto jail this morning. The drop was made at 8.08, and seven minutes later the doctor in attendance declared life extinct.

Steffoff's confession of two murders was read to his spiritual advisers about an hour before the execution. Besides the murder of Semoff, Steffoff confessed to murdering an Englishman at Terra Haute, Mont. He did not give the Englishman's name, nor the time of the affair. All he said was that he shot that Englishman dead in a quarrel. The hanging was performed by Executioner Radcliffe.

HER APRON IGNITED

EMPLOYEE IN HOTEL SEVERELY BURNED.

Port Hope, Ont., Dec. 26.—In attempting to remove a lid from the range in the Royal Hotel kitchen yesterday morning, Mrs. Geo. Henderson, the cook, was probably fatally burned through her apron igniting. Mr. Chas. Perry, the proprietor, wrapped the woman in his coat, carried her out, and rolled her in the snow. Mr. Perry is in bed as a result of his efforts, his face and hands being severely burned. Mrs. Henderson, who six weeks ago came from Toronto, was sent to St. Michael's Hospital, in that city.

A MARIPOSA CONCRETE BRIDGE.

There are many contractors of bridges who are of the opinion that concrete bridges are much more substantial besides costing less than steel bridges. Reeve J. I. Michael, of Mariposa, and Mr. John Stacy, a township commissioner, have much faith in the concrete bridges for short spans. The above engraving represents the new concrete arch bridge built in Mariposa recently at lot 18, con. 11, the bridge being designed and constructed by Mr. Stacy. The bridge is a 35-ft. span and is 14 feet wide. It was built at a cost of \$387.70, while the approaches cost Mariposa, Mr. J. I. Michael, writes the above bridge the popular reeve of \$88.57. In reference to the as follows: "The bridge cost less than half what the same span would cost with steel superstructure, and I believe it is much more substantial and durable than the steel would be. I think it is the right kind of a bridge for all short spans up to about 40 feet where a good foundation is to be had. This structure reflects much credit on Mr. Stacy, who commenced this kind of work for the township on smaller arches about three years ago."
