

Olive Oil Talk

We have in previous articles told you of the benefits to be derived from the use of Olive Oil. The next essential is to get Olive Oil of the **HIGHEST QUALITY**. Olive Oil might be pure (no foreign Oil added to it) and yet not be of the highest quality. The quality varies according to the quality of the Olives used which are sorted into grades as apples or any other vegetable might be.

Then there is the care exercised in the drying and pressing for the first light pressure produces the highest quality or first grade. The subsequent pressings indicating just so many inferior grades. Then there are the climate conditions. In Italy they are perfect, producing perfect fruit.

All these favorable conditions surround the production of the

ONE OF THE MAKERS

Referring to the death of the late Donald Gunn, head of Gunns' Limited, Toronto, and a former resident of Victoria county, having for a time lived at Woodville, says:

One of the makers of Ontario, one of the makers of Canada, passed away when Donald Gunn succumbed on Sunday to the effects of an automobile accident of which he was the victim on the day previous. The late Mr. Gunn was a pioneer and a son of a pioneer; he was a pioneer in the woods about Beaverton when the foundations of agricultural Ontario were being laid. Later on he was in the cured meat trade of this Province what the late Garrett Frankland was in the cattle export trade; it was a house he was the principal means of establishing that formed the beginning of the bacon industry of Ontario, and one outcome of which is the factory of Gunns' Limited, now standing in West Toronto. It was not in material things alone

that the late Mr. Gunn assisted in laying the foundations. He and his father before him were among the pillars of the old-time stone church at Beaverton, a church which stood for the unbending integrity and unshaken faith of the early days, and the influence of which has extended wherever those nurtured in the shelter of its walls have found a home. A capable hand is at rest; a clear brain has ceased from its activity; the memory of an upright, useful life remains, and that can never die.

LOCAL OPTION PUBLICATIONS

There are bound to be misunderstandings in the best of well-regulated businesses, and in view of some little misunderstanding in certain quarters in regard to the relations of The Watchman-Warder to the journalistic feature of the controversy between the interests favoring and opposing Local Option, its attitude may be explicitly defined. The Watchman-Warder undertakes to observe the arrangements with either of the organizations represented, respectively, the friends or opponents of Local Option, to the effect that all matter printed in The Watchman-Warder or The Daily Watcher in the interest of either or both, will be distinctively indicated in print so as to make plain the source from which it emanates, and the interest it is intended to promote.

Our many readers will have noticed the insertions of large advertisements advocating the cause of anti-local option; they will also have noticed that a line appeared above the matter stating that such was printed under the supervision of the Brewers' and Malsters' Association, and was being paid for by the same association. The supporters of Local Option have had matter appearing in The Daily Watcher for weeks past, but as yet have had nothing in the weekly. The anti are using both the daily and weekly papers to further their cause. By the labelling above referred to the responsibility is definitely fixed for the opinions advanced or the facts asserted, without any possibility of misunderstanding.

Recorder Weir, of Montreal, fined a number of bakers for delivering bread on Sunday, and Recorder Dupuis dismissed a number of similar cases shortly after.

GOOD ENTERTAINMENT

SCHOOL CONCERTS WERE VERY LARGELY ATTENDED.

Bury's Green, Dec. 24.—Compliments of the season to The Watchman-Warder and its very able staff. Our farmers are taking advantage of the splendid sleighing at present, and a great deal of wood, grain, etc. is being hauled.

Mr. A. Tipling is out again with his gasoline outfit sawing wood and grinding grain.

Mr. Geo. Armstrong finished a very successful season's threshing last week.

The Christmas tree and entertainment on the 16th inst. in St. John's church given by the Presbyterian Sunday school, was an entire success. The lengthy program, which was given mostly by the children, was well rendered, and special music was furnished by the choir. The solos given by Miss Jean Parker and the instrumentalists by Miss T. Palen were loudly applauded, and much credit is due to the superintendent, teachers and officers of the Sabbath school, who had the entertainment in hand.

Our local crack-shots have been distinguishing themselves at the recently held shooting matches in the surrounding country, and as a result a large number of the feathered tribe have been brought home.

We understand the Burnt River Telephone Co. intend extending their line to Fairbairn in the near future. They intend to connect the wires at Mr. Benjamin Smith's corner on the boundary running down the 6th con. road to Fairbairn.

Mr. Jas. Phillips has shut down his saw mill for the season.

On Wednesday evening last, school No. 7, Verulam, and St. Peter's Sunday school, held a very successful union basket social and Christmas tree in Lamb's school house. An excellent program was given consisting of readings, recitations, songs, drills, dialogues, vocal and instrumental music and much credit is due to Miss Jean Parker, the teacher, for the way the children were trained in very short a time, they doing their parts of the program in the drills, etc. without a single mistake; also to Mr. Geo. Brook, the superintendent of the Sunday school, who had the management of the Sunday school's part of the program. The instrumental given by Miss Tillie and Mr. Evans Patten, and the songs given by Mr. Alex. Saltmarsh and Mr. A. Billett, were heartily enjoyed. Also the numerous readings given by Mr. C. Brooks, Rev. W. H. A. French ably filled the chair and at the appropriate time Santa Claus appeared and distributed the many presents from the Christmas tree, much to the delight of the children. The proceeds were very satisfactory.

A number from here attended the Christmas fair at Lindsay last week. The municipal elections are drawing near and a great deal of excitement is being felt. The nomination on Monday drew a large crowd from here.

Mr. John Howie, se., who has been in Saskatchewan, for the last three years, is visiting his relatives and many friends here.

Miss L. Billett is spending a month with friends in Toronto.

Our schools closed on Wednesday last, and the teachers, the Misses J. M. Parker and E. Graham, are spending the holidays at their home.

PALESTINE

Palestine, Dec. 28.—Good sleighing and moonlight has helped to make the holiday season all the merrier.

The Christmas tree and entertainment which was held in the school on Christmas eve was a decided success. The program was mostly given by the scholars assisted by local talent and those who took part did exceptionally well. Much credit is due Miss Truman, who trained the children so well in their drills and choruses, also Miss B. Campbell, who played the accompaniments. Miss A. Brown gave a couple of good readings and Rod Gusty sang some very catchy songs in "Harry Lauder" style, completely captivating the audience. Rev. W. W. Jones, of Victoria Road, made an ideal chairman and kept the crowd in good humor with his witty stories. At the close of the program Old Santa appeared on the scene. He came down the chimney and up through the basement door. After walking over seats and people's heads, he managed to reach the platform from which he distributed the gifts of the tree, nearly everyone receiving some kind of a gift. The proceeds of the concert amounted to nearly \$30.

Dr. V. E. Hart, of Lindsay, and his brother Harold, attended the concert on Friday evening. The doctor received a hearty hand-shake from many of the people, having taught school here some years ago.

Miss Mamie McMillan, of Lindsay, spent Christmas Day at her home here.

C. F. Hott and D. McMillan attended the Kirkfield concert on Wednesday evening.

Percy Hodgson, of Toronto, aged fourteen, was killed by a Grand Trunk engine.

Power Bylaw at Brampton.

Brampton, Dec. 29.—A great deal of interest is being taken in the coming vote on the Hydro-Electric power question here. A public meeting will be held on Thursday night, to be addressed by Hon. Adam Beck, and John R. Barber, ex-M.P. for Halton County. Mr. Barber is ready to take 200 horsepower for his own factories as soon as it can be obtained.

Brampton will doubtless carry the bylaw authorizing the council to enter into a contract with the commission, as it will prove of inestimable advantage to the town.
