last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there would be nearly a dust-panful of scales taken from the sheet on my bed, some of them half as large as the envelope containing this letter. In the latter part of winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One Dr. —— treated me about two weeks, but did me no good. All thought I had but a short time to live. I carnestly prayed to die. Cracked through the skin all over my back across my ribs, arms, hands, limbs; feet badly swollen; toe-nails came off; finger-nails dead and hard as a bone; hair dead, dry and lifeless as old straw. O my God! how I did suffer.

"My sister, Mrs. E. H. Davis, had a small part of a box of Cuticura in the house. She wouldn't give up; said, 'We will try Cuticura.' Some was applied on one hard and arm. Eureka! there was relief; stopped the terrible burning sensation from the word go. They immediately got Cuticura Resolvent, Ointment and Soap. I commenced by taking one tablespoonful of Cuticura Resolvent three times a day after meals; had a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura Ointment morning and evening. A bad accident occurred Thursday afternoon, when Mrs. Robt. Sanderson, who resides west of the town, had an arm broken and her wrist sprained by being thrown out, of the cutter as she and her husband little child were driving into town

It appears that while driving east on Colborne-st. some eight or te boys ran out and frightened the horse with the result that the animal made a bad bolt and Mrs. Sanderson was thrown out sustaining the above-mentioned injuries.

It is unfortunate that such an cident should occur and that a number of Lindsay boys should be cause thereof. It would be impossible for the ten to get on the one cutter, but nevertheless an attempt was made.
