MONEY ORDERS

The Money Orders of The Canadian Bank of Commerce are a safe, convenient and economical method of remitting small sums of money. They are payable without charge at every branch of a chartered bank in Canada (except in the Yukon Territory) and in the principal cities of the United States.

The Orders and full information regarding them may be obtained on application at the Bank.

In the event of loss of a Money Order the Bank will, on receipt of a satisfactory guarantee, make arrangements to refund the amount of the lost Order.

Lindsay Branch. H. A. HOLMES, Manager his safety while he was committing

Joint Accounts opened in the names of two or more persons, each having the right to withdraw or deposit money over their individual name. In case of the demise of one of the parties to a Joint Account the amount remaining to the credit of the account in the Home Bank may be withdrawn by the others without recourse to any process of law, or degal formality.

Eczema 25 Years Cured by "Cuticura"

Leg Like Raw Flesh from Knee Down

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My own doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said,

"I bought a cake of Cutteura Soap, a box of Cuticura Ointment and a bottle of Cuticura the swelling went down and in two months' use of the Caticura Remedies my leg was could not believe his own eyes when he saw lost my life. I am truly grateful for the wonderful cure that Cuticura wrought and I always recommend it most highly as a sure and economical cure for skin troubles."

(Signed) Mme. J. B. Renaud, 277 Mentana St. Montreal.

For more than a generation Cuticura Soap and Ointment have afforded the speedicat and most economical treatment for skin and scalp humors. Sold by druggists and dealers everywhere. For a liberal sample of each, with 32-p. book, send to Potter D. & C. Corp. 49 Columbus Ave., Boston, U.S.A.

A Spoiled Child Who Was Beaten

longer permitted to beat their pupils should read with attention the evidence presented at the murder trial now going on in Springfield, Mass. Spencer, the young prisoner at the bar, has shown since early child-

hood the traits of character which all advecates of corporal punishment control. He has not governed his temper, he has treated his elders and covers consciousness. superiors with insolence. He has eer, he has shot dead a young woman who by her screaming imperilled a burglary-the last of many in the house where she was living.

But Spencer's father, a respectable Sunday School superintendent of the old New England type-the type that told how he had pounded his son ferocious were it not also conscientious. Every fault had been "corrected," and-every fault had thus remained, and increased steadily through infancy and youth, to blossom into robbery and murder in

Of course this one case does not prove that children should never be place if he sat in the dock beside his son, or even if he sat there alone, while the son went to a hospital for that treatment of his psychic and physical wounds which he has long

In his case, certainly, the rod was not spared, and the child was spoil- Highness. ed. That the relation between the unsparing and the spoiling was that of cause and effect, in the sense that no other causes had to do with proaucting the effect, but surely this episode in social history of our time must decrease such little confidence in flogging as a disciplinary and remedial measure as still lingers outside the circle of those who take a morbid and perverted joy in bringing the lash down on the shrinking flesh of his little children,

SEVERE COLD **DEVELOPED INTO PNEUMONIA**

DOCTOR SAID HE WOULD NOT LIVE.

Next to consumption there are more deaths from pneumonia than from any other lung trouble.

There is only one way to prevent pneumonia, and that is to cure the cold just as soon as it appears. Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mr. Hugh McLeod, Esterhazy, Sask., writes:- "My little boy took a very severe cold, and it developed into pneumonia. The doctor said he would not live. I got some of your Dr. Wood's Norway Pine Syrup and he began to improve right away. He is now a strong, healthy child, and shows no signs of it coming back."

Do not be talked into buying any oth-Norway Pine Syrup, but insist on getting the original "Dr. Wood's." It is put up in a yellow wrapper; three pine trees the trade mark; price, 25 cents.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

HOUSE PLANS RETARDED.

The New Congressmen May Find Themselves Without Seats. If whoever becomes president on March 4, 1913, should see fit to call an extra session of the new congress im-

mediately the house of representatives will have forty-two members for whom there will be no seats. The reapportionment law provides for a house of 433 members, who will be chosen at the general election next fall. The present house contains 391 members and is crowded at that, there being room for no more seats of the present style. The elaborate plans for reconstructing the hall of the bouse have been

laid aside for at least two years because there will be no opportunity to do the work. The first regular session of the present congress will begin in December and will be known as the long session. Ordinarily it lasts until July, although it may be cut short somewhat next year by the arrival of the date for the national political conventions. Following that, the second regular session will begin in December, 1912, and the interval between these two is not long enough to permit of the work being done. The present congress will expire on March 4, 1913, and then there will be an opportunity, provided no extra session intervenes. Superintendent Woods of the capitol estimates that practically all of the time between March 4 and the following December will be needed to remodel the ball of the house. If work is started later than March 15 It probably cannot be completed by the first Monday in December .- Washington Cor. Brooklyn Eagle.

A MEDICAL PUZZLE.

The Japanese Method of Pounding Life

An English scientist, Professor A. practiced by the Japanese, and, while Believers in the ancient rule that he does not fully explain why the men sparing the rod spoils the child, and come back to life after being to all credit the rod with the power to cervical vertebra with his wrist severely and regularly until the patient re-

been idle and thievish, and as the position, his arms rotated, and he is ately and in some cases dies at once.

Japanese manipulation seem almost accepted Solomon's dictum as wor- miraculous at times. As yet there thy of the wisest man-went on the seems to be no clear medical explana stand, and in evident self-satisfaction tion of the effects of pounding the seventh vertebra, but the genuineness with a severity that might be called of the cures and resuscitations fre quently described by the travelers is now scientifically established by the

Upon presentation of these part to assure good results in any dickets at the mank the depositor will collectors every evening.

Now the Duke Is Here.

Here is a story concerning the Duke

Before leaving to take up his position as Governor-General of the Dominion, the duke made many farewell visits to friends in England, Scotland, and Ireland. In the latter country he was the guest for a time of Sir John Leslie and Lord and Lady Erne. At Crom Castle a large party was invited to meet him, and at one of the meals a guest learned a little lesson in an out-of-the-way sort of etiquette. At gers imbrued in the juice of a peach,

"You can't have a finger-bowl; no- happened. body is allowed to wash in the presence of royalty.'

royalty is a guest, and all because Jacobites made the finger-bowl their unconscious ally in drinking the health of the King-over the water. The King himself, however, does not thus under-bowl his guests .- Toronto Star Weekly.

Earl's First Visit.

Earl Grey having made possibly his last visits to Canada, it may be interesting to recall the circumstances of his first visit to Toronto. It was years before his appointment as Governor-General, and he had come over to Canada to see his sister, Lady Min-to, then at Rideau Hall. Earl Grey was then president, or, as they call A highly respected citizen, in the it in England, chairman, of the Pub- person of Mrs. Ellen Tresidder, pass-

He spoke in the schoolhouse of St.

James' Cathedral, and spoke well, closing in the customary way of English speakers dealing with public matters by saying that he would be pleasters by saying that he would be pleasters any questions on the practical church member all her life. ters by saying that he would be pleased to answer any questions on the subject in hand. A number of local subject in hand. A number of local "characters" had evidently gone to hear the address, for the earl was bombarded with questions, not only concerning temperance, but any other concerning temperance, but any other is breath away. No doubt he took his breath away. No doubt he thought he had struck a city of queer people.

was a devoted Methodist, and a good practical church member all her life.

Twenty-three years ago the family moved from Port Perry to Lindsay, having resided here ever since. Her husband predeceased her twelve years ago. Three children survive and mourn the loss of a noble and kind mother. They are: William, a carriage painter, and Misses Mianie and Etta, all living at home,

County Rate to

If the county rate had not been increased this year the town council of 1911 would finish the year without a deficit of \$603.53. In other words if the new bridge had not been erected at Coboconk there would in all : cobability be no deficit.

When it was announced at the meeting of the town fathers Friday night that there would be a deficit of the above amount Deputy-Reeve Dobson pointed out that because the county rate was higher this year the town of Lindsay has to pay \$900 more taxes this year than last year. "The county rate was raised," said Ald: Dobson, " and it hit us hard. It was raised in the first place because of the Mud Lake narrows bridge, which was never ished, but instead the Cobocank

bridge was built." Deputy-Reeve Dobson also stated that the Mud Lake Narrows bridge it was estimated in the first place would cost some eight or nine thousand dollars. However, it was not going to cost half that amount "This bridge-building," he remarked "Is a pretty hard thing on Lindsay's money."

The financial statement, which was presented by Miss Currie, town treasurer, was one of the best tabulated statements of its kind ever submitted and was commended by Ald. Smale and Deputy-Reeve Dobson. The former pointed out that Miss Currie in the statement showed clearly how the town council had control whatever over the expenditure of a large amount of money. In other words the council really NICHOLLS .- On the 10th, in Bobhad control of only 25 pg cent. of caygeon, the wife of Matthew Nichall the money which they were supposed to handle, the other 75 per cent, being expended by other bod-
