WHOOPING COUGH LEFT A NASTY, DRY COUGH.

Doctors Could Do No Good.
 Mrs. A. Mainwright, St. Mary's, Ont., writes:—"I feel it my duty to write and tell you the good your Dr. Wood's Norway Pine Syrup did for my little boy. He had whooping cough, which left him with a nasty, dry hard cough. I took him to several doctors, but they did him no good, and I could see my little lad falling day by day. I was advised to take him to another doctor, which I did, and he told me he was going into a decline. I was telling a neighbour about it, and she told me to get a bottle of Dr. Wood's Norway Pine Syrup, and give it to him regularly. She then got to tell me how much good it did her children, so I got a bottle, and gave it to my little boy, and was so pleased with the result that I bought another one, and by the time he had finished it he had no cough. He is now fat and strong, and I would not be without a bottle in the house on any account."
 Whooping cough generally begins as a common cold, accompanied with coughing and a slight discharge from the nose. It is, as a rule, more of a child's trouble but also affects adults.
 Dr. Wood's Norway Pine Syrup is a sure preventive if taken in time, and is also a positive cure for any of the after effects.
 "Dr. Wood's" is put up in a yellow wrapper, three pine trees the trade mark; price 25 and 50 cents.
 Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

PIMPLES QUICKLY SCATTERED ON FACE

In Bad Condition. Pimples Large, Face Sore and Itchy. Looked Badly. Cuticura Soap and Ointment Cured in Two Weeks.

Stoney, Ontario.—"Some time ago my face was in a very bad condition with some pimples. The pimples were thickly scattered. The top of them were white; matter was in them. They were quite large and my face was sore and itchy and looked badly. I tried to scratch to be comfortable but that only made matters worse. I tried some ointments but didn't like them. Then I sent for some Cuticura Soap and Ointment, used them for two weeks and was completely cured." (Signed) Alex. R. Oke, April 2, 1912.

SCALY ECZEMA ON FACE

Clarkson, Ontario.—"My little girl, aged two years, started with a skin disease on her face, so I called in the doctor and he said it was eczema. The skin was itching and red and sore. I washed the parts well with the Cuticura Soap and then I put the Cuticura Ointment on. You ought to see her now—as fair as a lily!"
 "I suffered a great deal with piles, and had them very bad, and they bled and itched and I could hardly bear it. When I got the Cuticura Ointment I tried it. Now I'm entirely cured." (Signed) Mrs. Cyrus Ward, Jan. 1, 1912.

Mr. Dixon in Character Sketches

Mr. Dixon, who appears with the Chicago Glee Club at the second of the Lyceum course of concerts, December 9, presents all his character, imperfections in make-up. His types are taken from life—whole, drawn or exaggerated. His original sketch, illustrated with poems by James Whitcomb Riley and other original portraiture, are acknowledged to be among the very best bits of characterization on the platform.
 As to the Chicago Glee Club it has long been recognized that there is not a similar male quartet on the American continent to excel it.
 Lindsay people will remember that the first concert of this course was greeted with a full house and every person was delighted. Several course tickets have been sold since the first concert for the remaining three. The entire course is of the best. Course tickets may still be obtained from Mr. Forsyth by phone.

OBITUARY.

LATE MRS. WATTERS.
 The funeral of the late Mrs. Mark Watters was held Thursday from her late residence, Queen-st., and was attended by a number of friends and relatives, who followed the funeral procession to the grave, where the last sad rites were performed. The pall-bearers were the following gentlemen: Messrs. George Kent, Jos. Jock, Chas. Babcock, Capt. Wm. Fee, John Chambers and George Windrim. Rev. Canon Marsh conducted the service.

LATE MRS. BURROWS.

The funeral of the late Mrs. P. Palmer Burrows, who passed away at Ann Arbor, Mich., on Tuesday last, took place Friday from the residence of a brother of the deceased, Mr. Wm. Needler, Russell-st., and was attended by a number of Lindsay citizens.
 The deceased lady, who for a number of years resided in Lindsay, has since the death of her husband, Dr. Burrows, in July 1908, been residing with her only daughter, Miss Lottie Burrows at Ann Arbor. She was 69 years of age, and highly respected and esteemed by all who knew her.
 The deceased lady was born in Ormstown, Quebec. The late Mrs. Burrows leaves to mourn her loss two brothers, Wm. Needler, of Lindsay, and George Needler, of Millbrook; also one daughter, Miss Lottie, of Ann Arbor, Mich.

LATE JOHN COWIESON.

The death occurred in Orillia of a former resident of Lindsay, in the person of Mr. John Cowieson, whose funeral took place on Saturday from Cambrey G.T.R. station to Eden cemetery, where interment will take place.
 The deceased gentleman at one time resided with his daughter, Mrs. Steve Arnold, in Lindsay, and was well known to a number of citizens. He is also survived by another daughter, Mrs. Sam Wright, of Cambrey, and one son, Mr. John Cowieson, who lives near Islay, Ont.

Special Notice. BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 243 Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chance are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

G. C. ANDERSON, Superintendent.

Post Office Department, Mail Service Branch, Ottawa, 27th November, 1912.

OBITUARY

REV. WM. B. SECCOMBE.
 In the death of Rev. William B. Seccombe, which occurred on the day the deceased gentleman loved best of all the week—on Sunday—Lindsay has lost one of its most respected citizens; and the Methodist Church of the Bay of Quinte Conference one of its most prominent sons. Rev. Mr. Seccombe, who died in his 60th year, was one of Canada's foremost educationists in obeying the call of the Lord to go forth and spread the gospel abroad among His people, and at an early age followed the dictations of his heart and conscience, becoming a sky pilot on the bleak and rugged coast of Newfoundland, where he spent several years in missionary work among the sailors. The inspiration he gave to his sailor-going friends to cultivate better habits and live up to the high ideals of the men will never die. Shortly after he took up his studies in Sackville College in New Brunswick, and was ordained to the ministry in 1859. Since his ordination he worked incessantly and faithfully in the Master's work, doing excellent work in many conferences and circuits. Apparently his work was never done, but ill-health set in some three years ago, and the deceased gentleman was forced to retire from active preaching. Even after being placed on the superannuated list he was always found ready and willing to take his place in supplying pulpits, and acted as a supply at Cambridge-st. Methodist Church, Lindsay, and also to churches on the Dunsford circuit.

INTERESTING DEBATE

L.C.I. STUDENTS CHAMPION RECIPROcity AND WIN.
 A debate in 3-B form Friday afternoon on the subject, "Resolved that Canada would be benefited by annexation with United States," proved to be very interesting as well as beneficial along educational lines. The champions of reciprocity had worked faithfully in gathering information to aid their cause, and delved deeply into books dealing with the subject, consequently being allowed the decision. The two students championing the negative side acquitted themselves nobly and despite the eloquence and forensic language of their opponents put forth many able arguments showing why reciprocity with the United States would be detrimental to Canada. One of their strongest arguments was to the effect that the question had been thoroughly and satisfactorily dealt with by the populace of Canada and decided in a most emphatic manner; that the Canadian Government had been overthrown on the strength of the vote, and that the United States Government met a similar fate.
 Messrs. W. Sharpe and Roscoe Stewart championed the affirmative cause, while Messrs. Carl Nesbitt and E. Tolmie upheld the negative side.

Stevens, of Norland have returned from the chase of the fleet-footed tribe. They were very successful, but report game not as plentiful as in former years.
 The members of the Young Ladies' Walking Club took advantage of the beautiful sunny days of the past week, and on Wednesday last made a trip to Moore's Falls and back, a distance of fourteen miles. With visiting, photographing, lunching and sight-seeing the day ended far too soon, and they returned to Norland by moonlight a tired but happy bunch of girls.
 The quilting given by Mrs. Newson on Friday last was a decided success; so also was the dance in the evening.

I applied Putnam's Extractor and in a miraculously short time I was completely cured. I take great pleasure in recommending your valuable remedy to my friends." SPENT LARGE SUM.

The Ontario Government spent \$400,000 this year in building irrigation roads. W. Bennett, superintendent of construction, made a report to the Government yesterday, showing that nearly all of the appropriation of \$428,000 had been expended on roads in New Ontario, and a few of the northern sections of the undeveloped counties bordering on that part of the Province. The wet weather caused a set-back early in the season, but during the past few months great progress was made. In the case of about one-third of the roads the municipalities contributed one-half the cost of their construction.

SURE CURE FOR THURSH

Worst Cases Yield To Douglas' Egyptian Liniment
 Mr. J. L. Boyes, secretary of the Napanee Driving Park Association has had a good deal of experience with thrush on horses' feet, and has tried various remedies. He writes:—"I have cured bad cases of thrush on horses with Douglas' Egyptian Liniment with two or three applications, after calomel, salt, coal oil, etc., had completely failed to do the work. I consider it a waste of time to use anything but Douglas' Egyptian Liniment for thrush."
 Such an emphatic statement from an experienced horseman speaks volumes for Douglas' Egyptian Liniment. Another man who has found it most effective is Mr. John Garrison, Norval, Ont. He says:—"One of my horses had thrush so bad that his feet became offensive, and the neighbours advised me to shoot him. Before doing so I decided to try Douglas' Egyptian Liniment, and in a short time my horse's feet were as sound as ever." Twenty-five cents at all Druggists. Free sample on request. Douglas' Co., Napanee, Ont.

JUDGE SMITH DEAD.

Buffalo, E.Y., Nov. 27.—Frank G. Smith, veteran trainer-owner of light harness race horses, is dead here, following an operation for cancer. Born at Orchard Park in 1855, Smith had acted as starter at practically every track in the United States and Canada, and for many years was the official starter of the Canadian ice racing circuit. He was a regular contributor to light harness horse journals under the name of "Judge" Smith.
 Mr. Smith was official starter at every meet the Lindsay Racing Association offered and was well known here. He will be missed by every lover of the horse racing fraternity, but his memory will live and he will be thought of as one of the most honorable horsemen that ever graced a race-track.
