HOOKED IN THE UDDER.

But Douglas' Egyptian Liniment Saved the Injured Quarter.

When one of your animals is so badly hurt that there seems little or no chance of healing the wound then is the time to use Douglas' Egyptian Liniment.

Mr. G. P. Ashbocker, of Evans Mills,
N.Y., says:—" While driving cows to pasture one of them was hooked in the udder, the horn penetrating so far that the milk ran out in a stream. Every one I talked with, said there was no chance of saving the injured quarter. But I decided to try Egyptian Liniment. Isyringed this Liniment into the wounded udder and after three applications, she lost no more milk, and the wound healed so nicely that it is almost impossible to find the scar. I believe there is nothing equal to Douglas' Egyptian Liniment for cuts or sores of any kind." Be wise-Keep Douglas' Egyptian iniment on the premises. 25c. at all Dealers. Free sample on equest.
