J. W. WAKELY

Industrial Commision to Continue in Power--A Bigger Lindsay in the Making

The members of the Industrial Commission subscribers to the industrial fund and citizens, met in the council chamber last week to consider the advisability of continuing on in the good work which has been in progress during the past year or else disbanding.

Mr. J. D. Flavelle occupied the chair and in a few words explained the subject of the meeting, which was for the above purpose stated.

The report of the commission was presented by Barrister T. Stinson, which showed a substantial surplus.

Mr. Flavelle continued by saying the town is in a position to assist the commission, and according to the statutes could advance $500 in favor of the movement. "If we have been a benefit at all we are an asset to the whole town. The Seymour Power Co. have paid very liberally towards the Industrial Commission and the individuals with the exception of three, two of whom died, kept up their monthly payments. The town has never contributed one cent towards the project. Mr. Rudkins has received $1,500 for nine months' services in the commission's employ."

The commission were often compelled to remain silent and reticent on the work in progress lest outside towns might undermine them in getting industries, which were in sight, and chased up by Mr. Rudkins. "We have negotiations pending at the present time, which, if carried into effect, will mean a large return to the citizens of Lindsay. $500 per month was collected each month from the subscribers."

Mr. John Carew, on arising, said: "I know so as arising, said: Mr. Rudkins has now negotiations on hand and for that reason the commissioner could not consistently permit him to leave until such were carried out or it was expressed by the parties interested the desirability of disbanding or continuing. I feel that we should retain his services, which I consider invaluable until that which we have in view is landed. Mr. Rudkins is a good man for the position and we cannot improve upon him. The town can legally put up $500, so the people can easily put up the balance. This is a benefit to the whole town and all should assist and all are satisfied at the work done. The securing of two valuable industries in the short space of time the commissioner has been working, speaks volumes. My idea is to put up the money and get the industries."

Mr. Carew foreshadowed a great future in store for Lindsay and the possibility of a great industry being landed in the near future.

Mr. Allen Gillies reviewed the work of the Industrial Commission since its first inception and said it was the desire of all right-thinking citizens that the board as formed should continue. "I am voicing the sentiment expressed on all sides and the general feeling of business, professional and working men. The commissioners traveled under adversity for a time, but through their endeavors and business tact brushed away the clouds which surrounded the business horizon, so that now the course is clear and the opportunities many to secure, two or more industries at the present time. Having made good under their previous existing circumstances there is not the slightest doubt that success will crown this undertaking, and I will assist as in the past to promote its welfare and to help in making it good. In the town giving $500 as support it is receiving that amount of benefit in advertising alone. By all means continue in the good work which has been started."

Mr. W. H. Sparling felt strongly in favor of the Industrial Commission and was pleased at last year's work as done. He was more interested this year and suggested getting more subscribers.

Mayor Dr. Wood spoke highly of the work done and said the town council should assist the body. Mr. Rudkins had made good and it is possible to increase the subscription list.

Mr. Gillies favored the continuance of the commission and the continuance in office of the past members.

Mr. C. H. Barr spoke in glowing terms of the work of the commissioners and said it was wonderful what they had done during the past year. They had an immensity of work to perform and they did it. Two or more industries will place Lindsay in a forward position with other towns in Ontario and gave much credit to the work done by Mr. T. Stinson, who was indefatigable in his endeavors to promote the welfare of the industrial body. He should be elected for mayor and given a three-year term, said the speaker.

Mr. Barr moved, seconded by Mr. F. C. Taylor, that the previous members be elected to office for the year 1913.—Carried.

Moved by J. Boxall, seconded by J. O'Reilly, that Mr. J. D. Flavelle be appointed chairman for the coming year.

On motion of O'Reilly and N. Smale, Mr. John Carew was elected vice-chairman.

Mr. Flavelle referred to the work of Mr. Wm. Galbraith and his efficient services rendered. He is an exceedingly good man said the speaker and we owe much to his untiring efforts in receiving prompt returns from our subscribers. Mr. Galbraith will be asked to continue in the good work he has been doing, which met with the approval of the citizens interested.

Mr. Geo. Beall, F. C. Taylor and many other prominent citizens expressed themselves as in sympathy with the movement and would assist it in a financial way at all times.

Former Lindsay Boy Writes About Thriving Western Town

A few days ago The Warder received a very interesting letter from Mr. "Dick" Gray, formerly of The Warder staff, but now holding a responsible position with the Galvin-Walston Lumber Co., Ltd., with headquarters at Blain Lake, Sask. In the course of the letter Mr. Gray mentions several matters which will no doubt interest his many Lindsay friends. In part he states:

"It is hard for one to believe that I have been in Blain Lake over a year. It was on the 4th of September, 1911, that I opened up here and since then there have been a great many changes. I was the third person to start in Blain Lake, there being a store and a small shack owned by a livery man here before me. Now, we have three elevators, four implement warehouses, three general stores, a hardware, a general store and a pool-room, two drug stores, two pool-rooms, two lumber yards, a grist mill, three boarding houses, two livery barns, a real estate office, butcher shop and a number of private houses, besides a nice new station. The streets are well built up and sidewalks pass every front door. One who had seen the place one year ago would not know it now, were he to see it for the second time to-day. The Methodists are planning a commodious building for church service. A store 28 x 80 feet, two stores with cement basement, is being constructed for Lyons Bros., who own a similar store in Edmonton.

"My business has been very brisk during the past few months. Farmers were building bins for their wheat. They don't as a rule build one large grainery and draw their wheat from the machine to it. Instead they build temporary structures on different parts of their farm and turn the spout of the machine into one until it is full and then move to the next one. Many of the large farm owners who live near town haul their crop directly from the machine to the elevator, where they sell it or load it into cars for shipping.

"I acted as manager of the Blain Lake ball team this summer, and the season has been a very successful one. We played games with Prince Albert, Shellbrook, Laird and all the burgs in the near vicinity. We had a record of twelve wins and three losses. Prince Albert won from us twice and Laird once. However, we had the satisfaction of defeating Prince Albert twice, one game being a shut out. I did service in the box for the Prince Albert team occasionally, and at one time had thought of accepting their offer to remain in the city and play for them. In our own team I performed mostly behind the bat as we were in bad need of a catcher. Our suits were navy blue and white and for a town of its size Blain Lake was always in the running.

"On my way from Saskatoon to Prince Albert recently I met Mr. W. Mullen and we had a nice little chat about old Lindsay. A few days prior to that I met Mr. Elton Prouse, of Oakwood, an old L.C.I. boy, who is traveling for a jewelry firm, with headquarters in Winnipeg.

"We have two very pretty lakes near town, but boats are as yet very scarce. Next summer will no doubt see cottages built on the shores and a few boats on the water. This is an ideal spot for hunting—lots of geese, ducks and prairie chickens with a few partridge.

"The railroad is being rapidly built from here to the main line near North Battleford. It is expected that trains will run via this line from Prince Albert to Edmonton this winter. Mr. J. McKenzie, formerly of Kirkfield, has been working at the grade all summer, he having contracted for a large part of the grade."

Suffered With A Lame Back

COULD NOT STRAIGHTEN UP.

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Heed the warning, cure the back and dispose of any chances of serious kidney trouble following.

Mr. C. Grace, Hamilton, Ont., writes:—"I was suffering with a lame back, and for two weeks was not able to straighten up to walk, and hardly able to sit down for the pains in my back, hips, and legs I had used different kinds of pills, plasters, liniments and medicines, without any relief. One day I read about Doan's Kidney Pills and decided to try them. Before I had half a box used I felt a great deal better, and by the time I had used two boxes, I was cured. I have no hesitation in recommending Doan's Kidney Pills."

Price, 50 cents per box or 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

When ordering specify "Doan's."

ANOTHER BIG SALE

FANNING'S SALE SATURDAY WAS BIG SUCCESS.

Another largely attended and successful sale was held at the repository of W. A. Fanning, William-st., on Saturday last. A noticeable feature of the great sale was the number of out-of-town buyers who took advantage of the opportunity to purchase the number they required from the herds which were offered. It was the unanimous decision of expert stockmen that seldom so many fine cattle were offered for sale at one time in the county. They were a bunch of good ones, and the stockmen responded to Mr. Fanning's endeavors to supply their wants with a good class of feeders.

Amongst the many buyers were the following:

Messrs. E. Evans, Yelverton; J. Fell, Fenelon; H. Whetter, Mariposa; E. Whetter, Mariposa; S. McLean, Gleharm; Wm. Weldon, cattle-buyer, Cambray; W. Graham, Linden Valley; Mr. Sluggett, Linden Valley; Chas. Keeler, Manilla; J. Keeler, Sunderland; John Ward, Lorneville; J. Thomas, Woodville; J. Douglas, Argyle; J. W. Kearns, Brunswick; Sam Fee, Omemee; J. Dames, Oakwood; E. Hoey, Cameron.

Farm for Sale by Tender

The undersigned will receive tenders for the purchase of the North Half of the North Half of Lot Number Twenty-one, in the Second Concession of Mariposa, 50 acres more or less, up to MONDAY, 9th DECEMBER, 1912, at noon.
