

LAST CALL!

Do you know when you are offered a bargain; or when you can get a bargain. Don't be foolish to think like some people that we can sell cheaper than the rest. We don't sell any cheaper, but in this great sale we have got to do it. We must sell in a few days our big stock of

Clothing and Furnishings at ANY PRICE

If not, we will have to pack them up. Our clothing is better than is claimed by most stores. We handle the STYLE CRAFT CLOTHING which the largest stores in Toronto and elsewhere keep in their show cases to sell to their high-class trade. We are offering the Style Craft Clothing at a very low rate—far less than we will for it ourselves. REMEMBER—in a few days we will have these goods packed up, and you will look a long time for an opportunity such as this.

Bohnen & Brill are the only people in town who handle the Style-Craft Clothing; and every person that buys a suit made by this firm, will not wear any other make of garment afterwards. We can not quote prices here as our space is limited.

The Christmas trade is now on and all the things you will require for gifts, you can buy here. For every 25c worth you'll only have to pay about 14c or 15c.

Remember this is the last call and you can blame yourself if you do not share in any of these bargains that we offer.

Kirkfield Residents Moving to Uxbridge

Kirkfield, Dec. 10.—On Monday evening of last week Mr. and Mrs. A. E. Smith were completely taken by surprise, when a large number of their friends from the village and surrounding country took possession of their home to tender them farewell before leaving for their new home in Uxbridge. A very pleasant evening was spent in cards and dancing, after which daily refreshments were served. The many friends regret their departure from town. Mr. and Mrs. Smith have lived here for the past twenty-five years. Mr. Smith has carried on a first-class saddlery business during that time and will be greatly missed. Miss Edna Smith will be greatly missed by her young friends as she always took an active part in the church and social work of the town. We extend to them our best wishes for success and prosperity in their new home and a welcome back at any time.

Mrs. Turner and son Morris visited in Lindsay last week. Mr. Ford was in Cannington a day last week to see his father, who has been ill.

Mr. Clarence MacKay, who has been assistant operator at Omemece, spent Sunday at his home here, before going to Peterboro as night operator.

Miss Stoddard, of Lorneville, visited Miss Mae McInnis for the week end.

H. D. McInnis was in Toronto last Tuesday.

The funeral of the late Mrs. Alexander Robinson was held on Thursday.

BOXALL & MATTHIE

Is There a Coal Famine?

A rather remarkable condition exists just now in Montreal. Recently the coal dealers in the metropolis made the calm announcement that they had in stock fifty tons of stove coal, while ordinarily at this time of the year 250,000 tons are on hand. With chilly nights coming due, such a statement will well cause a mild sensation. Of course there is an explanation. The trouble is the labor unrest. Recently there was a gigantic coal strike in Great Britain. Coal intended for the Canadian market was shipped across the Atlantic to help lower the Pennsylvania strike, throwing dealers in the Dominion away behind in their orders. With a big demand for coal, and no ready supply, naturally prices have advanced. This is a further complication in the matter which may be responsible for furrows in the brow of Mr. Consumer this fall.

In Montreal, loose stove coal is \$7.75 a ton, and all the time going up; loose egg is the same; and chestnut twenty-five cents more.

TO FARMERS

The farmers who are subscribers for The Weekly Sun, Toronto, have reason to congratulate themselves on the enlargement and improvement to their paper. These improvements have only been possible by the support given the paper by its readers. They are amply rewarded by the knowledge that in the Sun they have a paper that voices their opinions without fear or favor. The Sun should be in every Ontario farm home; it's a duty the farmer owes to himself and his business.

Miss Leota Trumble, Taylor's Corners, is taking a course in the Lindsay Business College.

There is apt to be one or more of your friends who would be only too glad to write your obituary.

From Field To Sack

Every step in the making of "Bakers Queen" Flour is carefully guarded. From the time the wheat enters the mill, until it is needed for use, this flour is not touched by human hands. This makes it essentially a clear flour—a flour whose wholesomeness is assured and one that will prove its own splendid baking qualities. At all grocers.
