EDUCATIONAL WORK

With a view to inculcating in the
 minds of our children a love for trees
 it is our objective to have a small de-
 monstrator woodlot in connection with
 each rural school. This of course is
 only practicable where land can be

secured at a reasonable price.
 The County Council has agreed to
 pay one half the cost of additional
 land. Several townships have agreed
 to pay one quarter the cost and a gov-
 ernment grant of \$25 is available on
 recommendation of the school inspec-
 tor, for additional grounds.

The Norfolk Chamber of Commerce
 has offered a prize of \$5 in each
 Township for Schools entering in 1936
 for the best planted and cared for
 plantation. A similar prize will be
 given the same entrants in 1937. Also
 a grand prize of \$25 for the best
 planted and cared for plantation in the
 County at the end of 1937 Judging
 will take into consideration the size
 variety of tree
 of plantation, method of planting, var-

Experience Counts

In our usual Daily Exami-
 nations we are pleased to of-
 fer you years of experience in
 guarding human sight and a
 real thorough eye examination
 not obtainable elsewhere.

We correct all these trou-
 bles with our most accurate
 wide-angle lens and in most
 cases use the new shade of
 Soft-Lite Lenses to reduce
 glare and give comfort and
 increased vision. We use the
 finest mountings in white gold
 and pink gold and all at very
 moderate prices.

CANADA PAINT

The Paint for Appearance
 and Protection
CANADA PAINT
 (Canada's Favorite)

Whatever motive influences your paint buying—whether
 you paint for appearance or to "save the surface"—you
 will find CANADA PAINT to be really "the paint of
 merit," and the most satisfactory from every point of view.

With "Elephant Brand" White Lead as the pigment
 basis, the quality of Canada Paint is absolutely assured.
 Easy spreading under the brush, it is far more durable
 and will cover more space than the so-called cheap paints.

The Quantity Required
 To estimate the amount of CANADA PAINT required,
 add the number of feet in width of front and rear to num-
 ber of feet in length of building (both sides), multiply
 by the average height and divide by 425 for two coats.

We carry a complete stock of Canada Paint and other C.P. Products, in-
 cluding the famous SUN VARNISHES. It will be a pleasure to assist
 you with color cards and detailed information concerning the particular job
 you have in view.

**BATHE IN LAKE
 AT STURGEON FALLS**

YOUNG ARMENIAN ONLY
 CONTENT WHEN SPLASHING IN
 ICY WATERS

Thy call him the human seal.
 Krikor Hokimian a 23 year old
 man who was born in the warm cli-
 mate of Armenia, but who revels
 in the snow and cold and swims in
 a channel cut through the ice of any
 lake or stream is in North Bay today.
 Hokimian will go to Sturgeon Falls
 Saturday afternoon, where Lake Nip-
 issing is open, and will try the water
 on his arrival there. He stated he
 would return to North Bay next week
 and take daily dips near the wharf.

He may even walk down from his
 hotel to the wharf clad only in bath-
 ing trunks bare feet no blanket. "If
 there wasn't a law I wouldn't wear
 this suit," he boasted smilingly. Hok-
 imian wears no overcoat, no hat.
 Swam Superior

Krikor swam in Lake Superior be-
 fore 10,000 people from Port Arthur
 and Port William. He went there
 to see if Lake Superior was colder
 than Lake Ontario and claims the lat-
 ter body is more frigid.

He has dipped at many Northern
 Ontario points, including Kenora
 Fort Frances and Chapleau. He
 charges nothing for his exhibitions, I
 just do it for fun."

Hokimian offers \$25 to anyone who
 will swim with him in Lake Nip-
 issing next week.

In summer he simply has to have
 water so he works as a life guard
 Already he has saved 19 lives. A
 likeable youth, Hokimian has been in
 Canada 9 years and started his cold
 water dunking soon after he came to
 this country.

LEFT-OVER MEATS

As an after-math of the festive
 season, the housewife is often faced
 with left-overs of meat and poultry.
 These left-over need not be wasted
 as they can be made into a great
 variety of dishes with the expenditure
 of little time and trouble. Bones from
 roasts and steaks should be utilized
 in making soup and stock. Surplus
 gravy and the liquid from stews may
 also be used for soups. A few of the
 uses may be made of left-overs are—
 Croquettes

Any kind of ground beef or poultry
 one part mashed potato or rice and
 egg mixed with gravy, stock or white
 sauce, and fried in deep fat.

Two parts of any kind of ground
 beef and one part of mashed or chop-
 ped potatoes.
 Stew

Cold roast beef, steak, et cetera,
 may be used in stews instead of fresh
 meat. Or the left-over may be cubed
 and reheated in gravy or white sauce

Beef Pie
 With stew as a basis, put in baking
 dish and cover with baking powder
 biscuits, cut about one inch in diam-
 eter.

Mixed Beef on Toast
 Chop cold beef, heat in gravy and
 serve on toast.

Escalloped Beef
 Cut beef in cubes, mix with gravy
 and place in baking dish with alter-
 nate layers of boiled rice or dressing
 cover with bread crumbs and brown
 Shepherd's Pie

Same as for beef pie, except that
 cover is of mashed potatoes.

Jellied Meat
 Cold roast steak, tongue, or tripe,
 cut in cubes and added to a highly
 flavored gelatin stock, Mould, cool
 and slice.

Beef Sandwiches
 Finley-ground cold beef, seasoned
 and mixed with salad dressing and
 Worcestershire sauce.

the Dominion has no jurisdiction un-
 der the Canadian Constitution.

The Ottawa legal opinion was
 sought in connection with the observa-
 tion of Controller Ralph Day of To-
 ronto that the Ontario Government's
 plan was "a plain steal." Controller
 Day was reported to have discussed
 with the City Solicitor the possibility
 of Toronto severing its association
 with the Province and operating under
 a Federal charter.

**OBJECT LESSON IN POULTRY
 MARKETING**

Most people know pretty well by
 now why a chicken crosses the street.
 How many know why a chicken enters
 a town Hall Ask the folks of Bourget
 Ontario whose community hall open-
 ed its doors to several thousand
 poultry recently. No use in asking
 the poultry! they, unhappily, attain
 their glory only in death.

It was the annual marketing day
 for the Bourget Poultry Pool. Nature
 had tempered the wind to the plucked
 chicken and the farmers had a clear
 calm December day for their trip to
 town. Before the Pool was organized
 each farmer had to sell his own poultry
 as best he could, without knowl-
 edge of the market and without pack-
 ing facilities. He did not even know
 how his assortment would grade out
 commercially. Under the Pool every
 bird is graded, the whole output is
 uniformly packed and, by shipping
 en masse, the lowest freight rates are
 secured. Moreover, the selling is done
 through a Montreal agent who is con-
 versant with the need of the buyers
 and is able to distribute the various
 weights and grades to the best ad-
 vantage.

Apparently the only grievance the
 consumer could have about the Pool
 is that for once he had no grievance
 Not only does the mass marketing
 bring a reduction in the middleman
 and distribution charges but the qual-
 ity of the pack is improved. The
 Dominion department of Agriculture
 working through the Pool organiza-
 tion, teaches the farmers how to rear
 their birds for quality and how to
 kill and pluck them. Moreover, when
 the farmer lines up his birds on the
 receiving counter besides those of his
 neighbor he doesn't want them to
 look as though they had led under-
 privileged lives. There is much com-
 paring of grading slips and proud is
 the man who can show nothing but
 grade A's.

Fifteen tons of poultry were graded
 weighed and packed in the Bourget
 town hall in that one day. Credit for
 the accomplishment goes to the Pool
 Manager, Antoine Lalonde and to the
 five members of the Poultry Division
 of the Dominion Department of Agri-
 culture, led by J. F. Hagarty, who did
 the grading and supervised the whole
 operation. In the course of its transit

**NEED NOT SHARE

FEDERAL INTERFERENCE WITH
 ONTARIO SEEN UNLIKELY

The dominion parliament is unlikely
 to frustrate the Ontario Government
 plan to retain for itself all provincial
 income tax collections instead of
 sharing them with the 935 municipal-
 ities of the province, it was learned
 tonight from a high authority.

It was pointed out that nearly all
 municipal powers are derived from
 the Legislature of the Province and
